Stories Of Reading Subjectivity And Literary Understanding:

Stories of Reading Michael Steig, **Literary Intention, Literary Interpretations, and Readers** John Maynard, 2009-04-17 This accessible personal and provocative study returns to the major subject in literary discussion before and during the relatively recent flourishing of literary theory that of literary intention Does the author s personal intention or historical site determine a correct interpretation of a literary work Probing the entire range of issues connected with this many faceted and knotty concept this book engages with interpretation on both theoretical and practical levels It argues that the hard questions about interpretation connected to issues of intention cannot be sidestepped or ignored It does not argue for conservative concepts of literature itself nor against the major historical engagements of critics in our time But in addressing those who continue to read or teach literature it does insist on a level of sophistication in issues of literary interpretation that cannot be assured by historical research and knowledge of the social and cultural connections to literary works The overall aim of the work is to recall readers to the great complexity pleasure and interest of literary interpretation

Cooperating with Written Texts Dieter Stein, 2011-03-01 No detailed description available for Cooperating with Written Texts *Literature and the Brain* Norman Norwood Holland, 2009 LITERATURE AND THE BRAIN goes straight to the human core of literature when it explains the different ways our brains convert stories poems plays and films into pleasure When we are deep into a film or book we find ourselves absorbed unaware of our bodies or our surroundings We don t doubt the existence of Spider Man or Harry Potter and we have real feelings about these purely imaginary beings Our brains are behaving oddly because we know we cannot act to change what we are seeing This is only one of the special ways our brains behave to with literature ways that LITERATURE AND THE BRAIN reveals 474 pp 13 ill *A Postcolonial Woman's Encounter with Moses and Miriam* Angeline M.G. Song, 2015-09-01 This book is grounded in a theorization of the author s personal story including growing up as a female adoptee of a single parent in a patriarchal context and current material context as an immigrant in New Zealand *Modernism, Narrative and Humanism* Paul Sheehan, 2002-08-01 In *Modernism Narrative and Humanism* Paul Sheehan attempts to redefine modernist narrative for the twenty first century For Sheehan modernism presents a major form of critique of the fundamental presumptions of humanism By pairing key modernist writers with philosophical critics of the humanist tradition he shows how modernists sought to discover humanism s inhuman potential He examines the development of narrative during the modernist period and sets it against among others the nineteenth century philosophical writings of Schopenhauer Darwin and Nietzsche Focusing on the major novels and poetics of Conrad Lawrence Woolf and Beckett Sheehan investigates these writers mistrust of humanist orthodoxy and their consequent transformations and disfigurations of narrative order He reveals the crucial link between the modernist novel s narrative concerns and its philosophical orientation in a book that will be of compelling interest to scholars of modernism and literary theory *Mystery fiction and modern life* , **Exodus and Deuteronomy** Athalya Brenner, 2012-06-15 The Texts

Contexts series gathers scholarly voices from diverse contexts and social locations to bring new or unfamiliar facets of biblical texts to light Exodus and Deuteronomy focuses attention on two books of the Torah that share themes of journey and of diverse experiences in or upon the land the echoes of the exodus across time space and culture of different understandings of male and female leadership and of the promise and problem posed by various aspects of biblical law These essays de center the often homogeneous first world orientation of much biblical scholarship and open up new possibilities for discovery

Empathy and the Novel Suzanne Keen, 2007-04-19 Does empathy felt while reading fiction actually cultivate a sense of connection leading to altruistic actions on behalf of real others Empathy and the Novel presents a comprehensive account of the relationships among novel reading empathy and altruism Drawing on psychology narrative theory neuroscience literary history philosophy and recent scholarship in discourse processing Keen brings together resources and challenges for the literary study of empathy and the psychological study of fiction reading Empathy robustly enters into affective responses to fiction yet its role in shaping the behavior of emotional readers has been debated for three centuries Keen surveys these debates and illustrates the techniques that invite empathetic response She argues that the perception of fictiveness increases the likelihood of readers empathy in part by releasing them from the guarded responses necessitated by the demands of real others Narrative empathy is a strategy and subject of contemporary novelists from around the world writers who tacitly endorse the potential universality of human emotions when they call upon their readers empathy If narrative empathy is to be taken seriously Keen suggests then women s reading and responses to popular fiction occupy a central position in literary inquiry and cognitive literary studies should extend its range beyond canonical novels In short Keen s study extends the playing field for literature practitioners causing it to resemble more closely that wide open landscape inhabited by readers

Rowing in Eden Martha Nell Smith, 2010-07-05 Emily Dickinson wrote a letter to the world and left it lying in her drawer more than a century ago This widely admired epistle was her poems which were never conventionally published in book form during her lifetime Since the posthumous discovery of her work general readers and literary scholars alike have puzzled over this paradox of wanting to communicate widely and yet apparently refusing to publish In this pathbreaking study Martha Nell Smith unravels the paradox by boldly recasting two of the oldest and still most frequently asked questions about Emily Dickinson Why didn t she publish more poems while she was alive and Who was her most important contemporary audience Regarding the question of publication Smith urges a reconception of the act of publication itself She argues that Dickinson did publish her work in letters and in forty manuscript books that circulated among a cultured network of correspondents most important of whom was her sister in law Susan Huntington Gilbert Dickinson Rather than considering this material unpublished because unprinted Smith views its alternative publication as a conscious strategy on the poet s part a daring poetic experiment that also included Dickinson s unusual punctuation line breaks stanza divisions calligraphic orthography and bookmaking all the characteristics that later editors tried to standardize or eliminate in

preparing the poems for printing Dickinson's relationship with her most important reader Sue Dickinson has also been lost or distorted by multiple levels of censorship Smith finds Emphasizing the poet sustaining aspects of the passionate bonds between the two women Smith shows that their relationship was both textual and sexual Based on study of the actual holograph poems Smith reveals the extent of Sue Dickinson's collaboration in the production of poems most notably Safe in Their Alabaster Chambers This finding will surely challenge the popular conception of the isolated withdrawn Emily Dickinson Well versed in poststructuralist feminist and new textual criticism Rowing in Eden uncovers the process by which the conventional portrait of Emily Dickinson was drawn and offers readers a chance to go back to original letters and poems and look at the poet and her work through new eyes It will be of great interest to a wide audience in literary and feminist studies
