Stories Of Life And Death:

Stories of Life and Death Juan Ramón Jiménez, 2000-07-24 Over one hundred vignettes in *Stories of Life and Death* create haunting images of the author's favorite subjects: women in love, children coping with tragedy, eccentrics, the emotions of compassion, bitterness, envy, and longing. Meet Mercedita Saro, the shy, perfectly groomed beggar child of the local drunk whom Jimenez loves, protects, and treats with sweets forbidden by her father. And Max, the blue child, a West Indian boy traveling on the same ship as Jimenez to live with relatives in South America who covered his black face with white powder to look whiter to my brothers. See a woman in love, white, tender, bray, submissive, delicate, and the tiny ray of sun awakening a baby which has opened in his eyes a magic and flowery garden that holds him bewitched. Feel sadness at the death of a village girl, empathy for the mother of a sailor lost at sea, and compassion for an angry man who gets drunk for the first time. The author creates an impressionistic landscape with subtle nuances of light and shadow, leaving tantalizing ambiguities to be resolved only in the eye of the beholder. As might be assumed from the title bestowed on this work, Jimenez's prose and poetical observations of the world around him, previously encountered in *Platero and I*, take on a somewhat darker, more transcendent hue in this further collection. Gone is the unifying theme of itinerant man and donkey, and the physical boundaries of time and space. Here Jimenez allows his poetic vision to sweep far and wide, distilling and concentrating his art into thumbnail sketches of such disparate characters. Among many are a beggar girl, a grape harvester, an elderly canary, and even the moon itself. Prefaced by a scholarly introduction from the translator, this is a fine and sensitive translation which captures gloriously the sheer lyrical beauty of Jimenez's writing. *British Bulletin of Publications* To the End Michelle D. Ring, 2019-09-11 Death comes for all of us eventually. Whether that is the death of a person, a dream, or an idea, there is one thing that always remains the same: for the living, life goes on. In this unapologetically morbid collection, author Michelle D. Ring introduces a bevy of lost souls and loveable teenage ghosts who have all had the displeasure of learning about loss at much too early an age. From young princesses of Hell to grieving older sisters, each one of them has something to teach us about life, death, and the strength of human endurance. Both entertaining and reaffirming, this book will make you laugh, cry, and fear that which goes bump in the night. May its words distract you, comfort you, and provide you with a light at the end of the tunnel, a light that will keep you reading from the beginning all the way to the end. **Little Stories of Life and Death** @NHSWhistleblowr Dr David Drew, 2014-09-28 The NHS is a wonderful institution. It largely provides what its founders intended: medical care for all, from cradle to grave, free at the point of use and funded by general taxation. Nevertheless, it's not perfect. Scandals at the Bristol Children's Heart Unit and more recently at Stafford General Hospital, Furness General Hospital, and Heart of England Foundation Trust have shaken public confidence. Abysmal care and worse, the cover-up of patient harm and avoidable death, have come to light. It is against this background that I offer my own story. I was one of those doctors who spoke up for patients and suffered the consequences. The scandals of poor care and repeated cover-ups in the

When Life Meets Death Thomas W. Shane,1998 When Life Meets Death is a book of stories from people who have faced the ordinary yet overwhelming experience of the death of a loved one Some are the stories of the author s own loss and others are based on his professional experience as a chaplain This book tells the story from the perspective of those who are immersed in the experience Some of these stories are as common as the expected death of an elderly and ailing parent while others are as traumatic as the loss of a loved one in the Oklahoma City bombing disaster They are not objective truths about death so much as they are tales about the meaning and the mystery of people who must face the death of someone they love There are a number of ways to tell the truth about life but no way is more powerful than the use of story There are some human

experiences that are too deep for words only the majesty of a story can point to their meaning The moment of death is such a time The stories in *When Life Meets Death* are categorized into four sections that represent different times along the continuum of the experience of death These include On the Way the time prior to death when perhaps for the first time the truth of this final reality is evident and the sacredness of life is made clear At the Moment the transition from life to eternity is a time of good byes tells the tale of what it is like to say this final good bye When Death is Traumatic traumatic death is horrible for the one who dies and it leaves the survivors with conflicting feelings of grief anger and futility When It's Over the process of finding a new normal after death and eight steps of the grieving process There is of course always an explanation for death We can verify that death occurred how it came about and when it happened We need these kinds of truths But death is never only a scientific reality It marks the end of how one life was intricately woven into the lives of many others This kind of truth is recorded in the stories we tell about the one who died When Life Meets Death will disarm you so that truth and wisdom can find natural ways to enter your heart and soul It heals even as it calls forth sorrow
