Hawaiian National Bibliography, 1780-1900 David W. Forbes, 2000-08-01 The second volume of the Hawaiian National Bibliography records the transformation of Hawaii from a feudal system of government to a constitutional monarchy whose autonomy was recognized by the United States and the great powers of Europe Here are referenced the formation of laws a constitution a bill of rights and government reports Political entanglements with Great Britain and France the Provisional Cession of Hawaii to Great Britain and the restoration of sovereignty in 1843 are documented Publications resulting from the United States Exploring Expedition under Captain Charles Wilkes are included Also listed and described are theater bills broadsides and other ephemera which illuminate the everyday life of the period **Hawaiian History** Richard Lightner, 2004-08-30 Hawaii has been referred to as the crossroads of the Pacific This book illustrates how many world cultures and customs meet in the Hawaiian Islands providing a chronological overview highlighted by extracts from important works that express Hawaii's unique history This work starts with chronological chapters on general and ancient Hawaiian history and continues through early Western contact the 19th century and Hawaii's annexation to the United States Topics include politics religion social issues business ethnic groups and race relations **Native Hawaiians Study Commission: Report on the culture, needs, and concerns of native Hawaiians, pursuant to Public Law 96-565, title III** United States. Native Hawaiians Study Commission, 1983 **Native Hawaiians Study Commission** United States. Native Hawaiians Study Commission, 1983 **The Growth and Collapse of Pacific Island Societies** Patrick Vinton Kirch, Jean-Louis Rallu, 2007-04-30 Were there major population collapses on Pacific Islands following first contact with the West If so what were the actual population numbers for islands such as Hawaii Tahiti or New Caledonia Is it possible to develop new methods for tracking the long term histories of island populations These and related questions are at the heart of this new book which draws together cutting edge research by archaeologists ethnographers and demographers In their accounts of exploration early European voyagers in the Pacific frequently described the teeming populations they encountered on island after island Yet missionary censuses and later nineteenth century records often indicate much smaller populations on Pacific Islands leading many scholars to debunk the explorers figures as romantic exaggerations Recently the debate over the indigenous populations of the Pacific has intensified and this book addresses the problem from new perspectives Rather than rehash old data and arguments about the validity of explorers or missionaries accounts the contributors to this volume offer a series of case studies grounded in new empirical data derived from original archaeological fieldwork and from archival historical research Case studies are presented for the Hawaiian Islands Moorea the Marquesas Tonga Samoa the Tokelau Islands New Caledonia Aneityum Vanuatu and Kosrae **Kahawainui Stream Detailed Project Report, Oahu**, 1985 **Peoples of the Pacific** Paul D'Arcy, 2017-05-15 Presenting the history of the inhabitants of the Pacific Islands from first colonization until the spread of European colonial rule in the later 19th century this volume focuses

specifically on Pacific Islander European interactions from the perspective of Pacific Islanders themselves A number of recorded traditions are reproduced as well as articles by Pacific Island scholars working within the academy The nature of Pacific History as a sub discipline is presented through a sample of key articles from the 1890s until the present that represent the historical evolution of the field and its multidisciplinary nature The volume reflects on how the indigenous inhabitants of the Pacific Islands have a history as dynamic and complex as that of literate societies and one that is more retrievable through multidisciplinary approaches than often realized Nā Hale Pule Robert Benedetto, 2024-02-29 With historical sketches of some 165 churches that were known to exist in Hawai i during the nineteenth century N Hale Pule Portraits of Native Hawaiian Churches 1820 1900 is the first comprehensive survey of the Congregational and Presbyterian Churches of Hawai i as established by the American Board of Commissioners for Foreign Missions and later operated by Ka Ahahui Euanelio o Hawai i The Hawaiian Evangelical Association While many of these churches were first led by missionary pastors the ali i hereditary chiefs founders of the churches together with their membership and congregational leaders were predominately Native Hawaiian Worship services were soon led by Native Hawaiian pastors and were conducted in lelo Hawai i Hawaiian language This study draws upon the official archives of the churches English language newspaper articles missionary and pastoral correspondence and a twentieth century architectural survey The body of this work includes an island by island listing of the names and locations of the Native Hawaiian churches the pastors who served the congregations and brief histories of the churches themselves These portraits tell the stories of the founding of the churches Christianity s rise in the islands through the Great Revival years of the 1840s the devastating impact of foreign diseases that swept through Hawai i during the mid nineteenth century and the efforts of the churches to maintain their properties and congregations The book s introduction describes the founding of mother and branch churches the importance of the lands on which the churches resided church construction and builders the struggle for self support and self governance demographic changes that led to the churches decline and a resurgence of Native Hawaiian culture and polytheism that caused understandings of faith and the future to further evolve Also included are a chronology of Native Hawaiian churches a robust glossary of Hawaiian theological vocabulary and meticulous citations This volume is a companion to N Kahu Portraits of Native Hawaiian Pastors at Home and Abroad 1820 1900 by Nancy J Morris and Robert Benedetto which tells the stories of the lives of Native Hawaiian pastors **How Chiefs Became Kings** Patrick Vinton Kirch, 2019-05-07 In How Chiefs Became Kings Patrick Vinton Kirch addresses a central problem in anthropological archaeology the emergence of archaic states whose distinctive feature was divine kingship Kirch takes as his focus the Hawaiian archipelago commonly regarded as the archetype of a complex chiefdom Integrating anthropology linguistics archaeology traditional history and theory and drawing on significant contributions from his own four decades of research Kirch argues that Hawaiian polities had become states before the time of Captain Cook s voyage 1778 1779 The status of most archaic states is inferred from the archaeological record But Kirch

shows that because Hawai i s kingdoms were established relatively recently they could be observed and recorded by Cook and other European voyagers Substantive and provocative this book makes a major contribution to the literature of precontact Hawai i and illuminates Hawai i s importance in the global theory and literature about divine kingship archaic states and sociopolitical evolution **Anahulu: The Anthropology of History in the Kingdom of Hawaii, Volume 1**
Patrick Vinton Kirch, Marshall Sahlins, 1994-07 Combining archaeology and social anthropology this historical and archaeological two volume set constructs an integrated history of the Anahulu Valley in northwestern O ahu that traces the cultural transformation in a typical local center of the Hawaiian Kingdom founded by Kamehame Volume one is a historical ethnography and volume two is an archaeology of history
