

Madeiran Storm Petrel

typical expressions of *Madeiras*, characterized by chunky build, square-ended tail, narrow white rump-crescent and comparatively weak carpal bar

a poorly appreciated identification pitfall is provided by 'billhook' flying with legs retracted, when it can look remarkably like 'band-rumped', 'billhook' smaller size, slight bill, shorter arm, more prominent carpal bar and more extensive white on rump are diagnostic

Leach's

Madeiran

moulting Leach's in late autumn may look an almost look in the tail and are sometimes mistaken for Madeiran; note Leach's' more prominent carpal bar and more extensive white 'rump' though Madeiran often has some white on side of rump than Leach's; at long range Madeiran usually looks almost entirely dark blackish-brown with a narrow white 'rump'

fresh

plain, dark underwing, rather silky gleam in sunlight

square-ended, little or no notch

carpal bar not very pronounced but becoming a little more obvious with wear

usually a narrow white crescent, but variable; deeper band in some birds

rather bossy tail

Stormy Petrel in Linguistics Robert Anderson Hall,1975

Stormy Petrel in Linguistics Robert A. Hall (jr.),1975

Stormy Petrel Flies Again Robert Anderson Hall,1980

Linguistics and Pseudo-linguistics Robert Anderson

Hall,1987-01-01 The doctrines of transformational generative grammar as promulgated in 1957 with frequent later emendations have on occasion been criticised sometimes severely Such criticism have however appeared mostly in article form and mostly in relatively inaccessible places Discussions in bookform have been rare In this book the criticism offered by Professor Hall over more than twenty years have been brought together They cover the range of linguistic structure phonology morphosyntax and semantics general theory and the history of linguistics In these essays the many short comings of transformational generative grammar are revealed by critical examination with inevitably negative conclusions The two final essays of the book deal with parallel aberrations in current literary theory especially Derridian radical skepticism concerning language and deconstruction as viewed from a linguistic stand point

A Stormy Petrel: The Life and Times of John Pope Hennessy P. Kevin MacKeown,2019-11 Many words have been used to describe John Pope Hennessy the former governor of Hong Kong Controversial is perhaps the briefest way to outline his character Yet we may be guilty of ascribing modern ideas to our understanding of characters of the past An Irish Catholic raised during the age of empire and rising nationalism a devout Tory and Disraeli follower a believer in both the benefits of empire and a patron of local talent in his postings it is easy to view Pope Hennessy as a man of contradictions This volume traces Pope Hennessy s history from his early beginnings in famine Ireland to his attempts to rise through the ranks in London It goes on to cover his early postings to Labuan West Africa and of course Hong Kong as well as his final days with his family His actions and his personality are laid bare for readers fo form their own opinions of one of Hong Kong s most enigmatic governors As to Sir J P Hennessy the less said the better His acts speak powerfully enough The centre of his world was he himself But with all the crowd of dark and bright powers that were wrestling within him he could not help doing some good Dr Ernst Johann Eitel Missionary sinologist and John Pope Hennessy s private secretary

American Linguistics in Transition Frederick J.

Newmeyer,2022-06-16 This volume is devoted to a major chapter in the history of linguistics in the United States the period from the 1930s to the 1980s and focuses primarily on the transition from post Bloomfieldian structural linguistics to early generative grammar The first three chapters in the book discuss the rise of structuralism in the 1930s the interplay between American and European structuralism and the publication of Joos s Readings in Linguistics in 1957 Later chapters explore the beginnings of generative grammar and the reaction to it from structural linguists how generativists made their ideas more widely known the response to generativism in Europe and the resistance to the new theory by leading structuralists which continued into the 1980s The final chapter demonstrates that contrary to what has often been claimed generative grammarians were not in fact organizationally dominant in the field in the United States in the 1970s and 1980s

History

of Linguistics, 1993 Kurt R. Jankowsky, 1995-01-01 The 32 papers of this volume were selected from 78 papers read at ICHoLS VI were contributed by linguists from 16 countries of Europe Asia and the Americas They are presented in six sections 1 General Concerns 2 Oriental Linguistics and Related Issues 3 From the Early Middle Ages to the End of the 17th Century 4 On 19th century European Linguistics 5 On the Verge of Modernity From the 19th to the 20th Century 6 Contemporary Issues Individual topics range from dealing with overriding concerns of linguistic historiography to focusing on specific fields of inquiry within a limited frame and involving a large variety of topical areas Most of the papers are written in English The exceptions are one French and two German contributions

History of Linguistics 2021 Savina Raynaud, Maria Paola Tenchini, Enrica Galazzi, 2024-11-15 This volume comprises two invited talks and fifteen selected papers chosen from over 200 submissions to the 15th International Conference on the History of Language Sciences ICHoLS XV Originally scheduled to be held in Milan in 2020 the conference was postponed and moved online due to the COVID 19 pandemic Held from August 23 27 2021 it connected scholars from 30 countries across various time zones The volume is divided into three parts The first part devoted to General and Particular Issues in the History of Linguistics recalls classical authors in relation to contemporary ones as well as newly established disciplines and subtle epistemological inquiries The second part Antiquity mainly investigates the Sanskrit language and various descriptive and didactic studies approached from both ancient and contemporary metalinguistic frameworks The third part deals with Sixteenth to Twentieth Century Works ranging from the Tamil language to American archives and from experimental phonostylistics to the history of monosemy

Theory Groups and the Study of Language in North America Stephen O. Murray, 1994 Theory Groups in the Study of Language in North America provides a detailed social history of traditions and revolutionary challenges to traditions within North American linguistics especially within 20th century anthropological linguistics After showing substantial differences between Bloomfield s and neo Bloomfieldian theorizing Murray shows that early transformational generative work on syntax grew out of neo Bloomfieldian structuralism and was promoted by neo Bloomfieldian gatekeepers in particular longtime Language editor Bernard Bloch The central case studies of the book contrast the increasingly revolutionary rhetoric of transformational generative grammarians with rhetorics of continuity emitted by two linguistic anthropology groupings that began simultaneously with TGG in the late 1950s the ethnography of communication and ethnoscience

Essays in the History of Linguistic Anthropology Dell H. Hymes, 1983 Anthropology and linguistics as historically developing disciplines have had partly separate roots and traditions In particular settings and in general the two disciplines have partly shared partly differed in the nature of their materials their favorite types of problem the personalities of their dominant figures their relations with other disciplines and intellectual current The two disciplines have also varied in their interrelation with each other and the society about them Institutional arrangements have reflected the varying degrees of kinship kithship and separation Such relationships themselves form a topic that is central to a history of linguistic

anthropology yet marginal to a self contained history of linguistics or anthropology as either would be conceived by most authors There exists not only a subject matter for a history of linguistic anthropology but also a definite need Women, Language and Linguistics Julia S. Falk,2002-01-31 This book explores the vital part which women have played in preserving a linguistics based on the reality and experience of language bringing to light a much neglected perspective for those working in linguistics

Universal Grammar in Second-Language Acquisition Margaret Thomas,2004-07-31 From the ancient Mediterranean world to the present day our conceptions of what is universal in language have interacted with our experiences of language learning This book tells two stories the story of how scholars in the west have conceived of the fact that human languages share important properties despite their obvious differences and the story of how westerners have understood the nature of second or foreign language learning In narrating these two stories the author argues that modern second language acquisition theory needs to reassess what counts as its own past The book addresses Greek contributions to the prehistory of universal grammar Roman bilingualism the emergence of the first foreign language grammars in the early Middle Ages and the Medieval speculative grammarians efforts to define the essentials of human language The author shows how after the renaissance expanded people s awareness of language differences scholars returned to the questions of universals in the context of second language learning including in the 1660 Port Royal grammar which Chomsky notoriously celebrated in Cartesian Linguistics The book then looks at how Post Saussurean European linguistics and American structuralism up to modern generative grammar have each differently conceived of universals and language learning Universal Grammar in Second Language Acquisition is a remarkable contribution to the history of linguistics and will be essential reading for students and scholars of linguistics specialists in second language acquisition and language teacher educators

History of Linguistics 2011 Vadim Kasevich,Yuri A. Kleiner,Patrick Sériot,2014-08-29 This volume brings together a selection of papers presented at the 12th International Conference on the History of the Language Sciences ICHoLS XII held in St Petersburg Russia 28 August 2 September 2011 It begins with contributions on 17th century rationalist ideas and practical grammar writing and then covers a great variety of 18th and 19th century topics from Western grammars of Chinese to Saussure s remarks on semiology of the years 1881 1891 The most noteworthy feature however is an entire section devoted to linguistics in Russia from the early Soviet period until the 1950s including attempts to establish a Marxist view of language as well as phases to critically adapt Western ideas and at times efforts to participate successfully in international linguistic scholarship both in phonetics and semantics Leonard Bloomfield: Reviews and meaning ,1999

Lexicon Grammaticorum Harro Stammerjohann,2009-06-02 Lexicon Grammaticorum is a biographical and bibliographical reference work on the history of all the world s traditions of linguistics Each article consists of a short definition details of the life work and influence of the subject and a primary and secondary bibliography The authors include some of the most renowned linguistic scholars alive today For the second edition twenty co editors were commissioned to

propose articles and authors for their areas of expertise Thus this edition contains some 500 new articles by more than 400 authors from 25 countries in addition to the completely revised 1 500 articles from the first edition Attention has been paid to making the articles more reader friendly in particular by resolving abbreviations in the textual sections Key features essential reference book for linguists worldwide 500 new articles over 400 contributors of 25 countries **The Bloomsbury**

Handbook of Saussure John E. Joseph, 2025-07-10 For linguistics Ferdinand de Saussure is the defining figure of its modern period For semiotics too he is the founding figure within Europe alongside Peirce in America Yet Saussure's influence reaches far beyond linguistics and semiotics through the structuralism which his teaching inspired in the decades following his death and even the post structuralism which followed it With chapters written by leading scholars from across the world this detailed and comprehensive volume charts the significance of Saussure's work across the wide range of fields in which it had an impact providing a thorough understanding and the definitive guide to his ideas and legacy Divided into four parts the book first explores Saussure's life and career including his published and unpublished work Part Two is devoted to the Course in General Linguistics which is dissected across five chapters to offer a highly detailed account of the most important book within modern linguistics Part Three traces the Course and its leading ideas across the ensuing decades as Saussure became the acknowledged founding figure not just of modern linguistics and semiotics but of a structuralism which was not limited by academic field Lastly Part Four highlights key themes and topics for close attention offering an even greater depth of insight into the life work and reception of Saussure **Interdisciplinary Studies in Pragmatics, Culture and Society**

Alessandro Capone, Jacob L. Mey, 2015-07-31 This volume is part of the series Pragmatics Philosophy and Psychology edited for Springer by Alessandro Capone It is intended for an audience of undergraduate and graduate students as well as postgraduate and advanced researchers This volume focuses on societal pragmatics One of the main concerns of societal pragmatics is the world of language users We are interested in the investigation of linguistic practices in the context of societal practices praxis to use a term used in the Wittgensteinian and other traditions It is clear that the world of users including their practices their culture and their social aims has to be taken into account and seriously investigated when we deal with the pragmatics of language It is not enough to discuss principles of language use solely in the guise of abstract theoretical tools Consequently the present volume focuses explicitly on the interplay of abstract theoretical principles and the necessities imposed by societal contexts often requiring a more flexible use of such theoretical tools The volume includes articles on pragmemes politeness and anti politeness dialogue joint utterances discourse markers pragmatics and the law institutional discourse critical discourse analysis pragmatics and culture cultural scripts argumentation theory connectives and argumentation language games and psychotherapy slurs the analysis of funerary rites as well as an authoritative chapter by Jacob L Mey on societal pragmatics **Roman Jakobson** Daniel Armstrong, C. H. van Schooneveld, 2020-10-26 No

detailed description available for Roman Jakobson **First Person Singular II** E. F. K. Koerner, 1991-01-01 This sequel to

First Person Singular 1980 presents autobiographical sketches of 15 eminent scholars in the language sciences. These personal reminiscences on their careers in linguistics reflect developments in the field over the past decades and shed light on the role each of them played and the influences they underwent. This book is a valuable source for scholars of the history of ideas in general and for historiographers of linguistics in particular while it makes interesting reading for every linguist interested in the history of the discipline. The volume includes photographs of all contributors and is completed by an index of names and an index of subjects and languages. Historiographia linguistica, 1984
