[What's the Buzz? For Early Learners](#) Mark Le Messurier, Madhavi Nawana Parker, 2015-01-09 For many, social thinking is hard-wired at birth and strengthens quite naturally through progressive experiences and encounters with others. However, for a variety of reasons, some children find it harder to think socially, develop social skills, and use their social tools suitably when it really counts. What's the Buzz is the original social skills programme and became an instant best-seller, used by practitioners around the globe with children and young people, helping them to successfully transfer these skills into their everyday lives. What's the Buzz For Early Learners is a simple, structured programme to teach students in early learning and early primary school settings. Within the 4 to 7-year age range, it is designed to bring children together, including those who may be on the autistic spectrum. It explicitly demonstrates methods of how children can get along with one another and nurture friendship groups. Uses a developmental model to ensure its relevance throughout. By drawing on the modelling of targeted social skills, role-play, explicit guidance, feedback, and games, this resource is imaginative, very practical, and is enhanced with visual materials and worksheets to accompany each lesson. <http://www.whatsthebuzz.net.au> Also available from Routledge.
