Robert E. Stillman, 2016-04-22 Celebrations of literary fictions as autonomous worlds appeared first in the Renaissance and were occasioned paradoxically by their power to remedy the ills of history Robert E Stillman explores this paradox in relation to Philip Sidney's *Defence of Poesy* the first Renaissance text to argue for the preeminence of poetry as an autonomous form of knowledge in the public domain Offering a fresh interpretation of Sidney's celebration of fiction making Stillman locates the origins of his poetics inside a neglected historical community the intellectual elite associated with Philip Melancthon

leader of the German Reformation after Luther the so called Philippists As a challenge to traditional Anglo centric scholarship his study demonstrates how Sidney s education by Continental Philippists enabled him to dignify fiction making as a compelling form of public discourse compelling because of its promotion of powerful new concepts about reading and writing its ecumenical piety and its political ambition to secure through natural law from universal Ideas freedom from the tyranny of confessional warfare Intellectually ambitious and wide ranging this study draws together various elements of contemporary scholarship in literary religious and political history in order to afford a broader understanding of the Defence and the cultural context inside which Sidney produced both his poetry and his poetics **Sidney Newsletter & Journal**

,1990 *English Renaissance Prose Fiction, 1500-1660* James L. Harner,1992 **Sonnet Sequences and Social Distinction in Renaissance England** Christopher Warley,2005-07-28 Why were sonnet sequences popular in Renaissance England In this study Christopher Warley suggests that sonneteers created a vocabulary to describe and to invent new forms of social distinction before an explicit language of social class existed The tensions inherent in the genre between lyric and narrative between sonnet and sequence offered writers a means of reconceptualizing the relation between individuals and society a way to try to come to grips with the broad social transformations taking place at the end of the sixteenth century By stressing the struggle over social classification the book revises studies that have tied the influence of sonnet sequences to either courtly love or to Renaissance individualism Drawing on Marxist aesthetic theory it offers detailed examinations of sequences by Lok Sidney Spenser Shakespeare and Milton It will be valuable to readers interested in Renaissance and genre studies and post Marxist theories of class **The Oxford Handbook of Philip Sidney** ,2024-11-13 The Oxford Handbook of Philip Sidney is the most comprehensive collection of essays on Sidney published to date Written by an expert team of international specialists its fifty chapters cover every aspect of Sidney s life works and the times in which he lived It provides fresh interpretations of Sidney s career texts and legacy drawing on the most recent historical and archival research and showcasing the range of critical approaches historicist formalist postcolonial post humanist presentist materialist economic ecological affective queer and zoocritical which has opened up so many new perspectives in the study of Renaissance literature in recent years Part I Contexts re examines Sidney s life family relations and friendship groups his roles as courtier and patron and the Sidney legend which largely shaped these narratives round the political agendas of his day Part II Works offers new in depth readings of Sidney s writings including his poetry prose letters and psalms Part III Literary Contexts explores the pedagogic and practical contexts within which these writings were produced including Sidney s own education the humanist emphasis that literature teach and delight newly evolving ideas of authorship and the potentials presented by the circulation of his works in manuscript and print Part IV Sidney s Forms and Genres drills down further into his literary texts showing how they both drew from and contributed to new developments in the writing of sonnets lyric pastoral romance fiction and drama within the larger sphere of the European literary Renaissance Part V Sidney s Poetic Craft
