transport system many people in Britain seem to have become convinced that we live in uniquely dangerous times and that the threat from terrorism has never been greater In fact terrorist attacks have been a feature of life in London for many years The worst terrorist bombing in the capital before 7 7 took place in 1867 when twelve people were killed in an explosion in Clerkenwell The first person to be killed by a bombing on the Tube died in 1897 From the deadly Fenian campaign against high profile targets in the capital to the Anarchist bombing of the Royal Observatory at Greenwich late nineteenth and early twentieth century London saw a constant succession of terrorist threats This book details the emergence of modern terrorism a phenomenon which has its roots in Victorian London London's Underworld Fergus Linnane,2016-01-28 London s

Underworld takes us on the nightmarish last journeys of condemned criminals to the gallows at Tyburn We enter death trap eighteenth century prisons one of which the novelist Henry Fielding described as a prototype of hell We walk the crowded streets of Victorian London with its swarms of prostitutes and follow the ingenious villains who carried out the first great train robbery in 1854 We see the rise and fall of the interwar racecourse gangs and the bloody battle for control of the Wes End This fascinating book illustrates how crime in the capital has evolved from the extreme violence of the early eighteenth century to the vastly more complex and lucrative but no less brutal gangland of today The Guv'nors Dick Kirby,2011-02-23 The ten Scotland Yard detectives featured in The Guv'nors are unique Such a group of intrepid crime busters will never exist again They possessed only the most rudimentary education none had a degree Intuition and knowledge of their manor counted for more than DNA and databases They worked tirelessly in the pursuit of criminals used informants worked on hunches and grabbed hold of investigations and shook them until every piece of evidence was unearthed Criminals trembled when these detectives were after them because once they were nicked they stayed nicked The Guv'nors covers legends such as Fred Wensley who nailed strips of bicycle tyres to the soles of his boots when on the look out for Jack the Ripper He later formed the Flying Squad and became chief constable of the CID Fred Sharpe would single handedly confront forty of the worst racetrack gangsters and tell them to clear off anyone who refused would collect a punch on the jaw Sharpe later became head of the Flying Squad as did Bob Fabian who was awarded the Kings Police Medal for dismantling an IRA bomb Bert Wickstead known as The Gangbuster literally terrorised the gangs who attempted to fill the void in Londons East End after the demise of the Kray brothers This is a book which will delight those who want to know what life was like when The Guv'nors and others like them were in charge of law and order and the streets were far safer than they are today **Whitechapel's Sherlock Holmes** Dick Kirby,2014-11-30 Jack the Ripper and beyond forty one years in the investigative career of a man hailed by many as Scotland Yard s greatest detective of all time Fred Wensley was a Somerset gardener when he joined the Metropolitan Police in 1888 His first case was to unmask Jack the Ripper At least it familiarized Wensley with Whitechapel where he bided his time collaring less threatening ne er do wells After joining the CID Wensley s career was a succession of triumphs He brought to book the Bessarabian Odessa and Vendetta crime syndicates of London s

East End he played an instrumental role in smashing Latvian revolutionaries in the notorious Siege of Sidney Street he formed the Flying Squad a stealth surveillance team still operating to this day and most infamous of all his arrest in one of Great Britain's most notorious crimes of passion a controversial cause célèbre that would shadow Wensley for the rest of his life Retired Flying Squad officer Dick Kirby has dug deep to paint a fascinating portrait of Fred Wensley Chief Constable of the CID and the first recipient of the King's Police Medal in this welcome biography of a distinguished detective History by the Yard An East End Legacy Colin Holmes, Anne J Kershen, 2017-08-15 An East End Legacy is a memorial volume for William J Fishman whose seminal works on the East End of London in the late nineteenth century have served as a vital starting point for much of the later work on the various complex web of relations in that quarter of the capital A variety of leading scholars utilise the insight of Fishman's work to present a wide range of insights into the historical characters and events of the East End The book's themes include local politics anti alienism anti Semitism and war and culture and society In pursuing these topics the volume examines in great depth the social political religious and cultural changes that have taken place in the area over the past 120 years many of which remain both significant and relevant In addition it illustrates East London's links with other parts of the world including Europe and America and those territories beyond the oceans This book will prove valuable reading for researchers and readers interested in Victorian and twentieth century British history politics and culture

Conceiving the City Nicholas Freeman, 2007-09-20 Conceiving the City is an innovative study of the ways in which a generation of late Victorian novelists poets painters and theoreticians attempted to represent London in literature and art Breaking away from the language and style of Dickens and the static panorama paintings of William Powell Frith major figures such as Henry James and J M Whistler and crucially less celebrated authors such as Arthur Machen Edwin Pugh and George Egerton bent realism into exciting new shapes In the naturalism of George Gissing and Arthur Morrison the fragmentary impressions of Ford Madox Ford and the brooding mystery of Alvin Langdon Coburn's photogravures London emerged as a focus for dynamic explicitly modern art Although many of these insights would be dismissed or at least downplayed by subsequent generations the ideas evolved during the period from 1870 to 1914 anticipate not only the work of high modernists such as Eliot and Woolf but also that of later urban theorists such as Foucault and de Certeau and the novels and travelogues of contemporary London writers Peter Ackroyd and Iain Sinclair Nicholas Freeman recovers a sense of late Victorian London as a subject for dynamic theoretical and aesthetic experiments and shows in stimulating analyses of Conan Doyle H G Wells Arthur Symonds and others how much of our understanding of urban space we owe to eminent and not so eminent Victorian figures Written in a clear and accessible style the book restores a much needed historical perspective to our engagement with the metropolis

True Crime Narratives Ben Harrison, 1997 Takes the reader on an exploration of this genre from the mid nineteenth century through 1993 *The Spectator*, 1911 A weekly review of politics literature theology and art *The Criminal Appeal Reports* Great Britain. Court of Criminal Appeal, 1911
