The Cold War has ended With a scope and daring not possible until now an unlikely international alliance of top level political financial and religious interests sees the way clear at last to its ultimate goal the establishment of a single global society Utopia These are men with nothing in common but immense power and a towering ambition for still more With world unity and prosperity as their slogan and with betrayal scandal and murder as their ready weapons they have the means and the will to capture as their own the perfect global machinery for their plans the oldest wiliest and most stable political chancery in the world the Vatican At the vortex of this lethal struggle stands the embattled Pope a geopolitical genius whose elimination is the short term solution to a long term goal and two American brothers Paul and Christian Gladstone one a lawyer and the other a priest who appear to be the perfect pawns One falls prey to the sharp teeth of greed for power The other will become one of the Slavic Pontiff s closest allies and will discover the darkest secrets at the very heart of papal Rome From America to Europe to Russia in broad landscapes and clandestine corridors a rich and varied cast presidents and politicos simple saints and savvy sinners popes and pope makers clash with one another amid dramatic and sometimes bloody events that will affect the destiny of every person alive today
