Sucesos De Las Islas Filipinas By Antonio De Marga:

Sucesos de las Islas Filipinas, 1609, by Antonio de Marga J.S. Cummins, 2017-05-15 An account of the history of the Spanish colony in the Philippines during the 16th century Antonio de Marga was an official of the colonial bureaucracy in Manila and could consequently draw upon much material that would otherwise have been inaccessible His book published in 1609 ranges more widely than its title suggests since the Spanish were also active in China Japan Southeast Asia Taiwan the Moluccas Marianas and other Pacific islands All of these are touched on by Marga to a greater or lesser degree and he also treats the appearance on the Asian scene of Dutch rivals to Spanish imperial ambitions In addition to the central chapters dealing with the history of the Spaniards in the colony Marga devoted a long final chapter to the study of Philippino customs manners and religions in the early years of the Spanish conquest From the first edition Mexico 1609 A new edition of First Series 39

Historical Dictionary of the Spanish American War Donald H. Dyal, 1996-04-16 Foreshadowing the twentieth century experience the Spanish American War was America's first modern foreign war Catapulting the United States into an international world power the war had lasting international implications Besides America's acquisition of Puerto Rico the Philippines Hawaii and Guam the war led the United States to take to the international stage confronting Germany and Japan foreshadowing the conflict of World War II and creating a diplomatic bridge between Great Britain and the United States For Spain the 1898-1899 conflict was the death knell of empire which led to a national crisis culminating in the Spanish Civil War This volume provides easily accessible information on the naval and army operations Spanish operations and the political background to the military events with an emphasis on future foreign affairs The Spanish American War is seminal to an understanding of twentieth century U.S. foreign relations in Cuba the Pacific especially Japan and with Great Britain It is also central to an understanding of twentieth century Spain U.S. military history also requires an understanding of amphibious operations naval and army reform deployment command and control and interservice cooperation as reflected in the Spanish American War This book provides a quick reference to what was once called this splendid little war

The William and Mary Quarterly Richard Lee Morton, 1946 Publishes refereed scholarship in history and related disciplines from initial Old World New World contacts to the early nineteenth century and beyond Its articles notes and documents and reviews range from British North America and the United States to Europe West Africa the Caribbean and the Spanish American borderlands Forums and topical issues address topics of active interest in the field

México y la Cuenca del Pacífico, 1999 *Tangible Whispers, Neglected Encounters* Marco Musillo, 2019-02-01 T00:00:00+01:00 The relationship between East and West remains a topic of burning timeliness particularly in its political dimension Yet we can gain a complete understanding of the current tensions only if we consider them within a broader historical framework spanning from art to diplomacy from religion to ethnography The present volume tackles precisely this complex task offering its reader a rich mosaic of case studies and scholarly research relating to the

mutual approaches between the Euro American West and the Sino Japanese East In the first part of the book art historian Marco Musillo uses the depictions of Tartars in fourteenth century Italian frescoes as the starting point of a trajectory leading to eighteenth century European literature on China In the second part the reader is introduced to two cases of diplomatic encounter one in sixteenth century Italy between Japanese subjects and local courts and the other one between Qing China and twentieth century United States in the space of the universal exhibition in St Louis Finally the last section proposes three interconnected art historical explorations the screen design of Chinese origin in colonial Mexico Medieval Christian tombstones in China and early modern Filipino sacred sculpture

Norms beyond Empire ,2021-11-15 Norms beyond Empire seeks to rethink the relationship between law and empire by emphasizing the role of local normative production While European imperialism is often viewed as being able to shape colonial law and government to its image this volume argues that early modern empires could never monolithically control how these processes unfolded Examining the Iberian empires in Asia it seeks to look at norms as a means of escaping the often too narrow concept of law and look beyond empire to highlight the ways in which law making and local normativities frequently acted beyond colonial rule The ten chapters explore normative production from this perspective by focusing on case studies from China India Japan and the Philippines Contributors are Manuel Bastias Saavedra Marya Svetlana T Camacho Luisa Stella de Oliveira Coutinho Silva R mulo da Silva Ehalt Patricia Souza de Faria Fupeng Li Miguel Rodrigues Louren o Abisai Perez Zamarripa Marina Torres Trim llez and ngela Barreto Xavier

The Samals in History and Legend Margarita Reyes Cojuangco,2005 **El cacicazgo en Nueva España y Filipinas** Margarita Menegus Bornemann,2005 [History of Micronesia: First real contact 1596-1637](#) Rodrigue Lévesque,1992 **History of Micronesia** Rodrigue Lévesque,1992
