The Modern Prince What Leaders Need To Know Now:

The Modern Prince Carnes Lord, 2008-10-01 The role of leaders is never more crucial than during times of war The ability to inspire confidence and communicate resolution is essential to the national interest The requirements of leadership are not limited to military affairs citizens look to leaders to guide the economy protect the laws and safeguard national values Leadership has never been simple but it is even more complicated in the age of mass democracy globalization the power of the media and the constraints of bureaucracy are among the many challenges facing leaders at the beginning of the twenty first century What do leaders need to know in order to be effective Carnes Lord an eminent political scientist who has held a number of high level positions in the United States government here offers witty and trenchant counsel to both leaders and the citizens who elect them Exploring such issues as leadership in war and crises diplomacy the use of secret intelligence the role of political advisors and the media Lord enumerates the major challenges confronting modern leaders and offers practical advice on how leaders can deal with them effectively

The Cambridge Companion to Machiavelli John M. Najemy, 2010-06-24 Niccol Machiavelli 1469 1527 is the most famous and controversial figure in the history of political thought and one of the iconic names of the Renaissance The Cambridge Companion to Machiavelli brings together sixteen original essays by leading experts covering his life his career in Florentine government his reaction to the dramatic changes that affected Florence and Italy in his lifetime and the most prominent themes of his thought including the founding evolution and corruption of republics and principalities class conflict liberty arms religion ethics rhetoric gender and the Renaissance dialogue with antiquity In his own time Machiavelli was recognized as an original thinker who provocatively challenged conventional wisdom With penetrating analyses of *The Prince* *Discourses on Livy* *Art of War* *Florentine Histories* and his plays and poetry this book offers a vivid portrait of this extraordinary thinker as well as assessments of his place in Western thought since the Renaissance

The Ashgate Research Companion to Political Leadership Mikhail A. Molchanov, 2016-03-23 Discussing the major theories of political leadership with a focus on contemporary challenges that political leaders face worldwide this research companion provides a comprehensive and up to date resource for an international readership The editors combine empirical and normative approaches to emphasize the centrality of political culture as well as the limits of culture and the universal demands of innovative adaptation The volume examines

Conceived in Liberty Jr. Tierney, 2017-07-05 *Conceived in Liberty* is a cultural sociological and geopolitical review of the uniquely American notion that the country and its people are exceptional While all nations have their own patriotic commitments no other people have outwardly declared their power as vigorously as have Americans especially since World War II John J Tierney Jr advances the idea that liberty is the singular source of the power of the American worldview and all other elements of this society equality patience charity justice etc are derived from liberty He argues that this worldview comes from this one source and is responsible for the many movements that may engage the public s interest such as women

s rights civil rights and voting rights Such movements are all positive but they could not exist in a society devoid of liberty Conceived in Liberty also traces other main components of the American worldview geographic expanse immigration energy of the populace diversity public policies and the elements that contribute to exceptionalism Tierney is not blind to some of the deficiencies of the United States but he posits that the liberty it manifests is truly the political globe's last best hope

The Political Theory of Tyranny in Singapore and Burma Stephen McCarthy, 2006-04-18 Covering various fields in political science this new book presents an historical and political cultural analysis of Buddhism and Confucianism Using Singapore and Burma as case studies the book questions the basic assumptions of democratization theory examining the political science of tyranny and exploring the rhetorical manipulation of religion for the purpose of political legitimacy A welcome addition to the political science and Asian studies literature McCarthy addresses many of the current issues that underlie the field of democratization in comparative politics and discusses the issue of imposing Western cultural bias in studying non Western regimes by analyzing rhetorical traits that are universally regular in politics [The Fragility of Consciousness](#) Frederick G. Lawrence, 2017-01-23 Frederick G Lawrence is the authoritative interpreter of the work of Bernard Lonergan and an incisive reader of twentieth century continental philosophy and hermeneutics *The Fragility of Consciousness* is the first published collection of his essays and contains several of his best known writings as well as unpublished work The essays in this volume exhibit a long interdisciplinary engagement with the relationship between faith and reason in the context of the crisis of culture that has marked twentieth and twenty first century thought and practice Frederick G Lawrence with his profound and generous commitment to the intellectual life of the church has produced a body of work that engages with Heidegger Gadamer Habermas Ricoeur Strauss Voegelin and Benedict XVI among others These essays also explore various themes such as the role of religion in a secular age political theology economics neo Thomism Christology and much more In an age marked by social cultural political and ecclesial fragmentation Lawrence models a more generous way one that prioritizes friendship conversation and understanding above all else **Public Leadership**

Paul 't Hart, John Uhr, 2008-11-01 Leadership is routinely admired vilified ridiculed invoked trivialised explained and speculated about in the media and in everyday conversation Despite all this talk there is surprisingly little consensus about how to answer basic questions about the nature place role and impact of leadership in contemporary society This book brings together academics from a broad array of social science disciplines who are interested in contemporary understandings of leadership in the public domain Their work on political administrative and civil society leadership represents a stock take of what we need to know and offers original examples of what we do know about public leadership Although this volume connects scholars living in and mostly working on public leadership in Australia and New Zealand their contributions have a much broader scope and relevance [The International Handbook of Public Administration and Governance](#) Andrew Massey, Karen Johnston, 2015-04-30 *The International Handbook of Public Administration and Governance* is a ground

breaking volume with eminent scholars addressing the key questions in relation to how international governments can solve public administration and governance challenges in **Leo Strauss and Anglo-American Democracy** Grant N.

Havers,2013-10-15 Leo Strauss and Anglo American Democracy critically interprets Strauss s political philosophy from a conservative perspective Most mainstream readers of Strauss have either condemned him from the Left as an extreme right wing opponent of liberal democracy or celebrated him from the Right as a traditional defender of Western civilization

Rejecting both portrayals Grant N Havers shifts the debate beyond the conventional parameters stating that Strauss was neither a man of the Far Right nor a conservative but in fact a secular Cold War liberal In Leo Strauss and Anglo American Democracy Havers contends that the most troubling implication of Straussianism is that it provides an ideological rationale for the aggressive spread of democratic values on a global basis while ignoring the preconditions that make these values possible Concepts such as the rule of law constitutional government Christian morality and the separation of church and state are not easily transplanted beyond the historic confines of Anglo American civilization as recent wars to spread democracy have demonstrated **Defining Statesmanship** Clyde Ray,2019-11-27 Statesmanship is a concept frequently

invoked but seldom defined in contemporary political discourse In this book Clyde Ray examines ancient medieval and modern versions of the idea by considering a range of thinkers that have given thought to the concept From Plutarch to Saint Augustine to Jane Addams Ray provides fresh insight on the topic by identifying the core features of effective political leadership More than a historical analysis these case studies in statesmanship provide citizens today with a vocabulary for identifying and debating the characteristics of this time honored but often obscure term In a time when many citizens long for more dignified leadership Defining Statesmanship offers a timely reflection on this timeless political idea
