G. Lockhart, 2015-07-11 Excerpt from *Life of Sir Walter Scott* My dear Gladstone Although our friendship has endured for many years and has survived great changes it is not on account of my affection for you that I have desired to connect these lines with your name It is because from you more than from any one who is now alive I have received assurances of that strong and deep admiration of Walter Scott both as an author and as a man which I have long felt myself and which I heartily agree with you in wishing to extend and to perpetuate

On my part such a desire might on other grounds be natural on yours it can only spring from the conviction which I know you entertain that both the writings and the personal history of that extraordinary man while affording entertainment of the purest kind and supplying stores of information which can nowhere else be so pleasantly acquired have in them a great deal which no student of human nature ought to neglect and much also which those who engage in the struggle of life with high purposes men who are prepared to work earnestly and to endure nobly cannot pass by without loss This then is my object in addressing you I wish after the manner of my profession to call the best witness I can find and by the weight alike of your authority and of your example to revive and strengthen a taste which to the no small discredit of a portion and that not the least educated of our modern society appears to need encouragement It was in the autumn of 1868 when you were on the eve of a great enterprise and with care and labour enough on your hands to weigh down a spirit which possessed less of Scott's own energy that you wrote to me With great delight and under fascination I have been treading in mind much ground familiar to you and have been upon a regular perusal of Lockhart's Life of Scott from end to end I am already reflecting with concern how soon I shall probably read the last page of the last volume About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Complete Works of Sir Walter Scott* Sir Walter Scott, 2014-01-11 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **Sir Walter Scott Studied in Eight Novels** Albert Stratford George Canning, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
