fundamentalist Islamic preaching and mosque building have allowed radical Islamic groups to fill in the cracks between internal ethnic and religious schisms and take root in key areas of the Balkans. With all eyes currently focused on the widening conflict in the Middle East and the terrorist threat coming from the region, the West is in danger of overlooking a potent new battleground in the greater war on terror: the Balkans. This historically volatile region saw some of the worst violence of the late 20th century in the Yugoslav Wars of Secession. During these conflicts, stunningly shortsighted and politically motivated policies of the United States and its allies directly allowed Islamic mujahedin and terrorist-related entities to establish a foothold in the region, just as with the progenitors of the Taliban a decade earlier in Afghanistan. Although the 9/11 attacks caused a partial reassessment of Western policy, it may already be too late for a region still largely ignored. The proliferation of foreign fundamentalist groups has had a cancerous effect on traditional Balkan Islamic communities, challenging their legitimacy in unprecedented and often violent ways. Well-funded groups like the Saudi-backed Wahabbis continue to exploit internal schisms within local communities, while the international administrations in Bosnia and Kosovo have actually strengthened the grip of local mafia groups, business partners of terrorists. Worst of all, the Western peacekeepers' chronic don't-rock-the-boat mentality has allowed extremist groups to operate unchallenged. Nevertheless, regional demographic and cultural trends coinciding with an increasingly hostile attitude in the larger Muslim world over Western military actions and perceived symbolic provocations indicate that the lawless Balkans will become increasingly valuable as a strategic base for Islamic radicals over the next two decades. Utilizing the post-al-Qaeda tactics of a decentralized jihad carried out through small independent cells, leaderless resistance while seeking to fundamentally and violently remold Muslim societies, such Balkan-based extremists pose a unique and tangible threat to Western security.

The Coming Oil Storm Ron Rhodes, 2010-07-01 Ron Rhodes, a leading scholar on biblical prophecy, reveals how looming tensions over oil factor into end-time global alignments and how they may lead to a dramatic shift in the balance of power in the world. Much of the world's oil is in the custody of unstable and sometimes hostile regimes. Nations around the world are positioning themselves to protect their shrinking piece of the pie of dwindling oil reserves. Global tensions continue to rise. In *The Coming Oil Storm*, Rhodes documents the role of Islam as the religion in control of most of the world's oil reserves and shows convincingly that once Muslims are in possession of the two swords of oil and nuclear weapons, they will feel empowered to act as they wish. Oil could even play a role in the path to Armageddon. *The Coming Oil Storm* is an essential guide for understanding the state of the world today and what's yet to come. [Europe, Globalization, and the Coming of the Universal Caliphate](#) Bat Ye'or, 2011-09-16 *Europe, Globalization, and the Coming Universal Caliphate* analyzes the modern political trends and strategies that are leading to major changes in Western civilization. America included since the OIC strategy targets America also. Learning from the European experience is crucial for Americans. Moreover, this evolution is inscribed in the historical movement of Islamic theology and expansionism. It is not fortuitous but it has its own theological

and political structure that must be known in the West if we wish to live in a peaceful world

The Expansion of Islam
 William Wilson Cash, 1928 *A Concise History of the Muslim World* Rafi Ahmad Fidai, 2022-05-14
 No historian can deny the fact that Islam has bestowed upon mankind lots of virtues Before Islam man would be afraid of every strange unique or powerful thing and would bow down before that but Islam dispelled all such notions It taught and convinced man that he is the best of all creatures so he need to be submissive to anyone except his Creator It was this concept that created in man s mind self confidence and self respect Man remained no longer afraid of nature but determined to conquer the forces of nature Islam changed not only the religious and spiritual attitude of man but in fact it changed the whole pattern of human life It brought basic changes in human thought philosophy culture and civilization It showed the social and economic justice It made no difference between man and man black and white have and have notes It declared that all men are equal and there should be no injustice to anyone but justice to all Here we have no space enough to describe all the virtues Islam bestowed on mankind but in short it can be claimed that no other religion faith of ideology could grant human beings as many virtues as Islam did This is not merely a hollow claim but history bears witness to it History speaks well and offers a vivid picture of what Islam gave to the world during its fourteen hundred years It also shows how Islam treated the world and how the world treated it So those who are interested in human history and who want to know facts about man s journey from Adam as to this day must study unbiased Islamic history This book is an effort in that direction Although concise but it describes at least all the main events of Islamic history just from its advent upto date This book is the first volume of the work that is extended to three volumes This volume starts from the advent of Islam and ends with the Pious Caliphs Table of Contents Chapter 1 The World at the advent of Islam Chapter 2 Muhammad The Last Prophet Meccan Life Chapter 3 Muhammad The Last Prophet Madinite Life Chapter 4 The perpetual teachings Pillars of Islam The ideal Islamic state of madina Chapter 5 Abu bakr Siddiq Ra The first Caliph Chapter 6 Umar Ibn al Khattab Ra The second Caliph Chapter 7 Hazrat Usman Bin Affan Ra The third Caliph Chapter 8 Hazrat Ali Bin Abi Talib Ra The Fourth Caliph Chapter 9 Hazrat Hasan bin Ali Ra Chapter 10 The significance of the Pious Caliphate
