Success Prone Christians

Cleveland McDonald, Philip McDonald

Success Prone Christians:

Keys For Living a Solid Successful Christian Life Robbie L. Rogers, 2024-06-30 A straight forward simple life changing easy to read common sense look at the complexity of today s difficulties according to and surrounding God s Word the Bible and Christianity Did God simply hit the start button on creation and walk away like it sometimes feels He is almost always active with us daily hourly minute by minute Life is beautiful if we allow it to be and we are blessed beyond measure Your success depends on what you truly believe what drives your existence If you work hard enough at what your heart s desire is about it will happen especially if you are working at something in God s name and in His timing Remember God s plans for you existed before you were born So what do you spend your time on Ask God for help in changing the part of you that He dislikes those things that are negative in nature learn to love yourself Beware of distractions piddling deviations from your purposes mostly they are wrong for you to do at that time However sometimes fires do occur and must be put out The distractions I am alluding to come from fragmented thoughts that lead you to deviate from your plan you end up in a room and don t even remember why you are there If something pops up that requires your attention write it down on your to do list Everyone should have such a list but often they also are simply a distraction list that keeps you from what you ought to be doing People within a congregation those on the edge or outside of Christianity and those trying to make some sense out of their career and life experiences in these difficult times while hanging on to Christian principles they believe in need this book Millions of Christians and non Christians alike need more information and guidance for clarity in a confusing world that often conflicts with one s normal Christian values This book helps define how we can keep a firm grasp on what we believe and apply those principles with a new sense of realization in our life and career It is in that mode that it was developed

Successful Christianity Dr. Roger Price, 2008-05-23 The world is full of religions espousing mans ideas of how to get to their particular gods or goddesses and to gain their favor These people seem to be in a continuous state of failure Successful Christianity explores the Christian faith in which there are those also who struggle to be on top of things in life This book gives multiple avenues of overcoming what is seen by some as a persons fate in life From failures in finances to poor health I point out that there has to be a change in our thinking if we are to ever be successful in our walk with the Lord Proposing that God wants us to be successful in life Scripture is called upon to point out the various avenues in which we please God by our faith and actions that back up that faith which will bring success Our focus on a growing relationship with our Lord and His Word I am convinced is the avenue of success for the Christian That is my experience and I pray you find it true also

Creating a Successful Christian Marriage Cleveland McDonald, Philip McDonald, 2008-04-01 This classic text written by a father and son team looks at the nuclear family as a social institution and provides guidance for interaction and adjustment during dating engagement and early marriage The authors treat such practical matters as communicating working through interpersonal differences and growing in relationships within the family They also discuss the impact of cultural expectations

on family patterns and define ideal family roles developed in Scripture Other topics covered include parenting extended family relationships finances and nontraditional families Now available in paperback **Michigan Christian Advocate** ,1923 **The Christian treasury (and missionary review).** ,1853 *The beautiful life of Christ and other studies* George B. Johnson,1891 **The Christian Delusion** John W. Loftus,2010-04-20 In this anthology of recent criticisms aimed at the reasonableness of Christian belief a former evangelical minister and apologist author of the critically acclaimed *Why I Became an Atheist* has assembled fifteen outstanding articles by leading skeptics expanding on themes introduced in his first book Central is a defense of his outsider test of faith arguing that believers should test their faith with the same skeptical standards they use to evaluate the other faiths they reject as if they were outsiders Experts in medicine psychology and anthropology join Loftus to show why when this test is applied to Christianity it becomes very difficult to rationally defend Collectively these articles reveal that popular Christian beliefs tend to rely on ignorance of the facts Drawing together experts in diverse fields including Hector Avalos Richard Carrier David Eller and Robert Price this book deals a powerful blow against Christian faith **The British and Foreign Evangelical Review and Quarterly Record of Christian Literature** ,1856 **Toward Conformity to the Image of Christ** Fred R. Johnson,2004-11 This two volume work under the title *Toward Conformity to the Image of Christ* was initially prepared for upper division college students preparing for some branch of ministry Volume One is subtitled *A Biblical Pattern of Spiritual Formation* God's moral nature is the perfect pattern the human personality is the place for the pattern and the problem of sin shatters the pattern Volume Two is subtitled *A Biblical Product of Spiritual Formation* It shows that Spiritual Formation is the product of both the work of the Holy Spirit and of individual believers to develop personal character that resembles that of Jesus After answering a variety of questions and objections then the product is put to use in living out the Christian life in day to day activities College religion faculty pastors evangelists Youth Ministers Church musicians Christian Education Specialists etc would be interested in the books *Christian Examiner and Theological Review* ,1861
