that it represents Concrete marble steel brick little else made by human hands seems as stable as immutable as a building Yet the life of any structure is neither fixed nor timeless Outliving their original contexts and purposes buildings are forced to adapt to each succeeding age To survive they must become shape shifters In an inspired refashioning of architectural history Edward Hollis recounts more than a dozen stories of such metamorphosis highlighting the way in which even the most familiar structures all change over time into something rich and strange The Parthenon that epitome of a ruined temple was for centuries a working church and then a mosque the cathedral of Notre Dame was restored to a design that none of its original makers would have recognized Remains of the Berlin Wall meanwhile which was once gleefully smashed and bulldozed are now treated as precious relics With *The Secret Lives of Buildings* Edward Hollis recounts the most enthralling of these metamorphoses and shows how buildings have come to embody the history of Western culture Hollis exposes the surprisingly motley histories of some of the world's great landmarks The chapter on the Parthenon actually brought me to tears Jenna Russell *The Boston Globe* What a happy tingle of discovery to come across a book that differs sharply from all the others in its field Hollis thinks with such originality and writes with such flair that he is a pleasure to read Stanley Abercrombie *The American Scholar* **Prophecies On World Events** Nostradamus,2002-11-26 Contains a concise translation of some of the prophecies of Nostradamus including their symbolism anagrams and mythological allusions [The Mount Holyoke](#) ,1913 **St. Nicholas** ,1913 **Wings' Songs on the Wild Winds** Leon Tuam,2008-05-23 We are living in a hostile world a world full of uncertainties of nasty crises and conflicts So many people are fighting to save the world But they fail continuously We cannot successfully clean what is dirty when our hands are dirty We cannot give the world our love when there isn't love inside our chest To shake those problems we need to shake ourselves first to rebuild the world we need to reposition and rebuild ourselves from within What we get results from the impurities we carry and poisoning the world with **WINGS SONGS ON THE WILD WINDS** is a strong appeal for change from within
