Sir George Trevelyan And The New Spiritual Awakening:

Sir George Trevelyan and the New Spiritual Awakening Frances Farrer, 2002 The first biography of Sir George Trevelyan felt by many to be the grandfather of the movement for spiritual regeneration in Britain Sir George Trevelyan espoused alternative values long before the phrase became as popular as it is today After hearing a lecture by a pupil of Rudolf Steiner Trevelyan declared The agnosticism of thirty six years faded like morning mist The spiritual worldview was clear to me in its glory and wonder During his lifetime he explored beliefs in angels the calming effects of crystals and the power of ley lines alongside organic farming and communal living In 1971 he set up the Wrekin Trust to promote spiritual education and knowledge and in 1982 he was awarded the Right Livelihood Award the alternative Nobel Prize for his contribution towards healing the planet He inspired and encouraged the emerging synthesis between science and spirituality putting his faith for the future of society in the transforming power of spiritual awakening He taught extensively inspiring communities universities and spiritual groups worldwide He died in 1996 at the age of ninety Sir George Trevelyan, Residential Adult Education and the New Age Sharon Clancy, 2023-11-29 This book examines the development of British post Second World War short term residential adult education through the lens of the Shropshire Adult Education College 1948 1976 and the tenure of Sir George Trevelyan as its first warden Trevelyan is acknowledged as the godfather of new age spiritualism in the UK and is credited with the development of eclectic and esoteric learning opportunities in arts traditional crafts culture and ecology Embodying the spirit of a new national drive for optimism and enterprise in the post war period Trevelyan and his contemporaries at other colleges took risks and innovated in new pedagogical approaches to adult education capturing the imagination of hundreds of students before being stifled by an increasingly restrictive policy framework and financial strictures The book considers the ideological drivers and tensions behind this unique form of education its inception evolution and virtual demise and seeks to learn from its complex history to inform education in the future **Encyclopedia of New Religious Movements** Peter Clarke, 2004-03 An essential companion to both research and scholarship upon which undergraduates postgraduates lecturers and researchers can all be expected to draw The Psychic's Handbook Julie Soskin, 2012-01-01 Once the seer the priestess and the sage were revered by their community Their roles were considered sacred the practising of an art requiring training and experience like any other art All these individuals tuned into their psycho spiritual powers on our behalf But each of us has always had the ability to draw upon these powers directly inside ourselves This book shows us not only how to exploit our psycho spiritual potential it also shows us how to navigate the different realms of inner experience that are our birthright Psycho spiritual powers can take time and expertise to discern especially for the novice How do we know what we are dealing with Does the information made available to us derive from the subtle energies around the body or does it come from some discarnate being Or perhaps from an alter ego the personification of hopes and fears from aspects of our projected selves This book is drawn from research and first

hand experience from thousands of consultations and teaching sessions over many years In addition the author at the end of each chapter uses anecdotes to illustrate and enlighten the reader and these are sometimes humorous sometimes sad sometimes philosophical and always true Well implemented psychic and intuitive guidance can help to move the individual towards wholeness a new dawn based on working with the heart and the energy of unconditional love This in turn radiates out to affect the whole of our society Psycho spiritual powers enlarge our lives beyond measure Julie is preparing those who choose to raise their consciousness and see beyond the immediate The late Eileen Caddy author and co founder of the Findhorn Foundation Arthurian Literature XXXI Elizabeth Archibald,David F. Johnson,2014-11-20 Arthurian Literature has established its position as the home for a great diversity of new research into Arthurian matters It delivers fascinating material across genres periods and theoretical issues TIMES LITERARY SUPPLEMENT **A Very British Family** Laura Trevelyan,2012-11-10 It is a rule that no Trevelyan ever sucks up either to the press or the chiefs or the right people The world has given us money enough to enable us to do what we think is right We thank it for that and ask no more of it but to be allowed to serve it G M Trevelyan The Trevelyans are unique in British social and political history a family which for several generations dedicated themselves to the service and chronicling of their country Often eccentric priggish high minded and utterly self regarding they have nonetheless left their mark on our past This engaging history dispassionately explores the lives and achievements of this unique family and the part they played in shaping the history of Great Britain From their inauspicious beginnings in a small dwelling in Cornwall to the present day some Trevelyans have been famous and distinguished others less so but for a hundred years from the mid nineteenth to the mid twentieth century family members from Lord Macaulay to G M Trevelyan contributed to both the writing and the making of history This book is primarily the tale of the five men who flourished during this period Charles Edward George Otto Charles Philips George Macaulay and Humphry Trevelyan and the clever and formidable women they married Including many vivid portraits of the most influential members of this remarkable family The Trevelyans casts light on the period of enormous social and cultural change in which they lived and examines why they chose not to simply exploit their position as landed gentry but instead to take their place at the centre of scholarship and politics Eco-Alchemy Dan McKanan,2018 For nearly a century the worldwide anthroposophical movement has been a catalyst for environmental activism helping to bring to life many modern ecological practices such as organic farming community supported agriculture and green banking Yet the spiritual practice of anthroposophy remains unknown to most environmentalists A historical and ethnographic study of the environmental movement Eco Alchemy uncovers for the first time the profound influences of anthroposophy and its founder Rudolf Steiner whose holistic worldview rooted in esoteric spirituality inspired the movement Dan McKanan shows that environmentalism is itself a complex ecosystem and that it would not be as diverse or transformative without the contributions of anthroposophy F.M.: The Life Of Frederick Matthias Alexander Michael Bloch,2011-12-15 The Alexander Technique is a method of

muscular re education which has become standard training for actors dancers and singers and is practised for health reasons all over the world Its founder Frederick Matthias Alexander 1869 1955 was an Australian actor who stumbled upon it in the 1890s after studying himself in mirrors to discover why he had lost his voice He realised that most people suffered from the same postural defects he had noticed in himself and that this explained much of what went wrong with them F M as he was known came to London in 1904 and became enormously successful During the First World War he practised in America with equal success converting the American philosopher John Dewey to his cause He wrote four books all still in print and his supporters included Aldous Huxley George Bernard Shaw and Stafford Cripps He was however a difficult and argumentative man who made enemies Towards the end of his life he embarked on a libel action against the South African government which had accused him of charlatanism He won and went on practising and propagating his technique until his death aged 86

Beddington-Behrens, 2013-08-01 I invite you to come on a journey with me into one of the most important yet often most neglected dimension of yourself namely your heart I want to help you discover as I have slowly been discovering that our hearts not only hold the key to our being able to live a fuller and more meaningful life but also to our being able to play a part in helping heal our planet The change needed is a shift out of our primarily head focus into becoming increasingly heart centred where we are connected to our hearts and are potentially capable of moving mountains We are only going to be good activists if we have plenty of heart in our lives if we are big hearted with a well activated Heart A culture of Heart is vital if we are to heal the many wounds and splits that exist between different classes religions tribes and nations The book has been written from a place of great hope and joy based on knowledge that our world is changing and that the planetary heart is at last awakening **London City of Revelation** C.E. Street, 2010-05-24 Paperback re print of Earthstars The Visionary Landscape London s Sacred sites are not scattered about the capital at random Many form a recognisable pattern of sacred geometry a vast temple groundplan identical to the design used to lay out Stonehenge s megaliths over 3 500 years ago Astonishingly it also relates to the measures and proportions of the New Jerusalem The City of Revelation If the conclusions

drawn by the author are correct this pattern is a circuit diagram of the forces of creation and a new evolutionary impulse is coming through our sacred sites a transformatory influence which will change the way we perceive the world *Kurt Hahn* Nick Veevers,Pete Allison,2011-10-29 Kurt Hahn had a huge influence on the fields of outdoor and experiential learning adventure education and not least badge schemes Gordonstoun Moray and County Badges and Duke of Edinburgh Award throughout the world This book provides a detailed historical account centred on Hahn and the movement which surrounded him of the early development of adventure education up to 1944 This includes an examination of themes present throughout Hahn s educational endeavours It looks at Hahn s founding of Salem School Germany in 1920 and then Gordonstoun School Scotland in 1934 At both of these fee paying schools activities such as sailing and hill walking often through expeditions lasting more than one day played a prominent role in the education of the students At Gordonstoun Hahn expanded his educational ventures through the use of badge schemes to include young people from the surrounding district who were not students at his school Hahn expanded his badge schemes firstly across the county in which Gordonstoun was situated Morayshire and then across Britain The Outward Bound Sea School was founded by Hahn and Lawrence Holt a ship owner at Aberdovey Wales in October 1941 It was a training centre where students could go for four week courses and it followed the badge scheme syllabus During this period Hahn s educational vision was one of those that influenced the Norwood Report and consequently the 1944 Education Act in terms of outdoor activities This act provided the framework within which Outdoor Centres were set up by Local Education Authorities in the UK This book looks at the various contexts which came together through Hahn and which help the reader understand his actions German educational practice Hahn s and Prince Max s owner of Salem School experiences of the First World War and its aftermath and the need to educate people to speak out and act upon their convictions Hahn s and Prince Max s inclusive agenda British educational practice the Second World War and Hahn s expansionist aims Kurt Hahn was one of the field s greatest advocates and this book provides a detailed historical examination of his work and brings light to the complex tapestry of events which led to the rise and development of adventure education [Pathways and Parables for a Changing World](#) Miriandra Rota,2005-09-29 Here we are We know this is a powerful time we have successfully birthed ourselves to be present during the grand awakening We can feel it the call to powerful living What makes some solutions for powerful living easy to grasp whereas others seem slippery and elusive Maybe the slippery and elusive solutions are so different that they feel like a foreign language one we haven t yet learned to speak Maybe the elusive solutions are poking at the conclusions we ve spent our entire lives developing This book is about practical solutions called pathways Have you ever asked Pretty Flower a question only to have her answer begin with Once upon a time At the end of her parable have you ever found yourself saying Huh and then Oh yes It s easy simple That s what the parables are all about a shift in consciousness and spiritual awakenings galore But don t let me keep you a moment longer from these easy pathways delightful parables and simple solutions for your powerful living Miriandra Rota Interwoven within

Astrology and Popular Religion in the Modern West Nicholas Campion, 2016-04-15 This book explores an area of contemporary religion spirituality and popular culture which has not so far been investigated in depth the phenomenon of astrology in the modern west Locating modern astrology historically and sociologically in its religious New Age and millenarian contexts Nicholas Campion considers astrology's relation to modernity and draws on extensive fieldwork and interviews with leading modern astrologers to present an invaluable contribution to our understanding of the origins and nature of New Age ideology This book challenges the notion that astrology is either marginal or a feature of postmodernism Concluding that astrology is more popular than the usual figures suggest Campion argues that modern astrology is largely shaped by New Age thought influenced by the European Millenarian tradition that it can be seen as an heir to classical Gnosticism and is part of the vernacular religion of the modern west
