Stonewall Brigade The Menatarms Series:

The Stonewall Brigade John Selby, 1971 *The Stonewall Brigade* John Selby, 2012-12-20 Look There is Jackson standing like a stone wall Rally behind the Virginians With these words General Bee ensured the reputation of Thomas Jackson and his troops who were fighting alongside him at the battle of the the First Bull Run This reputation was enhanced during Jackson s Shenandoah Valley campaign and other operations where the Stonewall Brigade s actions gained the praise of their Confederate compatriots and the respect of their enemies This book examines the uniforms equipment history and organization of the Brigade and its combat experience during the American Civil War Detailed maps and contemporary illustrations accompany this account of their major engagements **The Era of the Civil War--1820-1876** Louise A. Arnold-Friend, US Army Military History Institute, 1982 **Osprey Men-At-Arms** Martin Windrow, 2012-01-20 Osprey Men at Arms A Celebration is a very special volume detailing some of the wonderful artwork that has graced Osprey s renowned Men at Arms series over the last forty years Beautifully presented in luxurious cloth embossed and foil blocked with head and tails bands and a ribbon bookmark the collection contains the most treasured illustrations from the vast archives of this respected series and is a classic collectable item for all military history enthusiasts Émigré and Foreign Troops in British Service (1) René Chartrand, 2013-10-20 Following the Revolution in 1789 members of the aristocracy were increasingly persecuted and many of them fled abroad These exiles became known collectively as migr s and despite initial confusions and indecision many of them were taken into British service This fine text by Ren Chartrand examines the organisation uniforms and insignia of the migr troops in British service from 1793 to 1802 accompanied by plenty of illustrations including eight full page colour plates by Patrice Courcelle *German Combat Equipments 1939-45* Gordon L. Rottman, 2013-08-20 The field equipment of the German Army in World War II was closely related to that used throughout World War I and earlier yet it was of relatively light weight ruggedly constructed well designed functional and generally of a high quality though this deteriorated in the later war years A high degree of design standardisation was maintained in most categories of equipment though materials and their colours often varied widely There were also many different specialisations for the various arms of service as well as theatres of combat such as the Afrikakorps in the Western Desert This title investigates all manner of German combat equipments throughout World War II from belt buckles to magazine pouches **Imperial German Colonial and Overseas Troops 1885-1918** Alejandro de Quesada, Chris Dale, 2013-08-20 This book tells and illustrates the little known story of Germany s 30 year episode as a colonial power in Africa and the Pacific and her enclave in China Under the ambitious young Kaiser Wilhelm II rivalry with the old colonial powers saw the protectorates originally established by trading companies transformed into crown colonies garrisoned by the newly raised Schutztruppe with emergency support from the Imperial Navy s Sea Battalions This book explains their organization and operations including the horrific 1904 07 Herero campaign in Southwest Africa It is illustrated with rare photos and with color plates detailing a wide variety of the

uniforms of German and native troops alike *Special Bibliography* ,1982 *Army of the Potomac* Philip Katcher,2013-08-20 For General George B McClellan the dejected Union troops who poured into Washington fresh from defeat at Bull Run on Monday 22 July 1861 were to provide the raw material which he would train equip organise and ultimately transform from a mere mob into an effective fighting force In October 1861 the Army of the Potomac officially came into being This entertaining volume from the same team of author Philip Katcher and artist Michael Youens who produced *Men at Arms* 37 The Army of Northern Virginia explores how this transition came about with a particular emphasis on weapons uniforms and equipment **The French Indochina War 1946-54** Martin Windrow,2013-06-20 The states of Indochina had been French colonies or protectorates since the 19th century However in March 1945 the Japanese interned all French troops and officials and turned over all civil government to local authorities The power vacuum caused by the Japanese surrender allowed the Viet Minh a strong revolutionary organisation to be established throughout Vietnam When the French returned to the north incidents between French and VM troops were inevitable negotiations collapsed and the French opted for a military solution This book examines the history of the conflict and the forces of both sides **The British Army 1939-45 (3)** Martin Brayley,2013-06-20 The lightning Japanese offensives in the Far East in 1941 42 inflicted a series of costly defeats on the ill prepared and badly supported British Commonwealth forces in Malaya and Burma The forgotten 14th Army on the India Burma border slowly built up its strength and its tactical expertise and Wingate s Chindits proved that units supplied from the air could operate deep behind enemy lines In 1944 General Slim s troops decisively smashed Japan s last offensive at Imphal and Kohima and over the next year they drove the enemy relentlessly back through Burma reducing them to starving fugitives by the final victory in August 1945 This concise summary of Britain s Far East campaigns is illustrated with many rare photographs and eight detailed colour plates *The Polish Army 1939-45* Steven J. Zaloga,2013-06-20 Poland was the first of the Allied nations to succumb to German aggression in the Second World War but by the most tortuous of routes her army managed to remain in the field through all five years of bloody fighting Polish soldiers fought in nearly every major campaign in the European theatre and their tale is a complicated and tragic one This richly detailed text by Steven Zaloga relates the story of the Polish Army during the Second World War from the first wave of Stukas in 1939 to its eventual conclusion **The Algerian War 1954-62** Martin Windrow,2013-06-20 It is hard to convey the public impact of France s war to maintain her colonial grip on Algeria yet in the late 1950s this ugly conflict dominated Europe s media to almost the same extent as would Vietnam ten years later It brought France to the very verge of military coup d etat it destroyed thousands of careers bitterly divided the French military and political classes for a generation and sent hundreds of thousands of European settler families into often ruinous exile This title details the history organisation equipment and uniforms of the forces involved *Lincoln's 90-Day Volunteers 1861* Ron Field,2013-07-20 On April 15th 1861 the day after the fall of Fort Sumter President Abraham Lincoln issued a call for 75 000 volunteers to enlist for three

months service to defend the Union This 90 day period proved entirely unrealistic and was followed by further and much more extensive mobilizations Despite this for the first few months the defence of the Capitol depended heavily on a hastily gathered but extremely loyal army of militiamen and volunteers Mostly inexperienced poorly trained weakly officered and provided with motley uniforms equipment and weapons they bought the Union time during the vital first months Through a wide range of period sources this title describes and illustrates the actual appearance of this diverse and colorful force including photographs eyewitness accounts in period newspapers and letters the reports of government agents and the records of the many manufacturers who received orders to clothe and equip their state troops American Indian Tribes of the Southwest Michael G Johnson,2013-04-20 This focuses on the history costume and material culture of the native peoples of North America It was in the Southwest modern Arizona New Mexico and parts of California and other neighboring states that the first major clashes took place between 16th century Spanish conquistadors and the indigenous peoples of North America This history of contact conflict and coexistence with first the Spanish then their Mexican settlers and finally the Americans gives a special flavor to the region Despite nearly 500 years of white settlement and pressure the traditional cultures of the peoples of the Southwest survive today more strongly than in any other region The best known clashes between the whites and the Indians of this region are the series of Apache wars particularly between the early 1860s and the late 1880s However there were other important regional campaigns over the centuries for example Coronado s battle against the Zuni at Hawikuh in 1540 during his search for the legendary Seven Cities of Cibola the Pueblo Revolt of 1680 and the Taos Revolt of 1847 and warriors of all of these are described and illustrated in this book **The New Zealand Wars 1820-72** Ian Knight,2013-03-20 Between 1845 and 1872 various groups of Maori were involved in a series of wars of resistance against British settlers The Maori had a fierce and long established warrior tradition and subduing them took a lengthy British Army commitment only surpassed in the Victorian period by that on the North West Frontier of India Warfare had been endemic in pre colonial New Zealand and Maori groups maintained fortified villages or pas The small early British coastal settlements were tolerated and in the 1820s a chief named Hongi Hika travelled to Britain with a missionary and returned laden with gifts He promptly exchanged these for muskets and began an aggressive 15 year expansion By the 1860s many Maori had acquired firearms and had perfected their bush warfare tactics In the last phase of the wars a religious movement Pai Maarire Hau Hau inspired remarkable guerrilla leaders such as Te Kooti Arikirangi to renewed resistance This final phase saw a reduction in British Army forces European victory was not total but led to a negotiated peace that preserved some of the Maori people s territories and freedoms *The French Foreign Legion* Martin Windrow,2013-09-20 It is arguable that no group of fighting men in the history of European arms has been so misrepresented by ill informed publicity as the French Foreign Legion Though initially conceived in 1831 as a means of drafting recently discharged foreign soldiers to Algeria the Legion has developed into a sophisticated force of motorized infantry airborne troops and light armour

In this book acclaimed French Army expert Martin Windrow examines the history and uniforms of the French Foreign Legion from its service in the Carlist War of 1835 36 to World War II and beyond debunking many of the prevalent myths surrounding this formidable force **The New Zealand Expeditionary Force in World War II** Wayne Stack,Barry

O'Sullivan,2013-03-20 In 1939 more than 140 000 New Zealanders enlisted to fight overseas during World War II Of these 104 000 served in the Second New Zealand Expeditionary Force Initially thrown into the doomed campaign to halt the German blitzkrieg on Greece and Crete 1941 the division was rebuilt under the leadership of MajGen Sir Bernard Freyberg and became the elite corps within Montgomery s Eighth Army in the desert After playing a vital role in the victory at El Alamein 1942 the Kiwis were the vanguard of the pursuit to Tunisia In 1943 45 the division was heavily engaged in the Italian mountains especially at Cassino 1944 it ended the war in Trieste Meanwhile a smaller NZ force supported US forces against the Japanese in the Solomons and New Guinea 1942 44 Fully illustrated with specially commissioned colour plates this is the story of the Second New Zealand Expeditionary Force s vital contribution to Allied victory in World War II

American Civil War Armies (4) Philip Katcher,2013-06-20 A concise illustrated study of the uniforms worn by the troops of 32 states in the US Civil War The War between the States is the term used for the American Civil War throughout much of the South even today Many on both sides not just the South felt that they were serving their states as much if not more than their central governments Many of the states agreed the state governments raising their own units commissioning their officers and supplying their men Indeed many of the units that fought the Civil War were supplied in large part by their own states rather than by the central government s quartermasters Philip Katcher s fascinating text explores the uniforms of 32 states from Alabama to Wisconsin supported by a selection of images throughout and 8 superb artwork plates depicting the uniforms and equipment of the state troops **The National Union Catalogs, 1963- ,1964**
