Fashioning the City Agnès Rocamora, 2009-04-30 While much attention has been paid to the making of Paris in the work of writers and artists little is known about the city as defined and created by the fashion media Filling this gap in studies of the French capital this original and illuminating book focuses on how the French fashion press with its rich conjunction of words and images has been able to construct Paris as a leading world fashion city Based in an original analysis of fashion writing and images in contemporary French fashion magazines and newspapers the book shows how the fashion media have been central to the consecration of the city of Paris on the fashion map as well as its celebration in the collective imaginary Agnes Rocamora explores for example the figures of la Parisienne and la passante the female passer by and the presence of the Eiffel tower in fashion visuals She gives attention to the continuum between the French journalistic discourse and that of cultural forms such as films paintings and literature thus revealing the persistence across texts and time of visions of Paris and shedding light on the production and reproduction of the Paris myth **Paris, Capital of Fashion** Valerie

Steele, 2019-09-05 Paris Capital of Fashion accompanies a major exhibition at The Museum at FIT New York s only museum dedicated solely to the art of fashion This lavishly illustrated book is edited by MFIT s director and chief curator Valerie Steele also the author of the acclaimed Paris Fashion A Cultural History This new book opens with an important essay on how and why Paris became famous as the international capital of fashion Steele traces how the mythic aura of Paris fashion was constructed over generations as the splendour of the court at Versailles came to be echoed by the spectacle of the haute couture Yet Paris has faced repeated challenges from other fashion capitals especially London Milan and New York Essays by Christopher Breward David Gilbert Grazia d Annunzio and Antonia Finnane place Paris within a broader global narrative while Sophie Kurkdjian investigates the cultural value of the Parisian couture and Agn s Rocomora explores the online imagery of the chic Parisienne As The New Yorker recently put it Paris is the most glamorous and competitive of the world s

fashion capitals No other city has been branded Fashion as Paris has By opening the study of Paris fashion to new approaches this book explains why Paris still retains its position as the world's undisputed fashion capital **Cities and Design** Paul L. Knox, 2010-07-12 Cities initially a product of the manufacturing era have been thoroughly remade in the image of consumer society Competitive spending among affluent households has intensified the importance of style and design at every scale and design professions have grown in size and importance reflecting distinctive geographies and locating disproportionately in cities most intimately connected with global systems of key business services Meanwhile many observers still believe good design can make positive contributions to people's lives Cities and Design explores the complex relationships between design and urban environments It traces the intellectual roots of urban design presents a critical appraisal of the imprint and effectiveness of design professions in shaping urban environments examines the role of design in the material culture of contemporary cities and explores the complex linkages among designers producers and distributors in contemporary cities for example fashion and graphic design in New York architecture fashion and publishing in London furniture industrial design interior design and fashion in Milan haute couture in Paris and so on This book offers a distinctive social science perspective on the economic and cultural context of design in contemporary cities presenting cities themselves as settings for design design services and the affect associated with design **Paris Fashion** Valerie Steele, 2017-09-21

Paris has been the international capital of fashion for more than 300 years Even before the rise of the haute couture Parisians were notorious for their obsession with fashion and foreigners eagerly followed their lead From Charles Frederick Worth to Gabrielle Coco Chanel Christian Dior and Yves Saint Laurent fashion history is dominated by the names of Parisian couturiers But Valerie Steele's Paris Fashion is much more than just a history of great designers This fascinating book demonstrates that the success of Paris ultimately rests on the strength of its fashion culture created by a host of fashion performers and spectators including actresses dandies milliners artists and writers First published in 1988 to great international acclaim this pioneering book has now been completely revised and brought up to date encompassing the rise of fashion's multiple world cities in the 21st century Lavishly illustrated deeply learned and elegantly written Valerie Steele's masterwork explores with brilliance and flair why Paris remains the capital of fashion **Italian Style** Eugenia Paulicelli, 2016-09-22 This is the first in depth book length study on fashion and Italian cinema from the silent film to the present Italian cinema launched Italian fashion to the world The book is the story of this launch The creation of an Italian style and fashion as they are perceived today especially by foreigners was a product of the post World War II years Before then Parisian fashion had dominated Europe and the world Just as fashion was part of Parisian and French national identity the book explores the process of shaping and inventing an Italian style and fashion that ran parallel to and at times took the lead in the creation of an Italian national identity In bringing to the fore these intersections as well as emphasizing the importance of craft in cinema fashion and costume design the book aims to offer new visions of films by directors such as

Nino Oxilia Mario Camerini Alessandro Blasetti Federico Fellini Michelangelo Antonioni Luchino Visconti and Paolo Sorrentino of film stars such as Lyda Borelli Francesca Bertini Pina Menichelli Lucia Bos Monica Vitti Marcello Mastroianni Toni Servillo and others and the costume archives and designers who have been central to the development of Made in Italy and Italian style

Paris Anthony Sutcliffe, 1993-01-01 In this extensively illustrated work one of Paris leading historians links the beauty of the city to its harmonious architecture the product of a powerful tradition of classical design running from the Renaissance through the 20th century
