Affairs of State Robert P. Watson, 2012-09-06 In recent years Arnold Schwarzenegger Eliot Spitzer John Edwards Newt Gingrich Herman Cain and countless other politicians have made headlines for their sexual scandals But such stories are not new Indeed there is a long history of misbehavior in politics including in the nation's highest office Bill Clinton it can safely be said was not the first president to misbehave nor was he the worst In fact there is a long history of presidential peccadilloes Many presidents have been influenced and had their careers affected by the hand of a woman sometimes that of a wife or mother but at other times that of a mistress But these stories are rarely told Instead history has tended to glorify our leaders Such a scrubbed version of the lives of presidents however omits their marital woes love lives and sexual peccadilloes As Robert P. Watson reveals it is precisely these intimate and all too human moments that provide some of the most valuable insights into our leaders *Affairs of State* is not just about sex and scandal the who did it of history although such incidents are described in detail It is a book about love marriage and affairs in the White House offering an intimate character study of the First Couples who made history To see the author discuss his book on Inside South Florida please click [here](#) To see him discuss the book on C-SPAN please click [here](#)

Soldier King's Love Affairs In City Da MoGuYang, 2020-05-20 He was the king of the mercenary world but he had fallen into a huge conspiracy

The Love Affairs of Lord Byron Francis Henry Gribble, 1898-01-01 Whether a book is called *The Love Affairs of Lord Byron* or *The Life of Lord Byron* can make very little difference to the contents of its pages Byron's love affairs were the principal incidents of his life and almost the only ones Like Chateaubriand he might have spoke of a procession of women as the great panoramic effect of his career He differed from Chateaubriand however in the first place in not professing to be very much concerned by the pageant and in the second place in being in reality very deeply affected by it Chateaubriand kept his emotions well in hand exaggerating them in retrospect for the sake of literary effect

picturing the sensibility of his heart in polished phrases but never giving the impression of a man who has suffered through his passions or been swept off his feet by them or diverted by them from the pursuit of ambition or the serene cult of the all important ego In all Chateaubriand's love affairs in short red blood is lacking and self consciousness prevails He appears to be equally in love with all the women in the procession the explanation being that he is more in love with himself than with any of them In spite of the procession of women which is admitted to have been magnificent it may justly be said of Chateaubriand that love was of his life a thing apart Of Byron who coined the phrase though Madame de Staël had coined it before him it cannot be said It may appear to be true of sundry of his incidental love affairs but it cannot stand as a broad generalisation His whole life was deflected from its course and thrown out of gear first by his unhappy passion for Mary Chaworth secondly by the way in which women of all ranks flattering his vanity for the gratification of their own importuned him with the offer of their hearts Lady Byron herself did so no less than Lady Caroline Lamb and Jane Clairmont and the Venetian light o loves though no doubt with more delicacy and a better show of maidenly reserve Fully persuaded in her own mind that he had pined for her for two years she delicately hinted to him that he need pine no longer He took the hint and married her with the catastrophic consequences which we know Then other women a long series of other women did what they could to break his fall and console him He dallied with them for years without ever engaging his heart very deeply until at last he realised that this sort of dalliance was a very futile and enervating occupation tore himself away from his last entanglement and crossed the sea to strike a blow for freedom That is Byron's life in a nutshell His biographer it is clear has no way of escape from his love affairs while the critic is under an obligation almost equally compelling to take note of them It is not merely that he was continually writing about them and that the meaning of his enigmatic sentences can in many cases only be unravelled by the help of the clue which a knowledge of his love affairs provides The striking change which we see the tone of his work undergoing as he grows older is the reflection of the history of his heart Many of his later poems might have been written in mockery of the earlier ones He had his illusions in his youth In his middle age if he can be said to have reached middle age he had none but wrote to the distress of the Countess Guiccioli as a man who delighted to tear aside with a rude hand the striped veil of sentiment and hypocrisy which hid the ugly nakedness of truth The secret of that transformation is written in the record of his love affairs and can be read nowhere else His life lacks all unity and all consistency unless the first place in it is given to that record
