Dead Women Talking Brian Norman, 2012-11-15 Brian Norman uncovers a curious phenomenon in American literature: dead women who nonetheless talk. These characters appear in works by such classic American writers as Poe, Dickinson, and Faulkner, as well as in more recent works by Alice Walker, Toni Morrison, Tony Kushner, and others. These figures are also emerging in contemporary culture from the film and best-selling novel *The Lovely Bones* to the hit television drama *Desperate Housewives*. *Dead Women Talking* demonstrates that the dead, especially women, have been speaking out in American literature since well before it was fashionable. Norman argues that they voice concerns that a community may wish to consign to the past, raising questions about gender, violence, sexuality, class, racial injustice, and national identity. When these women insert themselves into the story, they do not enter precisely as ghosts but rather as something potentially more disrupting: posthumous citizens. The community must ask itself whether it can or should recognize such a character as one of its own. The prospect of posthumous citizenship bears important implications for debates over the legal rights of the dead, social histories of burial customs and famous cadavers, and the political theory of citizenship and social death.

Suburbia Reconsidered, Volume 1 Pavlína Flajšarová, Jiří Flajšar, Florian Freitag, Becky Nicolaides, Andrew Wiese, 2025-11-20 This 3-volume set examines how suburban spaces shape and reflect human experiences in North America, Europe, and Asia, bringing together works by an international group of scholars who explore suburbia through critical analyses of literature, culture, sociology, history, politics, and urban planning. The multidisciplinary and international scope of each volume offers readers a wide breadth of perspectives. *Suburbia Reconsidered* thus contributes significantly to the expanding field of suburban studies by offering novel insights into the representation of suburbs in literature, the cultural significance of suburban environments, and the socio-economic challenges confronting suburban communities across the globe. Volume 1 of this 3-volume set examines the depiction of suburban spaces in 20th and 21st-century British, American, Canadian, and French literature. The contributors present original perspectives on how suburban environments influence human experiences and identities as reflected in literature. Chapters in this section also probe the intersections of gender, race, and ethnicity within suburban fiction and traverse popular genres from detective novels to memoirs. By integrating insights from literature, cultural studies, sociology, history, and urban planning, *Suburbia Reconsidered* enhances our understanding of suburban spaces and their potential for positive transformation and encourages scholars to explore new methodologies and perspectives

Class, Culture and Suburban Anxieties in the Victorian Era Lara Baker Whelan,2011-12-20 This book demonstrates how representations of the Victorian suburb in mid to late nineteenth century British writing occasioned a literary sub genre unique to this period one that attempted to reassure readers that the suburb was a place where outsiders could be controlled and where middle class values could be enforced Whelan explores the dissonance created by the differences between the suburban ideal and suburban realities recognizing the persistence of that ideal in the face of abundant evidence that it was hardly ever realized She discusses evidence from primary and secondary sources about perceptions and realities of suburban living showing what it meant to live in a real Victorian suburb The book also demonstrates how the suburban ideal with its elements of privacy cleanliness rus in urbe and respectability in its relation to culturally embedded ideas about the Beautiful and Picturesque gained such a strong foothold in the Victorian middle class that contemplating its failure caused intense anxiety Whelan goes on to trace the ways in which this anxiety is represented in literature
