Succession To High Office On Botswana Three Case Studies:

Succession to High Office in Botswana Jack Parson,1990 This book examines the process through which the mantle of leadership passed from one leader to another in Botswana It concerns the succession to high office in Botswana over the course of more than half a century from the colonial time to the present Three case studies explore the relationship between the British colonial authorities and the tribal leaders in affirming the legitimacy of the tribal chiefs of the Bangwato tribe in the former Bechuanaland protectorate The studies examine the succession crises of the Bangwato first in 1925 and again between 1948 to 1953 and the political changes in Botswana up to the last few years Extensive excerpts from the Botswana National Archives contained in the appendices fully support the text Book jacket *Local case studies in African land law*
