**Stories from The Delight of Hearts** Haydar-'Alí,1980     An empire of many cultures Diane Robinson-Dunn,2024-04-30 Based upon extensive archival research and bringing to life the words and actions of extraordinary individuals from the early 20th century this book calls into question contemporary assumptions about the appreciation of diversity as a solely postcolonial phenomenon It shows how Bah Muslim and Jewish leaders prior to and during WWI found value in the existence of many different religions races languages nations and ethnicities within the British Empire Recognition of this heterogeneity combined with sympathy for certain liberal traditions allowed those historical actors to engage with that imperial state and culture in ways that would have an impact on future generations and relevance to modern debates     **Journal of South Asian and Middle Eastern Studies** ,1985     *American Book Publishing Record* ,1983-04     Church and State Sen McGlinn,2005 This is a political theology for the Baha i Faith but it is also a philosophy for living in our globalized post modern society The author investigates the Baha i teachings concerning the separation of Church and State Government religion commerce art education and science are increasingly independent have different social functions relate differently to one another and have different meanings for us today This functional differentiation also drives the pluralism relativism and global scope of our post modern society In a society such as ours in which religious ritual is the mirror of individual distinctiveness not of collective identity in which permanent pluralism means that no one religion can provide common norms and values and in which the values of one sphere of life are not transferred to other spheres religion must find a new role in society The twentieth century has taught us that economic affairs cannot be governed by political ideologies that science must be free of doctrine that the dignity and autonomy of the individual must be respected and that church and state must be separated This is an exhaustive review of Baha i literature on the subject but the book also inquires into the scriptures of both Christianity and Islam to find that the separations of state from religion is a universal ideal Publisher s website     **Whitaker's Books in Print** ,1998     **Religious Books and Serials in Print, 1980-1981** ,1980     *Religious Books and Serials in Print* ,1982     *Subject Guide to Books in Print* ,1997     Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09     **Бахаи и Ахмадийат** Александр Валентинович Мартыненко,1996     *Books in Print* ,1982
