**Monarchy and the End of Empire** Philip Murphy, 2013-12-05

This unique and meticulously researched study examines the triangular relationship between the British government the Palace and the modern Commonwealth since 1945 It has two principal areas of focus the monarch's role as sovereign of a series of Commonwealth Realms and quite separately as head of the Commonwealth It traces how in the early part of the twentieth century the British government promoted the Crown as a counterbalance to the centrifugal forces that were drawing the Empire apart Ultimately however with newly independent India's determination to become a republic in the late 1940s Britain had to accept that allegiance to the Crown could no longer be the common factor binding the Commonwealth together It therefore devised the notion of the headship of the Commonwealth as a means of enabling a republican India to continue to give the monarchy a pivotal symbolic role and therefore to remain in the Commonwealth In the years of rapid decolonization which followed 1945 it became clear that this elaborate constitutional infrastructure posed significant problems for British foreign policy The system of Commonwealth Realms was a recipe for confusion and misunderstanding Policy makers in the UK increasingly saw it as a liability in terms of Britain's relations with its former colonies so much so that by the early 1960s they actively sought to persuade African nationalist leaders to adopt republican constitutions on independence The headship of the Commonwealth also became a cause for concern partly because it offered opportunities for the monarch to act without ministerial advice and partly because it tended to tie the British government to what many within the UK had begun to regard as a largely redundant institution Philip Murphy employs a large amount of previously unpublished documentary evidence to argue that the monarchy's relationship with the Commonwealth which was initially promoted by the UK as a means of strengthening Imperial ties increasingly became an source of frustration for British foreign policy makers

*The Monarchy and the Constitution* Vernon Bogdanor, 1995 In the increasingly questioning world of the 1990s the role of the monarchy in a democracy is again coming under scrutiny Its critics argue that the monarchy is a profoundly conservative institution which serves to inhibit social change that it has outlived its usefulness that it symbolizes and reinforces deference and hierarchy and that its radical reform is therefore long overdue Rejecting these arguments Vernon Bogdanor makes a powerful case for the positive role that monarchy plays in modern democratic politics Ranging across law politics and history he argues that far from undermining democracy the monarchy sustains and strengthens democratic institutions that constitutional monarchy is a form of government that ensures not conservatism but legitimacy The first serious examination of the political role of the monarchy to appear in many years this book will make fascinating reading for all those interested in the monarchy and the future of British politics

**Canada's Department of External Affairs, Volume 2** John Hilliker, Donald Barry, 1995-04-04 In 1946 with its own minister for the first time the Department of External Affairs embarked on a period of impressive growth and assumed responsibility for a broader range of foreign policy

issues than ever before Under the expert guidance of Lester Pearson for a decade the department enjoyed popular and parliamentary consensus about international interests The election of the Diefenbaker government in 1957 deprived the department of Pearson's experienced ministerial direction and exposed it to new priorities and new ways of doing things At this time foreign policy consensus began to erode As well there was pressure to respond to the administrative revolution inaugurated by the Royal Commission on Government Organization the Glassco Commission appointed in 1960 After Pearson returned to office as prime minister in 1963 questioning by the public and also by the governing party and the cabinet became more fervent Coming of Age concludes in 1968 as indications of a challenge to the principles underlying Canadian foreign policy emerged from a new generation of ministers a challenge that would produce major changes after Pierre Trudeau became prime minister

*Canada's Department of External Affairs: Coming of age, 1946-1968* John Hilliker, Donald Barry, 1990 The second volume of the official history of the Department of External Affairs Coming of Age covers a period of remarkable expansion and achievement in Canadian external relations

**Routledge Handbook of Francophone Africa** Tony Chafer, Margaret A. Majumdar, 2023-11-02 The Routledge Handbook of Francophone Africa brings together a multidisciplinary team of international experts to reflect on the history politics societies and cultures of French speaking parts of Africa Consisting of approximately 35% of Africa's territory Francophone Africa is a shifting concept with its roots in French and Belgian colonial rule This handbook develops and problematizes the term with thematic sections covering Colonial and post colonial ties between France and sub Saharan Africa Belgium Belgian colonialism and Africa The Maghreb African Francophones in France Francophone African literature and film Francophone and Anglophone Africa Beyond national boundaries and

colonial partners The chapters demonstrate the evolution of Francophone Africa into a multi dimensional construct with both a material and an imagined reality Materially it defines a regional territorial space that coexists with other conceptualisations of African space and borders Conceptually Francophone Africa constitutes a shared linguistic and cultural space within which collective memories are shared not least through their connection to the French imperial imagination Overall the Handbook demonstrates that as global power structures and relations evolve African agency is increasingly assertive in shaping French African relations Bringing this important debate together into a single volume this Handbook will be an essential resource for students and scholars interested in Francophone Africa

*British Security Policy* Stuart

Croft, 2021-01-26 This book first published in 1991 examines Britain's defence and foreign policy of the 1980s and explores a variety of alternative roles for Britain in the radically changed circumstances of the 1990s The authors analyse the full range of major British security issues and developments including the use of force and the role of conventional forces the significance of the Anglo American special relationship relations with Europe the Third World and the Soviet Union and the unique problem of Northern Ireland They particularly address the question of whether international policy in the Thatcher years has marked a decisive break with earlier post war policy or has rather been marked by shifts of emphasis within an essentially stable framework

*The Commonwealth, South Africa and Apartheid* Stuart Mole, 2023-05-31

This book explores the role of the modern Commonwealth in the international campaign against apartheid in South Africa Spanning the period of South Africa's apartheid state from its foundation in 1948 until its ending in April 1994 the author demonstrates that after the 1960 Sharpeville massacre and South Africa's subsequent exclusion from the Commonwealth the organisation was able to become both pathfinder and interlocutor on the road to South Africa's freedom As well as South Africa's ejection from the Commonwealth apartheid's increasing isolation was sustained by the Commonwealth's pioneering work in boycotting apartheid sport as well as campaigning to stop arms sales It also played an important role in internationalising economic and financial sanctions credited by some as the final nail in apartheid's coffin and was able to make an important and distinctive contribution to the transition to democracy At the same time critical debates within the Commonwealth about racial and political equality transformed the association from a docile post imperial organisation led by the UK and in its own interests

to a modern multiracial North South forum for reconciling global difference and overcoming the legacies of colonialism This comprehensive and authoritative account of the Commonwealth's engagement with apartheid South Africa is intended for all those who study and research the modern Commonwealth its structure and influence and for those with a general interest in contemporary post war history Harold Innis and the North William J. Buxton, 2013-06-01 Harold Innis is widely understood as the proponent of the Laurentian school of historiography which mapped Canadian development along an East West axis Harold Innis and the North turns the axis North South by examining Innis's intense and abiding interest in the North and providing new perspectives on this seminal figure in Canadian political economy and communication studies This collection reveals that Innis's advocacy of the North was closely bound up with his vision of northern Canada as the site of a second industrial revolution based on mining hydro electric power pulp and paper and enabled by new forms of transportation Long preoccupied with Canada's coming of age as a balanced and integrated industrial nation state Innis grappled with the same issues about the North in the Canadian nation that we are dealing with today Chapters explore the breadth of Innis's northern activities including his early studies of the fur trade his biography of eighteenth century explorer and cartographer Peter Pond his review essays on the North for the Canadian Historical Review his leadership of the Rockefeller sponsored Arctic Survey and his trip to the Soviet Union Harold Innis and the North crafts a new narrative about the nature and scope of Innis's intellectual project and provides a unique appreciation of his multi faceted professional identity Contributors include Sergei Arkhipov North Ossetian State University and NGO Vladikavkaz Institute of Economics Jeffrey Brison Queens George Colpitts Calgary Matthew Evenden UBC Barry Gough Churchill College Cambridge and Kings College London Paul Heyer Wilfrid Laurier Jim Mochoruk North Dakota Liza Piper Alberta Shirley Roburn Concordia Peter van Wyck Concordia Jeff Webb Memorial *The Twentieth Century* Judith Margaret Brown, 1999 This text looks at the growth of vibrant often new national identities movements and new nation states that reshape the political map of the late 20th century world **Pirouette** J. L. Granatstein, Robert Bothwell, 1991-01-01 **The Internationalization of Communal Strife (Routledge Revivals)** Manus I. Midlarsky, 2014-06-03 First published in 1992 this edited collection argues that conflicts have a growing tendency both to intensify and to lengthen thus increasing the likelihood of external actors being drawn into the on going violence Here leading experts in comparative and international politics examine this tendency of communal conflicts to spill over into the international arena They also look at the conditions under which these processes do not occur and are mediated successfully The authors combine theoretical perspectives with case studies covering examples from the origins of the First World War to state building in Iraq and whether it was a precursor of the Iran Iraq War and the Gulf Crisis They present both a global overview and a focus on the state as the single most important intermediary in the internationalization process A comprehensive and relevant reissue this volume will appeal to students and scholars of International Relations Comparative Politics and Strategic Studies *The West and the Birth of Bangladesh*

Richard Pilkington,2021-08-15 In 1971 authorities in Islamabad perpetrated mass atrocities in East Pakistan in an attempt to thwart a struggle for autonomy by terrorizing the local population into submission The West and the Birth of Bangladesh explores the decision making processes and ethical debates in Washington Ottawa and London during the crucial first few months of the crisis US president Richard Nixon and his national security advisor Henry Kissinger favoured appeasement of Islamabad The Canadian government was unwilling to hazard bilateral ties with Pakistan Under public pressure only the UK showed somewhat greater willingness to coerce Islamabad into ending its oppressive actions Richard Pilkington analyzes the interplay of US Canadian and British responses toward East Pakistan and the available policy options This insightful book reveals how even as human rights movements began to emerge in the West blinkered government actors there remained too preoccupied with protecting national interests to take firm action during the crisis **Multilateral Negotiation and**

Lall,2014-05-17 Multilateral Negotiation and Mediation Instruments and Methods is a collection of papers that covers various areas of concerns in international mediation and negotiation The materials examine the several aspects negotiation and mediation The title first covers negotiations with security councils and then proceeds to tackling regional and inter regional negotiations Next the selection deals with the small state factor in dispute settlement The text also talks about disarmament negotiations and north south negotiations The last chapter covers international law and negotiation The book will be of great use diplomats government officials and political scientists Readers who have a keen interest on the mechanisms of diplomacy will also benefit from the text *The Year Book Of World Affairs 1984* George W

Keeton,Georg Schwarzenberger,2019-08-22 First published in 1984 The final volume The Council of the London Institute of World Affairs has carefully reconsidered the lessons to be drawn from the Institute s record in its first half century and reshaped its plans of activities for the 1980s As in an earlier cold peace era the Council is united in its resolve not to be taken by surprise by any of the contingencies that on a darkening world scene must be anticipated in medium range planning It is thus only in keeping with comparable action taken in earlier phases of the Institute s existence that the Council has decided to suspend the publication of the Year Book after this Volume
