It was 46 years before his record of five World Championships was beaten but even now he is still remembered for an exceptional Formula 1 career which contained some of the greatest displays of skill and daring ever seen. Few though know of his almost super human exploits in epic South American road races that made competition at the pinnacle of motor sport seem like child's play. Gerald Donaldson chronicles not only those arduous early competitions but also his long journey from humble origins in remote Argentina to the lofty heights of international celebrity. *The International Who's Who* Gale Group, 60th 96-97, 1996 This source of biographical information on the foremost men and women in the world today contains 20 000 detailed biographies each of which includes nationality date and place of birth career history and present position honours awards leisure interests current address and telephone number **Dictionary of International Biography**, 2001 A biographical record of contemporary achievement together with a key to the location of the original biographical notes **The Writers Directory**, 2013 *The British National Bibliography* Arthur James Wells, 1998 **The Writers Directory 2008** Michelle Kazensky, 2007-06 Features bibliographical biographical and contact information for living authors worldwide who have at least one English publication.
