Sir Hans Singer:

Sir Hans Singer D. Shaw, 2002-06-25 This is the first biography of a world famous pioneering development economist Sir Hans W Singer who is better known throughout the developing world than any other economist living or dead It gives a detailed account of the way in which the twists of fate led him to becoming a leading development economist It contains a thematic synthesis of all his major theoretical and conceptual work and of the many initiatives in which he has been involved to solve the problems of developing countries **Sir Hans Singer The Life And Work Of A Development Economist** D. John Shaw, 2004-09-01 **The Pioneers of Development Economics** Jomo Kwame Sundaram, 2005-09 A survey of the main influences on the development of modern development economics *Development Economics and Policy* David Sapsford, John-ren Chen, 1998-08-10 Hans Singer is undoubtedly one of if not the world's major scholars in the field of Development Economics Over the last six decades he has made numerous contributions to the subject both as scholar and practitioner This book contains 27 essays that were prepared for a conference that was held in Innsbruck Austria in May 1996 to celebrate his 85th birthday and represents a major and important overview of issues in development economics from the most eminent scholars in the field International Development Co-operation H. Singer, 2001-06-26 As one of the most pioneering development economists Hans Singer has stimulated many of the ideas that have engaged the attention of the world community for several decades Not only has he helped to form an understanding of the problems of developing countries but he has also shown what might be done to solve them This collection brings together for the first time key essays on the issues underlying food aid and the development of the UN These are grouped into five areas postwar development experience reform of the United Nations debt and debt servicing structural adjustment and stabilization and food aid Growth, Development, and Trade Hans Wolfgang Singer, 1998 This volume contains 21 selected essays by Professor Sir Hans Singer written over the last two decades The volume addresses development economics in historical perspective and considers where it stands today the early pioneers of development thinking including Smith and Keynes growth industrialization and trade current questions of the terms of trade debate and import substitution North South and South South linkages foreign aid The author gives grateful thanks to Matthew Morris and Hans Ulrich Esslinger for their contributions to this book *The Life and Times of Raúl Prebisch, 1901-1986* Edgar J. Dosman, 2008-10-24 Raúl Prebisch was a leader in economic development theory and international economic policy an institution builder and an international diplomat The Life and Times of Raúl Prebisch provides the first book length account of his life and work a story cast against the backdrop of Latin America the Cold War the rise of the United Nations and the struggle for equity between first and third worlds A wunderkind Prebisch occupied key positions at the Argentine ministry of finance in his twenties and was the general manager of the Argentine Central Bank before forty Exiled by Juan Perón after World War II he became arguably the most influential Latin American official at the UN heading such international organizations as the Economic Commission for

J. Barry

Jones, 2002-09-11 This three volume Encyclopedia offers the first comprehensive and authoritative survey of the rapidly developing field of international political economy Its entries cover the major theoretical issues and analytical approaches within the field The set also provides detailed discussion of the contributions of key individuals and surveys a wide range of empirical conditions and developments within the global political economy including its major institutions The Encyclopedia has been designed to be eclectic in approach and wide ranging in coverage Theoretical entries range from discussions of the definition and scope of the field through core methodological questions such as rationalism and the structure agent problem to surveys of the major theories and approaches employed in the study of the international political economy **The Gypsy Economist** Alex Millmow, 2021-03-11 This book offers the first intellectual biography of the Anglo Australian economist Colin Clark Despite taking the economics world by storm with a mercurial ability for statistical analysis Clark's work has been largely overlooked in the 30 years since his death His career was punctuated by a number of firsts He was the first economist to derive the concept of GNP the first to broach development economics and to foresee the re emergence of India and China within the global economy In 1945 he predicted the rise and persistence of inflation when taxation levels exceeded 25 per cent of GNP And he was also the first economist to debunk post war predictions of mass hunger by arguing that rapid population growth engendered economic development Clark wandered through the fields of applied economics in much the same way as he rambled through the English countryside and the Australian bush His imaginative wanderings qualify him as the eminent gypsy economist for the 20th century
