Travel Tales Collections: Airplane Stories Michael Brein, Ph.D., 2015-04-20 The Travel Tales Collection Airplane Stories No 9 April 2015 is part of Michael Brein's Collections travel tales series and contains among the best travel stories from Michael's huge collection of travel tales that he has gathered in interviews with nearly 1 750 world travelers and adventurers during his four decades of travel to more than 125 countries throughout the world Travel Tales Collections are groups of very interesting similar travel stories of a kind on a variety of very specific travel subjects themes or countries such as close calls great escapes pickpocketing scams safety and security in travel Paris Morocco Mexico and so on Eventually several hundred Collections on all sorts of specific travel subjects themes and countries will be available on all the major eReaders An airline story is in the news today And so it goes There's hardly a day now that an airline incident of some sort or another is not in the news We're taking a lot closer look at air travel these days than ever before Therefore as regards the psychology of travel we should take a much closer look at what actually happens on airplanes And so in The Travel Psychologist Travel Tales Series that's exactly what I do Air travel life stories include the full range of the human air travel experience from pre boarding incidents to arrivals from the cabin to the loo from the public and private lives of airline personnel as well as passengers from the pilots to the stewards to you from that which makes us laugh to that which makes us cry as well as unfortunately to that which creates abject fear and terror in the skies Air travel is now more in the public eye than ever before Thus it is no wonder now that regarding the experience of traveling in the skies like any other aspect of travel we are not only more circumspect than ever before we are on closer view now much more aware of how air travel is now seen to elicit the full range of the human experience And in this one particular unique microcosmic window of scrutiny we see that air travel is but one unique travel environment in a cornucopia of many others and one that is neither unimportant insignificant indistinct nor independent with respect to the overall experience of travel Love it hate it or simply endure it the lure of traveling in the skies whether as just a means to a place or as an end in and of itself the activity of flying per se airplane travel stories not only endure they are on the increase Whether you've survived a crash been bombed by terrorists been part and parcel of other scares and frights been harassed upon departure or on arrival or even laughed yourself stupid on a flight your tales are memorable and it is my personal mission that some of them are repeated here Introduction to Travel Tales of Airplanes Terror in the Skies Part 1 Travel Tales of Airplanes Terror in the Skies is divided into two parts simply because there is so much material Part 1 appears here in the current Travel Tales Collection issue No 9 Apr 2015 and serves as a general introduction to this subject matter Part 2 The unabridged expanded forthcoming ebook Travel Tales of Airplanes Terror in the Skies part of The Travel Psychologist Travel Tales Series is a larger volume and includes both Parts 1 and 2 The travel stories in Part 1 consist mainly of the personal air travel tales of Michael Brein me the author plus those of a few other contributors The travel stories in Part 2 are largely the air travel stories of world travelers and adventurers whom I've

encountered and interviewed all throughout my travels over the last four decades to 125 countries Mostly your own air travel will typically be exciting interesting and without incident but odd things can and do happen to you at almost any turn along the way in your travels and air travel is no exception Unfortunately the restricted constricted and microcosmic environment of the airplane lends itself sometimes to a variety of episodes illustrating the vagaries of the human temperament and behavior that rear their ugliness on airplanes from time to time whereby air passengers and crew sometimes act and behave in ways that are often atypical and different from how we normally would behave at home I hope only peaceful and laughable events happen to you in your air travels I sincerely hope that the negative travel tales of airplanes do not happen to you in your own travels If something interesting happens to you in your air travels you deserve to also be in these pages Got an interesting travel tale for The Travel Psychologist Travel Tales Series Please contact Michael Brein at michaelbrein gmail com Note Some stories may be repeated in other eBooks in the series depending on the countries and subjects covered

you want to write and keep you going until you get there *Safety and Security for Women Who Travel* Sheila Swan, Peter Laufer, 2004 This book equips women with a cache of valuable advice on how to gain awareness and stay centered in all situations to enjoy the pleasures not the pitfalls of travel Revised and updated with new chapters and expanded information the collection features must have safety wisdom for all women on the road **The Best Women's Travel Writing 2005** Lucy McCauley, 2005 These tales are thematically eclectic and cover spiritual growth hilarity and misadventure romance solo journeys service to humanity family travel and exotic cuisine all told from a woman's perspective **Travel Tales Collections: Toilet Stories** Michael Brein, Ph.D., 2015-03-18 The Travel Tales Collection Toilet Stories No 8 March 2015 is part of Michael Brein's Collections travel tales series and contains among the best travel stories from Michael's huge collection of travel tales that he has gathered in interviews with nearly 1 750 world travelers and adventurers during his four decades of travel to more than 125 countries throughout the world Travel Tales Collections are groups of very interesting similar travel stories of a kind on a variety of very specific travel subjects themes or countries such as close calls great escapes pickpocketing scams safety and security in travel Paris Morocco Mexico and so on Eventually several hundred Collections on all sorts of specific travel subjects themes and countries will be available on all the major eReaders In the previous issue of Travel Tales Collections No 7 Feb 2015 I included a selection of food and drink experiences that you can have in your travels Therefore it is only fitting after covering food and drink travel stories that we now turn our attention to what inevitably comes next or later namely the subject of toilets in travel After all toilet experiences are an unfortunate but essential aspect of living that like it or no we all must come to terms with whether on the home front or in strange exotic foreign lands Being often beset with culture shock issues almost at every turn especially in third world countries the necessity of dealing with toilets where to find them what to do about them and how to use them even elicits from many travelers nothing less than abject terror Thus for instance when nature calls and you have barely a clue as to what to do about it or where to go well for many it is in the least horribly anxiety provoking and for others nothing less than horrifying and debilitating For in the best of all possible worlds namely in your home where you have your bathroom all set up just as you like it with an ample supply of paper toilet tissue rolls a great functioning sink fresh safe water nearby reading matter in a word you have conveniently all the first world accouterments for dealing with the art and science of defecation fit for a king or queen no less at least in your own private castle on your own private throne But what if you find yourself in a third world outback where you are bluntly faced with nothing but a bare hole in the ground and with NO paper of any kind anywhere in sight And what if there are piles of human feces and hordes of flies at just about nearly every turn and in every corner You have the stark realization that you are not in Kansas anymore Are you of the proper mindset to deal with all of this Be it as it may there is of course much humor surrounding the subject of toilets in travel and considerable disgust as well In this issue we pull no punches and deal with the subject of toilets overseas head on Pun intended They say that in travel people often

ask the same basic sorts of questions over and over again when they meet for the first time Where are you from What do you do Where are you going and on and on It should not be at all surprising therefore that one of the typical morning topics of conversation among travelers in the third world often is however disgusting and revolting this may be and maybe the number one or number two pun intended things travelers talk about together during their early mornings I swear this is true whether they ve had a good dump or not Or Did you have diarrhea again Or Did you drink the water It is about all this crap literally and figuratively there is no escaping it Call it all TMI too much information but it s about what starts you off on a good or a bad day And it IS after all what you really do talk about Some of the toilet stories I ve gathered are truly hilarious and some sad to say are not It s a third world out there and if you are not prepared for it BEWARE The pages in this ebook will make you much more aware But be forewarned this ebook is not for the faint of heart Oh yeah you will laugh your okole Hawaiian for butt off and if you re not quite ready for it it just might dissuade you from really truly roughing it However discouraging you from third world travel is not my purpose rather it is to inform you enlighten you and prepare you somewhat for the inevitable consequences of drinking the ice or water eating unpeeled fruits or veggies eating some street food or crossing that stream with an open sore any of which may have some unpleasant and unintended consequences in store for you My advice to you is this if you are squeamish about toilets in the third world perhaps you should think about making alternate travel plans In any event the travel tales of toilets which follow should help prepare you for such adventures When nature calls you and you have NO where to go or not much of an idea of what you can do about it well you will have earned yourself a place in these very pages

learned and what is to be gained How can this be made to happen again Or NOT at all Michael Brein is sure that you will be mesmerized and captivated by the stories you read in his Travel Tales Monthly and in his Travel Psychologist Travel Tales Series In this Issue No 4 Oct 2014 Michael Brein s Travel Tales Monthly Bookazine Issue No 4 for October 2014 contains among the best travel stories from Michael s huge collection of about 10 000 travel tales that he has gathered in interviews with nearly 1 750 world travelers and adventurers during his four decades of travel to more than 125 countries throughout the world The 10 travel tales that are featured for October as well as each following month include a fascinating mix of travel stories as well as a few brief vignettes The October issue features such tales as The Hug Les Ugly Americans and The Red Dodge whereby travelers get themselves into trouble by behaving and acting in ways that make them Persona Non Grata overseas It is difficult enough to be culturally sensitive back home But what are the consequences of being insensitive in a strange foreign land What do you do And if that is not enough for you how about Run Run our featured story for this month about an ugly American who in spite of himself commits a series of simple cultural faux pas in Kathmandu contrary to the good advice of a friend a beautiful American this time which gets out of hand and morphs into a very scary close call involving his worst nightmare and a possible threat to his life You are going to consider this month what goes into being the Good Bad and the Ugly of travel And you will also see some aspects of travel that you may not ever have considered before And once again you will certainly experience vicariously those odd vagaries of travel life that can await you and can suddenly appear just around the corner at about any turn along the way Dr Loren Ekroth our guest contributor for this month revisits us with some very good travel advice and picks [Travel Tales Collections: African Safaris](#) Michael Brein, Ph.D., 2014-10-20 Michael Brein s Travel Tales Collections is a monthly bookazine release of three very interesting similar travel stories of a kind on a variety of very specific travel subjects themes or countries such as close calls great escapes scams wildlife Paris Morocco Mexico and so on Collections are small groups of similar travel tales making their way into ebooks in The Travel Psychologist Travel Tales eBook Series Say for example you are interested in the subject of pickpockets You ll read in the Collection on pickpocketing several travel stories about how several people dealt with pickpockets in their travels So are you maybe Interested in specific travel stories about France African safaris safety and security overseas mystical experiences rogues and characters ghosts and the paranormal the Cold War Soviet Union from hell travel tales or what have you Eventually there will be up to several hundred Collections on an extensive variety of very interesting travel subjects and themes to choose from Simply select any Collections that suit your specific travel interests You wouldn t believe the incredible stories people have told me about their travels These are simply stated great stories Travel Tales Collections No 1 Aug 2014 African Safaris 1 Michael Brein s Travel Tales Collection African Safaris 1 features several wildlife tales including Cape buffaloes errant hippos and even a wayward hyena named Spot These are simply stated great stories Travel Tales Collections African Safaris 1 is the very first of the Collections series and contains three among the best travel stories about
