children moved out from their homes The Mellenn s son Tennenbaum led the pack in finding the most inventive ways to keep the status quo As a result the parents take action The men ban together as do the women Each gender executes their own scheme to teach their adult kids to be financially alert and independent And the various outlandish plots against their offspring always ends askew and their adu'tlings unwilling to budge And why should they They re perfectly comfortable where they are well cared for under their parents roofs It is only with the unexpected death of Tennenbaum s beloved grandparent that Tennenbaum and the other grown children at long last find their way into adulthood In a final twist the parents plans to begin their Golden Years are further delayed this time of their own making
