The Mountains And The Sky:

Between the Mountain and the Sky Maggie Doyne, 2022-03-22 *Between the Mountain and the Sky* shows us the goodness that is possible when a single person regardless of age takes action to help another and in the process changes the lives of hundreds. Maggie's story begins in suburban New Jersey in a comfortable middle class family that supports her decision to travel the world during a gap year before starting college. During her travels the trajectory of her life alters when she has a surprise encounter with a Nepali girl breaking rocks in a quarry. Maggie decides to invest her life savings of five thousand dollars to buy a piece of land and open a children's home in Nepal. That home becomes Kopila Valley Children's Home and eventually the nonprofit Maggie launches the BlinkNow Foundation also starts the Kopila Valley School which provides tuition free education for more than four hundred students. Maggie and BlinkNow's work have been recognized around the world for their innovative sustainable work. However this book isn't a how to for fledgling philanthropists or nonprofit founders; it's a coming of age story about a young woman suspended between two worlds as well as the love, loss, healing and hope she experiences along the way. And Maggie's inspiring intimate tale shows readers an important truth: the power to change the world exists within all of us.

Summary of Maggie Doyne's Between the Mountain and the Sky Everest Media, 2022-04-17T22:59:00Z Please note: This is a companion version, not the original book. Sample Book Insights: 1 I would often end up in places like this back pockets of the world where less desirable things and people are crammed away. I was always shocked by the sight of children working, smiling in some places. 2 I meet my friend in the orange dress again and we walk to the other side of the river. We say goodbye and I continue on my journey. I know with certainty that I'll see her again. 3 I grew up in a blue split level house in New Jersey with two sisters, progressive, earthy parents and a trampoline bigger than the mud huts where people sleep in Nepal. I was grateful for everything I had but I couldn't help but feel like something was missing. 4 I met Sunita at Ramana's and we planned to go to her village together. We trekked for days up up up across the thigh melting summit of Maha Bua and down almost stumbling onto her village. It appeared behind a thick glassy plate of sunshine.

Sky Cloud Mountain David Anirman, 2012-09-11 Let history drop behind as we explore the sacred confines of a temple city built by a race that was here long before us, before our species was even a glimmer in the cosmic eye and whose work is still evident, usable and heuristic. Dominated by a mountain sculpted as a pregnant woman with a lion at her feet and a rearing serpent behind the site is still alive with eddies of spiritual energy. Between the colossal lady and lion is a saddle in the mountain beautified by mazes of stone, sparkling sand terraces and the gardens of windswept splendor with the rock everywhere seeming to be incised with aesthetic undecipherable hieroglyphics. The site is beautiful, bolstering and enlivened, geometrically tuned to the cosmos whose forces it appropriates to utilize in various ways. Join in as we uncover a few of the marvels of an authentically magical place with a psychedelic consciousness adapted to tuning into the ancient mysteries, giving a new dynamism to the on going story of a truly sacred mountain.
