**Halliwell's Film, Video & DVD Guide** ,2008 *PJ Harvey and Music Video Performance* Abigail Gardner,2016-03-09 PJ Harvey s performances are premised on the core contention that she is somehow causing trouble Just how this trouble can be theorised within the context of the music video and what it means for a development of the ways we might conceptualise disruption and think about music video lies at the heart of this book Abigail Gardner mixes feminist theory and critical models from film and video scholarship as a rich means of interrogating Harvey s work and redefining her disruptive strategies The book presents a rethinking of the masquerade that allies it to cultural memory precipitated by Gardner s claim

that Harvey's performances are conversations with the past specifically with visualised memories of archetypes of femininity Harvey's masquerades emerge from her conversations and renegotiations with both national and transatlantic musical visual and lyrical heritages It is the first academic book to present analysis of Harvey's music videos and opens up fresh avenues into exploring what is at stake in the video work of one of Britain's premier singer-songwriters It extends the discussion on music video to consider how to make sense of the rapidly developing digital environment in which it now sits The interdisciplinary nature of the book should attract readers from a range of subject areas including popular music studies cultural studies media and communication studies and gender studies

*The Literary Genres of Edmund Burke* Frans De Bruyn, 1996 The Literary Genres of Edmund Burke brings a literary perspective to bear upon Edmund Burke's political writings Burke understood himself to be a literary writer a claim that held a much greater cultural and political significance in his time than it does in our own This study recontextualizes Burke's writings by exploring what the eighteenth century understood by the term literature and by demonstrating how thoroughly he relies on the dominant literary discourses of his time especially the satire and georgic didactic modes in composing his speeches and polemics From his debt to the Scriblerian satire of Pope and Swift to his extensive use of the theatrical metaphor and his forays into the fields of gothic romance tragedy and epic De Bruyn argues that the literary forms Burke uses are intrinsic and indispensable elements in the meanings of his texts both for himself and for his audience
