Cosmopolitan Culture and Consumerism in Chick Lit Caroline J. Smith, 2007-12-12 Cosmopolitan Culture and Consumerism in Chick Lit focuses on the literary phenomenon popularly known as chick lit and the way in which this genre interfaces with magazines self help books romantic comedies and domestic advice publications This recent trend in women's popular fiction which began in 1996 with the publication of British author Helen Fielding's novel Bridget Jones's Diary uses first person narration to chronicle the romantic tribulations of its young single white heterosexual urban heroines Critics of the genre have failed to fully appreciate chick lit's complicated representations of women as both readers and consumers In this study Smith argues that chick lit questions the consume and achieve promise offered by advice manuals marketed toward women subverting the consumer industry to which it is so closely linked and challenging cultural expectations of women as consumers readers and writers and of popular fiction itself **Women Who Love Men Who Kill** Sheila Isenberg, 2021-10-19 The engrossing thoroughly researched look at women who are in romantic relationships with incarcerated men fully updated with twenty first century cases Publishers Weekly In 1991 Sheila Isenberg's classic study Women Who Love Men Who Kill asked the provocative question Why do women fall in love with convicted murderers Now Isenberg returns to the same question in the age of smart phones social media mass shootings and modern prison dating The result is a compelling psychological study of prison passion in the new millennium Isenberg conducts extensive interviews with women who seek relationships with convicted killers as well as conversations with psychiatrists social workers and

Understanding the Women of Mozart's Operas Kristi Brown-Montesano, 2021-11-09

Is *The Marriage of Figaro* just about Figaro Is Don Giovanni's story the only one or even the most interesting one in the opera that bears his name For generations of critics historians and directors it's Mozart's men who have mattered most Too often the female characters have been understood from the male protagonist's point of view or simply reduced on stage and in print to paper cutouts from the age of the powdered wig and the tightly cinched corset It's time to give Mozart's women and Mozart's multi dimensional portrayals of feminine character their due In this lively book Kristi Brown Montesano offers a detailed exploration of the female roles in Mozart's four most frequently performed operas *Le nozze di Figaro* *Don Giovanni* *Cos fan tutte* and *Die Zauberflöte* Each chapter takes a close look at the music libretto text literary sources and historical factors that give shape to a character re evaluating common assumptions and proposing fresh interpretations Brown Montesano views each character as the subject of a story not merely the object of a hero's narrative or the stock figure of convention From amiable Zerlina to the awesome Queen of the Night to calculating Despina all of Mozart's women have something unique to say These readings also tackle provocative social political and cultural issues which are used in the operas to define positive and negative images of femininity revenge power seduction resistance autonomy sacrifice faithfulness class maternity and sisterhood Keenly aware of the historical gap between the origins of these works and contemporary culture Brown Montesano discusses how attitudes about such concepts past and current influence our appreciation of these fascinating representations of women

The Enlightened

Bracketologist Nigel Holmes, Richard Sandomir, Mark Reiter, 2008-12-09 Every March the NCAA men's basketball tournament blankets newspapers and the Internet and attracts millions of television viewers over the course of three weeks Will a perennial favorite like Duke win Or will it be a dark horse like Gonzaga The phenomenon known as March Madness galvanizes a nation of viewers as few other sports events can The reason Bracketology America eagerly watches as 64 teams become 32 then 16 then 8 then 4 then 2 and finally 1 Now it's time to use the same rigorous method for everything that really matters in culture people history the arts and more In *The Enlightened Bracketologist* the editors have organized the world's most haunting and maddeningly subjective questions into a scheme of binary pairings that finally reveal what is truly

the best in its class La Tache or Chateau Latour 1 Barry Bonds or Terrell Owens 2 Vissid arte or Dove Sono 3 OJ verdict or JFK assassination 4 Top of the world Ma or Nobody's perfect 5 Two by two The Enlightened Bracketologist pits our cultural mainstays against each other only the finest survive Every double page spread of this book will contain a series of brackets compiled by experts and celebrities with text call outs that highlight the reason why one competitor moves on and another doesn't Already committed are Elvis Costello on popular songs David Bouley on cookbooks Leon Fleisher on piano music Rene Fleming on opera arias Henry Beard on French phrases Joseph Ward on wine Shrinking Violets and Caspar Milquetoasts Patricia McDaniel, 2003-11 Since World War II Americans attitudes towards shyness have changed The women's movement and the sexual revolution raised questions about communication self expression intimacy and personality leading to new concerns about shyness At the same time the growth of psychotherapy and the mental health industry brought shyness to the attention of professionals who began to regard it as an illness in need of a cure But what is shyness How is it related to gender race and class identities And what does its stigmatization say about our culture In Shrinking Violets and Caspar Milquetoasts Patricia McDaniel tells the story of shyness Using popular self help books and magazine articles she shows how prevailing attitudes toward shyness frequently work to disempower women She draws on evidence as diverse as 1950s views of shyness as a womanly virtue to contemporary views of shyness as a barrier to intimacy to highlight how cultural standards governing shyness reproduce and maintain power differences between and among women and men

The Case for Falling in Love Mari Ruti, 2011-02-01 Praise for The Case for Falling in Love Why play hard to get when you can just get what you want Mari Ruti's lively research from Plato to Freud to Gossip Girl to her own bedroom finally puts an end to playing games and provides a resource for lovers and the love scorned alike A must read for anyone who has ever fallen in love wants to or wants to know what went wrong Arianne Cohen creator of TheSexDiariesProject.com At last a relationship advice book that will actually work If you're intelligent interested in love and like a book you can't put down this is it John Gray move over The brilliant Mari Ruti has arrived Juliet Schor professor of sociology Boston College and author of Born to Buy and Plenitude The New Economics of True Wealth Groundbreaking Ruti opens the eyes of her readers so that they can love better A must read Nancy Redd New York Times bestselling author of Body Drama Finally a book that takes love seriously Written with passion and verve I wish I had read this book years ago Sean Carroll author of From Eternity to Here The Quest for the Ultimate Theory of Time Are you tired of reading book after book and playing game after game trying to avoid heartbreak It seems impossible and maybe that's because you can't lock up your heart like that not if you want the real thing And maybe that's one of the best things about love We've been thinking about it all wrong Our culture's insistence that women need to learn how to catch and keep a man is actually doing much more harm than good The more we try to manipulate our relationships the less we are truly able to experience love's benefits and wonders Love is a slippery unruly thing and trying to control and manage it robs us of its delicious unpredictability Sure letting go of the reins a bit might mean

a broken heart but heartbreak in fact offers a wealth of possibilities creativity wisdom and growth that we need in order to make the most of our lives Liberating for women who are frustrated by the idea that they just need to learn the right formula The Case for Falling in Love shows that there isn't a method to mastering the madness of love But that might be exactly what's so wonderful about it **Mastering Your Moods** Melvyn Kinder,1994 A program for understanding mood distress

including depression anger and anxiety offers ways to achieve self acceptance through determining one's essential nature
