Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1978 Psychiatry and the Cults John A. Saliba,2018-09-24 Originally published in 1987 this title was compiled in response to the concern in some segments of society about the presence of new religious movements in the West in the second half of the twentieth century There are lots of psychological questions surrounding cults and the influence they have over their members These questions have been operative in the accumulation of this annotated bibliography which was intended primarily as a reference guide for psychiatrists and counsellors who advise cult members ex cult members and their bewildered parents and lawyers who use psychiatric arguments in the courts **Jung and the Lost Gospels** Stephan A. Hoeller,1989-10-01 The Lost Gospels refer to the Dead Sea Scrolls and the Nag Hammadi Library both discovered in the 1940s The Nag Hammadi Library consists of writings found by two peasants who unearthed clay jars in 1945 in upper Egypt These did not appear in English for 32 years because the right to publish was contended by scholars politicians and antique dealers The Dead Sea Scrolls discovered in clay jars in Palestine by a goatherder in 1947 weathered similar storms The first team of analysts were mostly Christian clergy who weren't anxious to share material that frightened church leaders As Dr Hoeller shows they rightly feared the documents would reveal information that might detract from unique claims of Christianity Indeed the Dead Sea Scrolls and Nag Hammadi Library both contradict and complement accepted tenets of the Old and New Testaments *Routledge Library Editions: Psychiatry* Various,2021-07-28 Psychiatry is a medical field concerned with the diagnosis treatment and prevention of mental health conditions Routledge Library Editions Psychiatry 24 Volume set brings together titles originally published between 1958 and 1997 The set demonstrates the varied nature of mental health and how we as a society deal with it Covering a number of areas including child and adolescent psychiatry alternatives to psychiatry the history of mental health and psychiatric epidemiology **The Theosophist** Henry Steel Olcott,Annie Besant,George Sydney Arundale,1977

Storming The Heavens Antonio Santosuosso,2018-03-09 In the closing years of the second century B C the ancient world watched as the Roman armies maintained clear superiority over all they surveyed But social turmoil prevailed at the heart of her territories led by an increasing number of dispossessed farmers too little manpower for the army and an inevitable conflict with the allies who had fought side by side with the Romans to establish Roman dominion Storming the Heavens looks at this dramatic history from a variety of angles What changed most radically Santosuosso argues was the behavior of soldiers in the Roman armies The troops became the enemies within their pillage and slaughter of fellow citizens indiscriminate their loyalty not to the Republic but to their leaders as long as they were ample providers of booty By opening the military ranks to all the new army abandoned its role as depository of the values of the upper classes and the propertied Instead it became an institution of the poor and drain on the power of the Empire Santosuosso also investigates other topics

such as the monopoly of military power in the hands of a few the connection between the armed forces and the cherished values of the state the manipulation of the lower classes so that they would accept the view of life control and power dictated by the oligarchy and the subjugation and dehumanization of subject peoples whether they be Gauls Britons Germans Africans or even the Romans themselves
