The Modern Bodyguard The Manual Of Close Protection Training:

The Modern Bodyguard - The Complete Manual of Close Protection Training Peter Consterdine, 2011 The Modern Bodyguard Peter Consterdine, 2006-07-02 The most complete book on the subject of Close Protection and training Covering all aspects of the work of being a bodyguard Includes the requirements for the S I A Close Protection Training and Licensing **The Security Society** Francis Dodsworth, 2019-05-07 This book provides a critical engagement with the idea of the security society which has been the focus of so much attention in criminology and the social sciences more broadly Security has been argued to constitute a new mode of social ordering displacing the disciplinary society that Foucault saw as characteristic of the liberal era He saw a control society or risk society characteristic of Neo Liberalism in which the deviant behaviour of particular individuals as less important than general attempts to offset risk and reduce harm Dodsworth argues that much of this literature is extraordinarily presentist in orientation denying the long history of attempts to mitigate risk prevent harm and manage security which have always been a part of the government of order This book develops a critical history of security a thematic analysis of debates about security and aspects of the security society which puts contemporary arguments and practices in dialogue with the texts and practices of the past In doing so the book develops a cultural analysis of the meanings of security and the way these meanings have been articulated in particular practical contexts in order to understand how the promise of security has so effectively captured the imagination and channeled the effective engagement of people throughout the modern period *Beyond the Bodyguard* Gavriel Schneider, 2009 This book is an advanced well rounded and in depth view about what it takes to be the best in the international arena in a world where change is the only constant It is endorsed by a wide range of industry experts This well researched book will take you to higher levels enabling you to be among the best in the demanding world of the truly professional bodyguard by giving you the tools to develop and measure yourself Who would benefit from this unique and powerful book 1 Everyone who is in or wants to be involved in the close protection industry 2 Everyone in the security industry worldwide including Police military and related agencies Anti terror and counter terrorist units Current Close Protection or bodyguarding organizations Private security organizations and companies 3 High level corporate and all users of Close Protection or special security services 4 Specialist security trainers worldwide 5 Academic institutions that have security education departments 6 Security regulators and standards bodies This book is unique because it is one of the only works on the market based on scientific research principles and practical experience *Beyond the Bodyguard* is endorsed by a wide range of industry experts **The Unconventional Close Protection Training Manual** Robert Scali, 2018-01-27 I wrote this book to teach people with no background in the protection industry how to not only be their own bodyguard but how to learn new skills so that they may eventually protect other people professionally If you want to learn the business and become a Private Security or Close Protection Operator you must learn a series of skill sets How you gain any skill set can vary from person to person Some people acquire the skills in

the military police or even after years of hands on martial arts training You do not have to become a Green Beret Navy SEAL or CIA Contractor to acquire a series of proficient skill sets on survival combatives or shooting All you have to do to acquire some new skills in personal protection is to have the desire to learn and then apply what you have learned safely and with a high level of proficiency I will pass on small pearls of wisdom throughout this book The gems that I pass on to you have been passed on to me in many different ways throughout my life Each jewel will be a new skill or a direction to learn The more that you learn the more you will understand Any person with the passion for learning will pick up these new skills and instantly apply them The more that you read about close protection the more you will learn from this book The more that you physically do the more ingrained your skills will become into daily operational procedures Even if you learn just one new thing from this book that saves your life or someone else s then it was worth learning that skill Stay flexible in your thinking and keep an open mind as you read this book The more you learn about yourself the more you will want to know and apply your new skills towards your everyday life Eventually you will be able to tie all of the pearls from this book together and become operationally proficient and stay safe in many different scenarios Bodyguard Manual Leroy Thompson,2005

Although military operations against terrorist forces often garner the headlines those who protect government military and business leaders from assassination or kidnapping are also in the front lines against terrorism Ready and prepared to place his body between his employer and a bullet the bodyguard must be able to blend into the milieu around his charge yet be ready to spring into action instantly to counter an attack Based on techniques of the U S Secret Service U S State Department Security the Special Air Service the Royal Corps of Military Police the Metropolitan Police the KGB and its successor the FSB France s GSPR and other protective units around the world The Bodyguard Manual details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress From security aboard Concorde the Orient Express or the Queen Elizabeth 2 to protecting a military general officer in combat The Bodyguard Manual allows the reader to stand post with the professional bodyguard **Gesù Cristo è la mia**
