

The background is a dark, textured surface with a faint grid pattern. A large, glowing yellow arc curves across the middle of the image. Numerous small, glowing yellow and orange particles are scattered throughout, some forming a dotted line that follows the curve of the arc. The overall effect is one of dynamic energy and complexity.

Federal Register ,2014 Integrated Branding Joe LePla,Lynn Parker,1999-10-30 To get the full benefit of branding
 companies must actually live the brands they sell This approach is called integrated branding and it s not just a
 communications strategy Companies must demonstrate to themselves and their customers that its brands are what the
 company is The Brand and the company are inseparable and that realization must pervade the entire organization from new
 product development to human resource management Integrated branding is a way of operating an overall way of doing
 business and a way to make certain a company s products are based on the right answers to two mutually reinforcing
 questions What do customers value and what does the company do best in relation to what the customers want The tools to
 accomplish these goals are called drivers LePla and Parker show clearly and comprehensively how drivers work and how to
 apply them Not just for marketing directors strategy planners and executive policy makers will also find this to be an
 essential resource in their quest to increase market leadership and to enhance the bottom line Through their integrated
 brand model LePla and Parker discuss both organization drivers and brand drivers They see the process as a research driven
 one that gets everyone in the organization contributing to the effectiveness of its brands With brand tools accepted
 throughout the company people can determine more easily and accurately whether their decisions and actions will actually
 further the brand The authors show how different companies apply their model in different ways LePla and Parker also
 include discussions of how to determine brand structure how an integrated brand applies to marketing communications and
 how integrated brands can help companies when they go public *WWW.type. Tecniche tipografiche efficaci per il World
