Sixteenth-Century Poetry Gordon Braden,2008-04-15 This fully annotated anthology of sixteenth century English verse features generous selections from the canonical poets alongside judicious selections from lesser known authors Includes complete works or substantial extracts of longer poems wherever possible including Book III of the Faerie Queene and the whole of Astrophil and Stella Covers a range of genres including the love lyric mythological narrative sacred poetry and political poetry Encourages readers to discover unusual and interesting connections and contrasts between poems and poets Detailed annotations facilitate close reading of the poems

Reading Sixteenth-Century Poetry Patrick Cheney,2011-05-06 Reading Sixteenth Century Poetry combines close readings of individual poems with a critical consideration of the historical context in which they were written Informative and original this book has been carefully designed to enable readers to understand enjoy and be inspired by sixteenth century poetry Close reading of a wide variety of sixteenth century poems canonical and non canonical by men and by women from print and manuscript culture across the major literary modes and genres Poems read within their historical context with reference to five major cultural revolutions Renaissance humanism the Reformation the modern nation state companionate marriage and the scientific revolution Offers in depth discussion of Skelton Wyatt Surrey Isabella Whitney Gascoigne Philip Sidney Spenser Marlowe Mary Sidney Herbert Donne and Shakespeare Presents a separate study of all five of Shakespeare s major poems Venus and Adonis The Rape of Lucrece The Phoenix and Turtle the Sonnets and A Lover s Complaint in the context of his dramatic career Discusses major works of literary criticism by Plato Aristotle Horace Longinus Philip Sidney George Puttenham Percy Bysshe Shelley Seamus Heaney Adrienne Rich and Helen Vendler

Seventeenth-Century Poetry Robert Cummings,2000-04-07 Robert Cummings s important new anthology offers in depth annotation to a chronologically arranged selection from more than 50 poets writing between 1600 and 1700

The Broadview Anthology of Sixteenth-Century Poetry and Prose Marie Loughlin,Sandra Bell,Patricia Brace,2011-10-24 The Broadview Anthology of Sixteenth Century Poetry and Prose makes available not only extensive selections from the works of canonical writers but also substantial extracts from writers who have either been neglected in earlier anthologies or only relatively recently come to the attention of twentieth and twenty first century scholars and teachers Popular fiction and prose nonfiction are especially well represented including selections from popular romances merchant fiction sensation pamphlets sermons and ballads The texts are extensively

annotated with notes both explaining unfamiliar words and providing cultural and historical contexts The Princeton Encyclopedia of Poetry and Poetics Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, 2012-08-26 The most important poetry reference for more than four decades now fully updated for the twenty first century Through three editions over more than four decades The Princeton Encyclopedia of Poetry and Poetics has built an unrivaled reputation as the most comprehensive and authoritative reference for students scholars and poets on all aspects of its subject history movements genres prosody rhetorical devices critical terms and more Now this landmark work has been thoroughly revised and updated for the twenty first century Compiled by an entirely new team of editors the fourth edition the first new edition in almost twenty years reflects recent changes in literary and cultural studies providing up to date coverage and giving greater attention to the international aspects of poetry all while preserving the best of the previous volumes At well over a million words and more than 1 000 entries the Encyclopedia has unparalleled breadth and depth Entries range in length from brief paragraphs to major essays of 15 000 words offering a more thorough treatment including expert synthesis and indispensable bibliographies than conventional handbooks or dictionaries This is a book that no reader or writer of poetry will want to be without Thoroughly revised and updated by a new editorial team for twenty first century students scholars and poets More than 250 new entries cover recent terms movements and related topics Broader international coverage includes articles on the poetries of more than 110 nations regions and languages Expanded coverage of poetries of the non Western and developing worlds Updated bibliographies and cross references New easier to use page design Fully indexed for the first time Eighteenth-Century Poetry David Fairer, Christine Gerrard, 2014-09-30 Currently the definitive text in the field and now available in an expanded third edition Eighteenth Century Poetry presents the rich diversity of English poetry from 1700 1800 in authoritative texts and with full scholarly annotation Balanced to reflect current interests and favorites including prominent poets like Finch Swift Pope Montagu Johnson Gray Burns and Cowper as well as less familiar material offering a variety of voices and new directions for research and learning Includes 46 new poems with more texts by women poets and the inclusion of four additional poets Mary Barber Mehetabel Wright Anna Seward and Mary Robinson poems reflecting new ecological approaches to 18th century literature and poems on the art of writing Accessible and user friendly with generous head notes full foot of page annotations an expanded thematic index and a visually appealing text design

Grasping Shadows William Chapman Sharpe, 2017-08-04 What s in a shadow Menace seduction or salvation Immaterial but profound shadows lurk everywhere in literature and the visual arts signifying everything from the treachery of appearances to the unfathomable power of God From Plato to Picasso from Rembrandt to Welles and Warhol from Lord of the Rings to the latest video game shadows act as central players in the drama of Western culture Yet because they work silently artistic shadows often slip unnoticed past audiences and critics Conceived as an accessible introduction to this elusive phenomenon Grasping Shadows is the first book that offers a general theory of how all shadows function in texts and visual

media Arguing that shadow images take shape within a common cultural field where visual and verbal meanings overlap William Sharpe ranges widely among classic and modern works revealing the key motifs that link apparently disparate works such as those by Fra Angelico and James Joyce Clementina Hawarden and Kara Walker Charles Dickens and Kumi Yamashita Showing how real world shadows have shaped the meanings of shadow imagery Grasping Shadows guides the reader through the techniques used by writers and artists to represent shadows from the Renaissance onward The last chapter traces how shadows impact the art of the modern city from Renoir and Zola to film noir and projection systems that capture the shadows of passers by on streets around the globe Extending his analysis to contemporary street art popular songs billboards and shadow theatre Sharpe demonstrates a practical way to grasp the dark side that looms all around us

Utopian Geographies and the Early English Novel Jason H. Pearl, 2014-10-01 Historians of the Enlightenment have studied the period's substantial advances in world cartography as well as the decline of utopia imagined in geographic terms Literary critics meanwhile have assessed the emerging novel's realism and in particular the genre's awareness of the wider world beyond Europe Jason Pearl unites these lines of inquiry in *Utopian Geographies and the Early English Novel* arguing that prose fiction from 1660 to 1740 helped demystify blank spaces on the map and make utopia available anywhere This literature incorporated debunked and reformulated utopian conceptions of geography Reports of ideal societies have always prompted skepticism and it is now common to imagine them in the future rather than on some undiscovered island or continent At precisely the time when novels began turning from the fabulous settings of romance to the actual locations described in contemporaneous travel accounts a number of writers nevertheless tried to preserve and reconfigure utopia by giving it new coordinates and parameters Margaret Cavendish Aphra Behn Daniel Defoe Jonathan Swift and others told of adventurous voyages and extraordinary worlds They engaged critically and creatively with the idea of utopia If these writers ultimately concede that utopian geographies were nowhere to be found they also reimagine the essential ideals as new forms of interiority and sociability that could be brought back to England Questions about geography and utopia drove many of the formal innovations of the early novel As this book shows what resulted were new ways of representing both world geography and utopian possibility

Unperfect Histories Harriet Archer, 2017-10-20 The *Mirror for Magistrates* the collection of de casibus complaint poems in the voices of medieval rulers and rebels compiled by William Baldwin in the 1550s was central to the development of imaginative literature in the sixteenth and early seventeenth centuries Additions by John Higgins Thomas Blenerhasset and Richard Niccols between 1574 and 1610 extended the *Mirror's* scope shifted its focus and prolonged its popularity in particular the texts later manifestations profoundly influenced the work of Spenser and Shakespeare *Unperfect Histories* is the first monograph to consider the text's early modern transmission history as a whole In chapters on Baldwin Higgins Blenerhasset and Niccols's complaint collections it demonstrates that the *Mirror* is an invaluable witness to how verse history was conceptualized written and read across the period and explores the ways in which it was repeatedly

reinterpreted and redeployed in response to changing contemporary concerns The Mirror corpus encompasses topical allegory nationalist polemic and historiographical skepticism as well as the macabre humour and metatextual play which have come to be known as hallmarks of Baldwin's mid Tudor writings What has not been recognised is the complex interaction of these themes and techniques right across the Mirror's history Higgins Blenerhasset and Niccols's contributions are analysed for the first time here both within their own literary and historiographical contexts and in dialogue with Baldwin's early editions This new reading offers a lively account of the text's depth and variety and provides insight into the extent of the Mirror's influence and ubiquity in early modern literary culture
