Sounding 2 DISPOSSESSION AT MELBOURNE Sounding 2 unfolds gently with a wistful early Melbourne memoir involving Batman's lost lawyer Gellibrand in 1836 but then we confront the frontier kill or be killed point of necessity The violent life times and fate of mass murderer Fred Taylor who was first employed as overseer for banker Swanston's Bellarine peninsula land grab sets the local dispossession tone Taylor's repeated atrocities today exposes a credibility gap in Oz between civilized progress and slaughter that now looms over all else in Victoria's birth as an independent state in 1851 The winter of 1837 saw the first violent death of a white squatter and his servant by savage natives north west of Williamstown at Mt Cottrell Town leaders such as Fawcner and police chief Henry Batman formed a posse that also included clan heads from both the Melbourne and Geelong tribal areas Buckley refused to take part in the vigilante party and its punitive actions belied the humanitarian standards expressed in Batman's treaty deed This revenge slaughter and destruction of villages by the white invaders forced the Sydney government to investigate and so began administering law and order at Port Phillip By 1838 Sydney trumped Batman's land grab and the penal government of NSW on the one hand executing eight whites for killing what the newspapers called savages while on the other hand providing sufficient speedy cavalry to tackle black resistance in Victoria at places such as west of Colac and near Benalla after the Faithfull massacre The arrival in 1839 of first governor La Trobe and the Aboriginal Protectorate plan then unfolds the development of town civic structures while tribal life disintegrates Government and private measures to tame the naked Melbourne natives culminated with the dawn Merri Creek round up in October 1840 of hundreds of Kulin by Major Lettsom's redcoats and townsmen This appears as the death blow to tribal life and with the first shiploads of migrating British colonists arriving in 1841 near genocide for the Kulin Mara Kurnai and Murray River first peoples

teaching of science through a closely referenced theoretical rationale There are a range of open ended tasks that illustrate the rich learning opportunities that can be planned for when expert subject knowledge combines with a pedagogy for enquiry This is an essential read for all teachers inspired to tailor the curriculum to the needs and interests of their children Alison Peacock Headteacher of The Wroxham School and Transformative Learning Alliance Network Leader for the Cambridge Primary Review I enjoyed this book sharing insights into cross curricular approaches to primary science The authors have successfully demonstrated how they have put theory into practice There are many useful activities clearly outlined for use in the classroom based on the authors own experiences The reader will gain sound knowledge and understanding of how and why cross curricular approaches can enhance primary science through worked examples My particular favourite was the History of Bread I will certainly recommend this book to my students Kathy Schofield Senior Lecturer for Primary Science Manchester Metropolitan University UK These ideas have given me the confidence that cross curricular approaches can enrich scientific provision rather than dilute it Primary School Teacher Congressional Record United States.
