Subtle Bodies Representing Angels In Byzantium The Transformation Of The Classical Heritage:

Subtle Bodies, 2001 Explores the strategies used by Byzantine artists to represent the incorporeal forms of angels and the rationalizations in defence of their representations mustered by theologians in the face of iconoclastic opposition These problems of representation provide a window on Late Antique thought *Subtle Bodies* Glenn Peers, 2001-02-14 Throughout the course of Byzantine history Christian doctrine taught that angels have a powerful place in cosmology It also taught that angels were immaterial bodiless invisible beings But if that were the case how could they be visualized and depicted in icons and other works of art This book describes the strategies used by Byzantine artists to represent the incorporeal forms of angels and the rationalizations in defense of their representations mustered by theologians in the face of iconoclastic opposition Glenn Peers demonstrates that these problems of representation provide a unique window on Late Antique thought in general **The Ways That Never Parted** Adam H. Becker, Annette Yoshiko Reed, The first paperback edition of the hardcover published by Mohr Siebeck in 2003 Startling state of the art essays on Jewish Christian relations in antiquity Includes a new preface by the editors discussing scholarships since 2003 *Byzantium in the Iconoclast Era, C. 680-850* Leslie Brubaker, John Haldon, 2011-01-06 A major revisionist survey of this most elusive and fascinating period in medieval history **The Corporeal Imagination** Patricia Cox Miller, 2012-02-28 With few exceptions the scholarship on religion in late antiquity has emphasized its tendencies toward transcendence abstraction and spirit at the expense of matter In *The Corporeal Imagination* Patricia Cox Miller argues instead that ancient Christianity took a material turn between the fourth and seventh centuries During this period Miller contends there occurred a major shift in the ways in which the human being was oriented in relation to the divine a shift that reconfigured the relationship between materiality and meaning in a positive direction *The Corporeal Imagination* is a groundbreaking investigation into the theological poetics of material substance in late ancient Christian texts From hagiographies to literary descriptions of sacred paintings to treatises on relics and theurgy Miller examines a wide variety of ancient texts to reveal how Christian writers increasingly described the matter of the world as invested with divine power By appealing to the reader's sensory imagination Christian texts endowed phenomena like relics saints bodies in hagiography and saints presence in icons with a visual and tactile presence The book draws on a variety of contemporary theoretical models to elucidate the significance of all these materials in ancient religious life and imagination *Charles Williams and his Contemporaries* Richard Sturch, 2009-10-02 Charles Williams 1886 1945 poet novelist critic biographer lay theologian and Inkling exercised a great influence both as a personality and through his writings on English letters in his own day and now after a period of relative neglect interest in him has grown once more This international symposium a product of this revival is presented as a contribution to the serious study of Williams and his work Its contents reflect not only the extraordinarily wide range of his writing but also the many contacts he made both personally and through his work at the Oxford University Press Contributors look at his literary background and context describe the

part he played in introducing Kierkegaard to the English speaking public discuss his theology of love and compare his work with that of friends disciples and associates Two papers concentrate specifically on one of his remarkable novels *The Lion Between them* they give a glimpse or a series of glimpses of an unusual man and a fascinating writer whose influence and importance are being recognized more and more

Standing on Holy Ground in the Middle Ages Lucy Donkin,2022-02-15 *Standing on Holy Ground in the Middle Ages* illuminates how the floor surface shaped the ways in which people in medieval western Europe and beyond experienced sacred spaces The ground beneath our feet plays a crucial yet often overlooked role in our relationship with the environments we inhabit and the spaces with which we interact By focusing on this surface as a point of encounter Lucy Donkin positions it within a series of vertically stacked layers the earth itself permanent and temporary floor coverings and the bodies of the living above ground and the dead beneath providing new perspectives on how sacred space was defined and decorated including the veneration of holy footprints consecration ceremonies and the demarcation of certain places for particular activities Using a wide array of visual and textual sources *Standing on Holy Ground in the Middle Ages* also details ways in which interaction with this surface shaped people s identities whether as individuals office holders or members of religious communities Gestures such as trampling and prostration the repeated employment of specific locations and burial beneath particular people or actions used the surface to express likeness and difference From pilgrimage sites in the Holy Land to cathedrals abbeys and local parish churches across the Latin West Donkin frames the ground as a shared surface both a feature of diverse distant places and subject to a variety of uses over time while also offering a model for understanding spatial relationships in other periods regions and contexts
