**Jews, Church & Civilization, Volume IV** Davi Birnbaum,2010      **Sir Francis Drake** Barbara Krasner,2016-12-15 Explorer Sir Francis Drake is renowned for being the first Englishman to sail completely around the world His adventures set

England on a course for successfully sailing the seas but like most explorers his adventures were full of successes and failures alike In this engrossing book readers will become completely captivated by the secrecy and intrigue associated with Drake s agreements with England s Queen Elizabeth The drama of his defeat of King Philip s daunting Armada in the Enterprise of England attack will keep every reader turning pages to learn more about this fascinating foray *The Stolen Crown* Tracy Borman,2025-11-04 Compelling and brilliant don t miss it Alison Weir From the acclaimed royal historian the dramatic and untold story of the lie about the controversial succession that ended the Tudor era and changed the course of British history In the long and dramatic annals of British history no transition from one monarch to another has been as fraught and consequential as that which ended the Tudor dynasty and launched the Stuart in March 1603 At her death Elizabeth I had reigned for 44 turbulent years facing many threats whether external from Spain or internal from her cousin Mary Queen of Scots But no danger was greater than the uncertainty over who would succeed her which only intensified as her reign lengthened Her unwillingness to marry or name a successor gave rise to fierce rivalry between blood claimants to the throne Mary and her son James VI of Scotland Arbella Stuart Lady Katherine Grey Henry Hastings and more which threatened to destabilize the monarchy As acclaimed Tudor historian Tracy Borman reveals in *The Stolen Crown* according to Elizabeth s earliest biographer William Camden in his history of her reign on her deathbed the queen indicated James was her chosen heir and indeed he did become king soon after she died That endorsement has been accepted as fact for more than four centuries However recent analysis of Camden s original manuscript shows key passages were pasted over and rewritten to burnish James legacy The newly uncovered pages make clear not only that Elizabeth s naming of James never happened but that James uncertain he would ever gain the British throne was even suspected of sending an assassin to London to kill the queen Had all this been known at the time the English people bitter enemies with Scotland for centuries might well not have accepted James as their king with unimagined ramifications Inspired by the revelations over Camden s manuscript Borman sheds rare new light on Elizabeth s historic reign chronicling it through the lens of the various claimants who over decades sought the throne of the only English monarch not to make provision for her successor The consequences were immense Not only did James upend Elizabeth s glittering court but the illegitimacy of his claim to the throne which Camden suppressed found full expression in the catastrophic reign of James son and successor Charles I His execution in 1649 shocked the world and destroyed the monarchy fewer than 50 years after Elizabeth died changing the course of British and world history [Hiking through History San Francisco Bay Area](#) Tracy Salcedo,2016-04-15 Imagine hiking along a wooded trail near San Francisco and stumbling upon the stone foundation of a crumbled building the wooden slats of the walls caved in the ironwork of the hinges still dangling on the burned out door This discovery piques your interest what is this What s its significance How can you find out Enter *Hiking through History San Francisco Bay Area Exploring the Region s Past by Trail* Make no mistake this is a hiking book first and foremost complete with rich photos and detailed maps but with

**The True Pirates of the Caribbean** Nelson E. Subervi, 2020-12-27 The true story of the Caribbean Piracy has been obscured through time by whimsical stories which create confusing and distorted images of these characters by not defining the line that divides reality from fiction In this book we will see the stark truth about them We do not intend to give an exhaustive view of this activity but rather to tell several stories based on the information obtained through documents from the protagonists of the events themselves that is from their victims and their persecutors Most of them terrible others romantic and heroic about the life and actions of these legendary characters Those who had as their framework of life the excessive ambition A situation that generated a violent power struggle in the Caribbean of people driven mad by the thirst for wealth who lived on the edge of the abyss expressing the worst of their twisted feelings Bringing this as a result actions of irreversible consequences many of them served as an instrument to European empires with expansionist pretensions They benefited in this way from the exploitation of the wealth that Spain obtained in America on an exclusive basis They used their supremacy as a power to impose a commercial and territorial monopoly in the new continent Others acted on their own or in partnership with greedy merchants We intend to tell the stories around the facts so that we can approach reality in a more efficient and direct way than in a conventional history book thus offering a fully separated version of the myth in which these characters have been involved throughout time Although several volumes of hundreds of pages would be necessary to relate the numerous acts of barbarism committed by these pirate men and women although the latter in a very reduced number We have summarized in it the most prominent actors who left their mark on the Caribbean region In the golden age of this society of adventurers In this book we will get to know the real
