Can Hope Endure? James C. Kennedy, Caroline Joyce Simon, 2005

The spate of books written recently on Christian higher education highlights a common theme how numerous colleges founded by church bodies have gradually lost their religious moorings often culminating in what historian George Marsden calls established nonbelief Can Hope Endure examines the history of Hope College in Holland Michigan as it has struggled to find a faithful middle way between secularization and withdrawal from mainstream academic and American culture Authors James Kennedy and Caroline Simon track Hope College s responses to various social and intellectual challenges through careful analysis of school records newspaper stories extant histories and interviews with faculty members and past presidents Hope s history reveals that the school is exceptional having followed the predictable trajectory yet changing course in some ways Given this unusual history the story of why and how Hope College moved toward reestablishing the role

of religion in its institutional life yields important lessons for other schools facing the same challenges Neither an attack on Hope College nor the kind of celebratory institutional history that so many schools have authorized this book is instead a thoughtful instructive study written by two professors who have witnessed firsthand many of Hope's struggles to retain its identity and purpose The book's narrative is enriched by the binocular vision provided by a professional historian and a professional philosopher and collaboration has afforded Kennedy and Simon the critical distance necessary to ask hard questions about Hope and by extension other institutions like it Can Hope Endure will be of real interest not only to readers associated with Hope College but also to those following or participating in the ongoing conversation about Christianity and higher education

from his little jacket for he had been using a dull kitchen knife trying to whittle out a wooden boat from a piece of curtain stick Oh Bunker have you Have I what asked the tall boy who worked on the dock where Mr Brown the father of Bunny and Sue carried on a boat and fish business Have I what Bunker asked again and he stood still and gazed at the two small children who were anxiously looking at him Have you come to take us for a ride asked Bunny In one of daddy s boats added Sue who generally waited for her brother to speak first since he was a year older than she Not this time messmates answered Bunker Blue with a laugh calling the children the name one sailor sometimes gives to another Not this time messmates I ve come up to get the ark Oh the ark cried Bunny Did you hear that Sue Bunker has come up to get the ark Oh Oh and Sue fairly squealed in delight Then we ll have a nice ride in that Wait Bunker till I put my doll away and I ll come with you Wait for me And I ll come too added Bunny I can bring my boat with me Tisn t all done yet he added but I can whittle on it when we ride along and then I can sail it when we get to the dock Now avast there and belay messmates cried Bunker Blue with a laugh using some more of the kind of talk he heard among the sailors that came to Mr Brown s dock with boats of fish Wait a minute I didn t say I had come to give you a ride in the ark I just came to get it But you will let us ride won t you Bunker asked Bunny smiling at the tall boy Cause we ll sit just as still as anything added Sue And I won t touch the steering wheel not once promised Bunny I guess you d better not not after you once got almost run away with in the big ark said Bunker I should say not Oh please let us come with you begged Sue We want awful much to ride in the ark Bunker While the two children were talking to the tall boy another little girl had crawled under the fence from the street and was now standing near Bunny and his sister She was Sadie West one of Sue s chums and when she heard Bunny s sister begging for a ride in the ark Sadie said Oh Sue is he going to take your Noah s ark away I wouldn t let him if I were you It isn t Noah s ark at all Sue explained We call the big automobile that we had such a long ride in the ark It looks a little like a Noah s ark but it s bigger and we can all get in it she added Oh exclaimed Sadie I thought Bunker meant he was going to take your little ark and all the wooden animals away she added Not this time said Bunker Blue Your father sent me up Bunny to get the big auto the ark as you call it It s got to be fixed and I m to drive it to the shop over at East Milford That s why I came up Where s your mother I want to tell her I m taking away the ark so she won t think some tramps or some gypsies have run off with it I ll call her Sue said while Bunny kept on brushing the tiny whittlings from his jacket and short trousers And there was a queer look on the face of Bunny Brown

No Small Hope Kenneth A. Reinert, 2018-06-01 With headlines focused on human suffering civil wars refugee flows the spread of disease due to hunger and poor sanitation population growth climate change it is easy to dive into despair What is needed instead is a radical rethinking of global policy to realize the potential for improving the human condition This book provides hope by examining the basic needs for a fundamental shift in thinking about development and human security for both practical and ethical reasons Kenneth A Reinert calls for a basic goods approach that focuses on the provision of nutritious food clean water sanitation health services education services housing electricity and human security services This approach bridges two perspectives that of standard growth which emphasizes increasing GDP per capita and that of capabilities human development which puts priority on the realization of human potential Reinert argues that only when growth leads to an increase in the broad based provision of basic goods and services will the hoped for expansion of human capabilities and development be achieved No Small Hope places the basic goods approach on the firm foundation of objective human needs and subsistence rights It offers a practical agenda for making progress towards human development by focusing on the real determinants of human well being in an ethical system of moral minimalism In a world of climate change increased risk of natural disasters and increased refugee flows the basic goods approach promises to help alleviate ongoing suffering and address vast deprivations in basic needs fulfillment
