The Moment After

G. K. Chesterton

The Moment After:

The Moment After James Freeman, 2013-08-19 This letter will allow us to be able to look down the corridor of life To see the end result of a wrong choice of direction where the ability to change is no longer available while still standing in a time where change can be made To recall moments in life where decisions were made to later find that it took us down a road that led to worse times The difference between those times and the point in this letter is as long as we are living the decisions we make weather bad or good we can set our mind buckle down for the ride and ride it out because better days will come Even prison some live to do the time and get out Many other things can be worked out gotten over or pressed through as long as we live The point in this letter is stressing the fact that there is no chance of change after we die The course in which we choose is set then

After the Moment Garret Freymann-Weyr, 2009 Political scientists are quite good at predicting optimal policy positions that under the given circumstances allow parties to get maximal payoffs in terms of policy office or votes What we do not know is whether parties are actually able to take these positions or whether they are constrained to do so This book attempts to narrow this gap The major argument is that parties do not choose policy positions from scratch and that they cannot freely change their policy platforms Rather voters lacking perception of changing party platforms and intra party factors constrain parties when shifting their policy positions An empirical analysis of party policy shifts in ten Western European democracies shows that these constraints differ across parties and thus affect the parties position taking differently Considering this variation is important to derive more precise predictions for parties policy platforms and for our understanding of party behaviour in general

A Moment After Dark Janet Raye Stevens, 2024-08-09 She sees the future with a touch A powerful gift in a time of war The enemy wants her The Allies need her Addie Brandt is cursed When she touches someone or an object that belongs to them she sees their future and it s rarely good Mocked and teased her whole life Addie hides from the world in her family s funeral home But when her second sight shows her a horrific vision of an attack on the Pearl Harbor Naval base the gruesome images are too intense to ignore and she tries to raise the alarm Will anyone listen Federal agent Jack Dunstan needs a miracle He s still reeling from the betrayal that nearly decimated his team of agents with paranormal powers A vengeful Nazi spy with a terrifying ability of his own is out to destroy him And Dunstan knows it s only a matter of time before America is drawn into the war raging around the world Hearing rumors of Addie s vision he seeks her out hoping she could be the miracle he s looking for Addie s not sure she trusts Jack Dunstan He s rude and cocky and insists on calling her curse of second sight a gift But if she wants to save lives and prevent a terrible disaster she has to put aside her doubts and fears and embrace her ability With the country on the brink of war and an enemy agent hunting her for her power Addie must learn to trust Dunstan and herself to stop an attack that could change the course of history forever
