## **Stoned A Memoir Of London In The 1960s:**

**Stoned** Andrew Loog Oldham, 2002-04-24 In 1963 Andrew Loog Oldham was a precocious hustler of genius on the London scene with a keen eye for the next look and a willingness to gamble on it He was all of nineteen when Brian Epstein took him on to be the Beatles London press agent and already regarded as someone who could make things happen But it was when he went to hear a relatively unknown blues combo perform that Oldham found his true calling I met the Rollin Stones he recalls simply and said hello to the rest of my life He took on more than a band he took on an irresistible force that with his vision would become the Greatest Rock n Roll Band of All Time In addition to indelible portraits of Mick Jagger and crew *Stoned* regales the reader with candid memories of John Lennon Bob Dylan and Marianne Faithfull whom Oldham also created Joined by contemporaries such as Pete Townshend Vidal Sassoon Diana Vreeland Nik Cohn and others who counted Oldham gives us a privileged brilliantly clear eyed and unmistakably authentic view back to where for generations of music fans things first started rolling

**House of Nutter** Lance Richardson, 2018-05-01 The strange illuminative true story of Tommy Nutter the Savile Row tailor who changed the silhouette of men s fashion and his rock photographer brother David who captured it all on film From an early age there was something different about Tommy and David Nutter Growing up in an austere apartment above a caf catering to truck drivers both boys seemed destined to lead rather humble lives in post war London Tommy as a civil servant David as a darkroom technician Yet the strength of their imagination plus a little help from their friends transformed them instead into unlikely protagonists of a swinging cultural revolution In 1969 at the age of twenty six Tommy opened an unusual new boutique on the golden mile of bespoke tailoring Savile Row While shocking a haughty establishment resistant to change Nutters of Savile Row became an immediate sensation among the young rich and beautiful beguiling everyone from Bianca Jagger to the Beatles who immortalized Tommy s designs on the album cover of *Abbey Road* Meanwhile David s innate talent with a camera vaulted him across the Atlantic to New York City where he found himself in a parallel constellation of stars Yoko Ono Elton John who enjoyed his dry wit almost as much as his photography *House of Nutter* tells the stunning true story of two gay men who influenced some of the most iconic styles and pop images of the twentieth century Drawing on interviews with more than seventy people and taking advantage of unparalleled access to never before seen pictures letters sketches and diaries journalist Lance Richardson presents a dual portrait of brothers improvising their way through five decades of extraordinary events their personal struggles playing out against vivid backdrops of the Blitz an obscenity trial the birth of disco and the devastation of the AIDS crisis A propulsive deftly plotted narrative filled with surprising details and near operatic twists *House of Nutter* takes readers on a wild ride into the minds and times of two brilliant dreamers

**When Music Migrates** Jon Stratton, 2016-02-17 *When Music Migrates* uses rich material to examine the ways that music has crossed racial faultlines that have developed in the post Second World War era as a consequence of the movement of previously colonized peoples to the countries that colonized them This development

which can be thought of in terms of diaspora can also be thought of as postmodern in that it reverses the modern flow which took colonizers and sometimes settlers from European countries to other places in the world Stratton explores the concept of song careers referring to how a song is picked up and then transformed by being revisioned by different artists and in different cultural contexts The idea of the song career extends the descriptive term cover in order to examine the transformations a song undergoes from artist to artist and cultural context to cultural context Stratton focuses on the British faultline between the post war African Caribbean settlers and the white Britons Central to the book is the question of identity For example how African Caribbean people have constructed their identity in Britain can be considered through an examination of when Police on My Back was written and how it has been revisioned by Lethal Bizzle in its most recent iteration At the same time this song written by the Guyanese migrant Eddy Grant for his mixed race group The Equals crossed the racial faultline when it was picked up by the punk rock group The Clash Conversely Johnny Reggae originally a pop ska track written about a skinhead by Jonathan King and performed by a group of studio artists whom King named The Piglets was revisioned by a Jamaican studio group called The Roosevelt Singers After this the character of Johnny Reggae takes on a life of his own and appears in tracks by Jamaican toasters as a Rastafarian Johnny s identity is then totally transformed It is this migration of music that will appeal not only to those studying popular music but

**The Price of Altruism: George Price and the Search for the Origins of Kindness** Oren Harman, 2011-06-20 Describes the intellectual journey of eccentric American genius George Price who tried to answer the evolutionary riddle of why people are nice and eventually gave away all his belongings and took his own life in a squatter s flat *The Price of Altruism* Oren

Harman, 2011-06-20 Enthralling Frans de Waal New York Times Book Review Survival of the fittest or survival of the nicest Since the dawn of time man has contemplated the mystery of altruism but it was Darwin who posed the question most starkly From the selfless ant to the stinging bee to the man laying down his life for a stranger evolution has yielded a goodness that in theory should never be Set against the sweeping tale of 150 years of scientific attempts to explain kindness The Price of Altruism tells for the first time the moving story of the eccentric American genius George Price 1922 1975 as he strives to answer evolution s greatest riddle An original and penetrating picture of twentieth century thought it is also a deeply personal journey From the heights of the Manhattan Project to the inspired equation that explains altruism to the depths of homelessness and despair Price s life embodies the paradoxes of Darwin s enigma His tragic suicide in a squatter s flat among the vagabonds to whom he gave all his possessions provides the ultimate contemplation on the possibility of genuine benevolence *Rock'n America* Deena Weinstein, 2015-01-27 What is rock This book offers a new and systematic approach to understanding rock by applying sociological concepts in a historical context Deena Weinstein a rock critic journalist and academic starts by outlining an original approach to understanding rock explaining how the form has developed through a complex and ever changing set of relations between artists fans and mediators She then traces the history of rock in America

through its distinctive eras from rock's precursors to rock in the digital age. The book includes suggested listening lists to accompany each chapter, a detailed filmography of movies about rock, and a wide range of visuals and fascinating anecdotes. Never separating rock music from the social, political, economic, and cultural changes in America's history, *Rock n America* provides a comprehensive overview of the genre and a new way of appreciating its place in American society. [Beatlemania](#) André Millard, 2021-04-27. This look at how changes in the music industry made the Fab Four phenomenon possible presents a different interpretation of a much studied topic. *Essays in Economic and Business History*. In this unique study, André Millard argues that despite the Beatles' indisputable skill, they would not have attained the same global recognition or been as influential without the convergence of significant developments in the way music was produced, recorded, sold, and consumed. As the Second Industrial Revolution hit full swing and baby boomers came of age, the reel-to-reel recorder and other technological advances sped the evolution of the music business. Musicians, recording studios, and record labels, and music fans used and interacted with music-making and playing technology in new ways. Higher quality machines made listening to records and the radio an experience that one could easily share with others, even if they weren't in the same physical space. At the same time, an increase in cross-Atlantic commerce, especially of entertainment products, led to a freer exchange of ideas and styles of expression, notably among the middle and lower classes in the U.S. and the UK. At that point, Millard argues, the Beatles rode their remarkable musicianship and cultural savvy to an unprecedented bond with their fans and spawned Beatlemania. *Lively and insightful Beatlemania* offers a deeper understanding of the days of the Fab Four and the band's long-term effects on the business and culture of pop music. [What Goes on](#) Walter Everett, Tim Riley, 2019. In a stretch of just seven years, the Beatles recorded hundreds of songs which tower above those of their worthy peers as both the product of cultural leadership and an artistic reflection of their turbulent age, the 1960s. Walter Everett and Tim Riley's *What Goes On: The Beatles, Their Music, and Their Time* blends historical narrative, musicology, and music analysis to tell the full story of the Beatles and how they redefined pop music. The book traces the Beatles' development chronologically, marking the band's involvement with world events such as the Vietnam War, strides in overcoming racial segregation, gender stereotyping, student demonstrations, and the generation gap. It delves deeply into their body of work, introducing the concepts of musical form, instrumentation, harmonic structure, melodic patterns, and rhythmic devices in a way that is accessible to musicians and non-musicians alike. Close readings of specific songs highlight the tensions between imagination and mechanics, songwriting and technology, and through the book's musical examples, listeners will learn how to develop strategies for creating their own rich interpretations of the potential meanings behind their favorite songs. Videos hosted on the book's companion website offer full definitions and performance demonstrations of all musical concepts discussed in the text, and interactive listening guides illustrate track details in real time. The unique multimedia approach of *What Goes On* reveals just how great this music was in its own time and why it remains important today as a body of singular achievement. *How Britain Got the*

*Blues: The Transmission and Reception of American Blues Style in the United Kingdom* Roberta Freund Schwartz, 2016-04-29

This book explores how and why the blues became a central component of English popular music in the 1960s. It is commonly known that many British invasion rock bands were heavily influenced by Chicago and Delta blues styles. But how exactly did Britain get the blues? Blues records by African American artists were released in the United States in substantial numbers between 1920 and the late 1930s but were sold primarily to black consumers in large urban centres and the rural south. How then in an era before globalization when multinational record releases were rare did English teenagers in the early 1960s encounter the music of Robert Johnson, Blind Boy Fuller, Memphis Minnie and Barbecue Bob? Roberta Schwartz analyses the transmission of blues records to England from the first recordings to hit English shores to the end of the sixties. How did the blues, largely banned from the BBC until the mid 1960s, become popular enough to create a demand for re-released material by American artists? When did the British blues subculture begin and how did it develop? Most significantly, how did the music become a part of the popular consciousness and how did it change music and expectations? The way that the blues and various blues styles were received by critics is a central concern of the book as their writings greatly affected which artists and recordings were distributed and reified, particularly in the early years of the revival. Hot cultural issues such as authenticity, assimilation, appropriation and cultural transgression were also part of the revival; these topics and more were interrogated in music periodicals by critics and fans alike even as English musicians began incorporating elements of the blues into their common musical language. The vinyl record itself, under-represented in previous studies, plays a major part in the story of the blues in Britain. Not only did recordings shape perceptions and listening habits but which artists were available at any given time also had an enormous impact on the British blues. Schwartz maps the influences on British blues and blues-rock performers and thereby illuminates the stylistic evolution of many genres of British popular music. Please Please Me Gordon Thompson, 2008-09-10

The Beatles, the Rolling Stones, the Kinks, the Who and numerous other groups put Britain at the center of the modern musical map. Please Please Me offers an insider's view of the British pop music recording industry during the seminal period of 1956 to 1968, based on personal recollections, contemporary accounts and all relevant data that situate this scene in the economic, political and social context of postwar Britain. Author Gordon Thompson weaves issues of class, age, professional status, gender and ethnicity into his narrative, beginning with the rise of British beat groups and the emergence of teenagers as consumers in postwar Britain and moving into the competition between performers and the recording industry for control over the music. He interviews musicians, songwriters, music directors and producers and engineers who worked with the best-known performers of the era. Drawing his interpretation of the processes at work during this musical revolution into a wider context, Thompson unravels the musical change and innovation of the time with an eye on understanding what traces individuals leave in the musical and recording process. *Who* Sue Bradford Edwards, 2021-08-01

This history of the Who highlights the band's career and cultural impact. Readers learn about the Who's

beginnings in Britain their embodiment of youth subcultures and the legacy of iconic albums Engaging text historic photographs and sidebars bring the story of the Who to life Features include a timeline glossary websites source notes and an index Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO **Take a Sad Song** James Campion,2022-06-01 In Take a Sad Song The Emotional Currency of Hey Jude James Campion dives deeply into the song s origins recording visual presentation impact and eventual influence while also discovering what makes Hey Jude a classic musical expression of personal comfort and societal unity conceived by a master songwriter Paul McCartney Within its melodic brilliance and lyrical touchstones of empathy and nostalgia resides McCartney s personal and professional relationship with his childhood friend and songwriting partner John Lennon and their simultaneous pursuit of the women who would complete them There are also clues to the growing turmoil within the Beatles and their splintering generation scarred by war assassination and virulent protest Campion s journey into the song includes the insights of experts in the fields of musicology sociology philosophy psychology and history Campion also reveals commentary from noted Beatles authors biographers music historians and journalists and finally a peek into the craft of songwriting from a host of talented composers across several generations Take a Sad Song is a tribute to how a song can define inspire and affect us in ways we do not always fully comprehend as well as a celebration of a truly amazing track in the Beatles canon that reveals one band s genius and underscores its lasting voice in our cultural and musical landscape

*Dr. Feelgood* Richard A. Lertzman,William J. Birnes,2013-05-01 Doctor Max Jacobson whom the Secret Service under President John F Kennedy code named Dr Feelgood developed a unique energy formula that altered the paths of some of the twentieth century s most iconic figures including President and Jackie Kennedy Marilyn Monroe Frank Sinatra and Elvis JFK received his first injection a special mix of vitamins and hormones according to Jacobson just before his first debate with Vice President Richard Nixon The shot into JFK s throat not only cured his laryngitis but also diminished the pain in his back allowed him to stand up straighter and invigorated the tired candidate Kennedy demolished Nixon in that first debate and turned a tide of skepticism about Kennedy into an audience that appreciated his energy and crispness What JFK didn t know then was that the injections were actually powerful doses of a combination of highly addictive liquid methamphetamine and steroids Author and researcher Rick Lertzman and New York Times bestselling author Bill Birnes reveal heretofore unpublished material about the mysterious Dr Feelgood Through well researched prose and interviews with celebrities including George Clooney Jerry Lewis Yogi Berra and Sid Caesar the authors reveal Jacobson s vast influence on events such as the assassination of JFK the Cuban Missile Crisis the Kennedy Khrushchev Vienna Summit the murder of Marilyn Monroe the filming of the C B DeMille classic The Ten Commandments and the work of many of the great artists of that era Jacobson destroyed the lives of several famous patients in the entertainment industry and accidentally killed his own wife Nina with an overdose of his formula **Focus On: 100 Most Popular English People of Welsh Descent** Wikipedia contributors,

**Focus On: 100 Most Popular English Songwriters** Wikipedia contributors, **Sixties British Pop, Outside In** Gordon Ross Thompson, 2024 Itchycoo Park 1964 1970 the second volume of *Sixties British Pop Outside In* explores how London songwriters musicians and production crews navigated the era's cultural upheavals by reimagining the pop music envelope British songwriters musicians and production crews explored form sound and subject matter as western society grappled with racism sexism war revolution and migration in a postcolonial world As these creators and curators of popular culture combined interests in jazz folk blues Indian ragas and western classical music they created sophisticated hybrid forms that redefined pop music Based on extensive research and drawing on vintage and original interviews *Sixties British Pop Outside In* contextualizes the world of the Beatles through King Crimson in the frameworks of the postwar surge in births that created the Bulge Generation in the UK and Baby Boomers in America emergent technologies English behavior and the places and spaces in which people created and consumed pop music

**Chuck Berry** RJ Smith, 2022-11-08 The definitive biography of Chuck Berry legendary performer and inventor of rock and roll Best known as the groundbreaking artist behind classics like Johnny B Goode Maybellene You Never Can Tell and Roll Over Beethoven Chuck Berry was a man of wild contradictions whose motives and motivations were often shrouded in mystery After all how did a teenage delinquent come to write so many songs that transformed American culture And once he achieved fame and recognition why did he put his career in danger with a lifetime's worth of reckless personal behavior Throughout his life Berry refused to shed light on either the mastery or the missteps leaving the complexity that encapsulated his life and underscored his music largely unexplored until now In *Chuck Berry* biographer RJ Smith crafts a comprehensive portrait of one of the great American entertainers guitarists and lyricists of the 20th century bringing Chuck Berry to life in vivid detail Based on interviews archival research legal documents and a deep understanding of Berry's St Louis his birthplace and the place where he died in March 2017 Smith sheds new light on a man few have ever really understood By placing his life within the context of the American culture he made and eventually withdrew from we understand how Berry became such a groundbreaking figure in music erasing racial boundaries crafting subtle political commentary and paying a great price for his success While celebrating his accomplishments the book also does not shy away from troubling aspects of his public and private life asking profound questions about how and why we separate the art from the artist Berry declined to call himself an artist shrugging that he was good at what he did But the man's achievement was the rarest kind the kind that had social and political resonance the kind that made America want to get up and dance At long last Chuck Berry brings the man and the music together

**Brian Jones** Alan Clayson, 2004-02-02 Brian Jones the legend and icon is familiar to generations of rock fans but the reality of his life has always remained mysterious Granted godlike status alongside giants like Jim Morrison Jimi Hendrix and Janis Joplin Jones was more than the Stones ill fated pretty boy Set against the dramatic backdrop of the swingin sixties Alan Clayson's biography reveals an extremely talented musician and a surprisingly driven man whose creative energies

propelled him to fame even as they prepared him for an early drink and drug fuelled demise Clayson interviewed many of Jones's family and contemporaries for this in depth portrait Clayson examines the many spheres of Brian Jones' life from assessing his contributions in the crucial early years of The Rolling Stones to the rumors that Jones was murdered by a bodyguard

**The ^ARepublic of Rock** Michael J. Kramer, 2013-04-05 The Republic of Rock uncovers the lost story of rock music and citizenship in the sixties counterculture by tracing the way people in two key places San Francisco and Vietnam used rock to make sense of their lives and the world around them

Hollywood Eden Joel Selvin, 2021-04-06 Hollywood Eden brings the lost humanity of the record business vividly back to life Selvin's style is blunt unpretentious and brisk he knows how to move things along entertainingly Songs about surfboards and convertibles had turned quaint but in this book their coolness is restored New York Times From surf music to hot rod records to the sunny pop of the Beach Boys Jan Dean the Byrds and the Mamas the Papas Hollywood Eden captures the fresh blossom of a young generation who came together in the epic spring of the 1960s to invent the myth of the California Paradise Central to the story is a group of sun kissed teens from the University High School class of 1959 a class that included Jan Dean Nancy Sinatra and future members of the Beach Boys who came of age in Los Angeles at the dawn of a new golden era when anything seemed possible These were the people who invented the idea of modern California for the rest of the world But their own private struggles belied the paradise portrayed in their music What began as a light hearted frolic under sunny skies ended up crashing down to earth just a few short but action packed years later as one by one each met their destinies head on A rock n roll opera loaded with violence deceit intrigue low comedy and high drama Hollywood Eden tells the story of a group of young artists and musicians who bumped heads crashed cars and ultimately flew too close to the sun
