Suburban Burglary A Time And A Place For Everything:

Suburban Burglary George F. Rengert, John Wasilchick, 1985 **Regulation vs. Litigation** Daniel P.

Kessler, 2010-12-20 The efficacy of various political institutions is the subject of intense debate between proponents of broad legislative standards enforced through litigation and those who prefer regulation by administrative agencies This book explores the trade offs between litigation and regulation the circumstances in which one approach may outperform the other and the principles that affect the choice between addressing particular economic activities with one system or the other Combining theoretical analysis with empirical investigation in a range of industries including public health financial markets medical care and workplace safety Regulation versus Litigation sheds light on the costs and benefits of two important instruments of economic policy **NIJ Reports** ,1986 **Criminal Psychology** David Canter, 2017-05-02 This thoroughly updated and revised new edition provides an essential overview of a full range of psychological contributions to the understanding of crime and the processes of dealing with offenders and helping their victims From the cognitive developmental and social processes that influence a diverse range of crimes including burglary fraud rape and murder to the challenges faced by the police and courts in investigating crime or securing reliable testimony the text is packed with pedagogical features that bring this fascinating subject to life These include boxes highlighting key topics or issues around research methods further reading and suggested essay titles Also including chapters on rehabilitation in prisons and the psychology of victims the text examines hot topics such as gang membership and terrorism as well as discussing how psychology may better understand criminals and criminal behaviour in the future It builds to a comprehensive and accessible introduction to the field It will be ideal for students across psychology criminology and socio legal studies and law

Guarding Against Crime Danielle M. Reynald, 2016-04-22 This ground breaking book examines the critical role that citizens play in guarding against crime By focusing on the ways in which residents are able to capably guard their residential environments from crime Reynald shows how local residents function or fail to function as effective crime controllers The studies contained herein are aimed at developing our theoretical empirical and practical understanding of the function of the capable guardian as a critical yet elusive actor in the crime event model In lieu of utilizing secondary data sources for proxy measures this book argues in favour of new more direct measures of guardianship employing direct methods of primary data collection in order to capture the action dimensions of capable guardianship as well as various other environmental and contextual factors that affect it It features observations of guardianship in action and interviews with guardians to elucidate the factors that empower guardians to make them capable of crime control **Principles of Geographical Offender Profiling** David Canter, Donna Youngs, 2017-03-02 Geographical Offender Profiling GOP is the term that has emerged for the examination of where offences take place and the use of that examination to formulate views on the nature of the offender and where s he might be based As such it has become the cornerstone of offender profiling By its nature GOP bridges

psychology geography criminology and forensic science and is of academic interest to all those disciplines as well as practical significance to police investigators This book brings together a cross section of the major papers published in the field that lay out the concepts and foundations of this area including some widely quoted but difficult to obtain classic papers with an introduction that puts the papers into an overall context and a concluding extensive bibliography of the publications relevant to this rapidly growing area **Social, Ecological and Environmental Theories of Crime** Jeffery T. Walker,2017-07-05

One of the oldest and most extensive forms of criminology falls within what is referred to among other names as social ecology Beginning with the work of Guerry and Quetelet this theory became the dominate paradigm in explaining crime with the work of the Chicago School in the early 1900s social disorganization theory and neighborhood research attempting to deal with crime in deteriorating cities Social ecology is also the basis for the research being conducted in environmental criminology This volume offers a selection of the most influential works in social ecology and environmental criminology It begins with research from human ecology and the Chicago School extending through some of the research in social disorganization theory It encompasses some of the major journal articles from the 1980s and 1990s in neighborhoods and crime and then addresses some of the quintessential works in environmental criminology It ends with groundbreaking work in this area that may indicate the future direction of the field This valuable collection includes an excellent introduction by Jeff Walker Crime Prevention Steven P. Lab,2013-03-06 This book examines several types of crime prevention approaches and their goals including those that are designed to prevent conditions that foster deviance those directed toward persons or conditions with a high potential for deviance and those for persons who have already committed crimes This edition provides research and information on all aspects of crime prevention including the physical environment and crime neighborhood crime prevention the mass media and crime prevention crime displacement and diffusion prediction community policing drugs schools and electronic monitoring and home confinement

Classics in Environmental Criminology Martin A. Andresen,Paul J. Brantingham,J. Bryan Kinney,2010-05-25 A careful analysis of environmental factors is key to understanding the causes of crime to solving crimes and eventually helping to predict and prevent them Classics in Environmental Criminology is a comprehensive collection of seminal pieces from legendary contributors who focus on the role that the immediate environment plays in the occurrence of a crime Defines the field Divided into three parts the book begins by highlighting the development of environmental criminology as a discipline through its origins in spatial criminology It examines social disorganization theory which explains criminal activity with reference to the characteristics of the community that delinquents live in It then discusses the ecology of crime with reference to macroenvironments and microenvironments The next section introduces concepts such as routine activity theory the geometric theory of crime the rational choice theory of offending and crime pattern theory Offers perspectives on prevention The last part focuses on the concept of crime prevention examines the idea of altering the environment in order to prevent crime and discusses

situational crime factors and efforts to reduce the opportunities for crimes to be committed It considers the impact of routine activities on crime prevention initiatives and advocates a flexible approach to crime prevention based on the dynamic nature of our environment The book concludes with a chapter outlining how environmental criminology has evolved in recent years and provides a future outlook on where it may be headed Invaluable as a textbook and as a professional reference this volume is a comprehensive survey of a critical field in contemporary criminological theory Offering insight assembled by top academic figures within the criminology community this work is destined to provoke further inquiry and research **After the Crime** Martin S. Greenberg,R. Barry Ruback,2012-12-06 Analyzing the findings of 20 studies involving more than 5 000 people this book explores the decision making process of the crime victim in the immediate aftermath of victimization Using a broad range of innovative research techniques the authors assess the effects of rape robbery burglary and theft on individuals from diverse nationalities and ethnic backgrounds This work will be of value to people who work directly with crime victims and to researchers who are interested in the process of decision making under stressful circumstances
