The Modern Researcher:

The Modern Researcher Jacques Barzun, Henry Franklin Graff, 1977 *The Modern Researcher* Jacques Barzun, Henry Franklin Graff, 2004 This classic introduction to the techniques of research and the art of expression is used widely in history courses but is also appropriate for writing and research methods courses in other departments Barzun and Graff thoroughly cover every aspect of research from the selection of a topic through the gathering analysis writing revision and publication of findings presenting the process not as a set of rules but through actual cases that put the subtleties of research in a useful context Part One covers the principles and methods of research Part Two covers writing speaking and getting one's work published *The Modern Researcher* Jacques Barzun, Henry Franklin Graff, 1985 *The Modern Researcher*, 1992 *The Modern Researcher* Jacques Barzun, Henry F. Graff, 1962 *The Modern Researcher by Jacques Barzun and Henry F. Graff* Jacques Barzun, Henry Franklin Graff, 1977 **The Modern Researcher. Rev.ed** J. Barzun, 1970 **The Modern Researcher**, 1970 *Gender and the Modern Research University* Patricia M. Mazón, 2003 In the 1890s German feminists fighting for female higher education envied American women their small colleges Yet by 1910 German women could study at any German university a level of educational access not reached by American women until the 1960s This book investigates this development as well as the cultural significance of the tremendous debate generated by aspiring female students Central to Mazón's analysis is the concept of academic citizenship a complex discourse permeating German student life Shaped by this ideal the student years were a crucial stage in the formation of masculine identity in the educated middle class and a female student was unthinkable Only by emphasizing the need for female gynecologists and teachers did the women's movement carve out a niche for academic women Because the nineteenth century German university was the model for the modern research university the controversy resonates with contemporary American debates surrounding multiculturalism and higher education *The New Testament in the Light of Modern Research* Adolf Deissmann, 2007-05-16 Adolf Deissmann 1866-1937 studied at Tuebingen and Berlin In 1897 he was appointed to a professorship at Heidelberg where he taught until 1908 when he was called to succeed Bernhard Weiss at Berlin Deissmann made important contributions to biblical philology and sociology His research into the papyri remains important for Biblical scholarship today
