**The Living Church**, 1948 *The Message in the Music*, 2010-12-01 The definitive guide to the meaning of today's most popular praise and worship songs Few things influence Christians' understanding of the faith more than the songs they sing in worship The explosion of praise and worship music in the last fifteen years has profoundly affected our experience of God So what are those songs telling us about who God is In what ways have they made us more faithful disciples of Jesus Christ In what ways have they failed to embody the full message of the gospel Working with the lists of the most frequently sung praise and worship songs from recent years the authors of this book offer an objective but supportive assessment of the meaning and contribution of the Christian music that has been so important in the lives of contemporary believers

Reverberating Word Michael Denham, 2018-06-12 Like sounds of beautiful music worship can renew us for God's glory and our good by the invigorating power of God's reverberating Word It is God's story that redeems all our stories We want to tell it again and again as best we can clearly conveying its message meaning richness claim and call Through its every facet and component worship that is biblically expositional can heighten how we proclaim God's story faithfully and creatively pointing to the One who alone offers us true identity security and destiny If you seek me you will find me if you search with all your heart declares the Lord With the ancient prophets and apostles we must repeat and repeat and repeat the most wonderful truth that God wants to be found In Christian worship such tremendous and tender encounter is available to us as nowhere else

**Becoming What We Sing** David Lemley, 2021-01-07 Contemporary worship music is ubiquitous in many Protestant Christian communities today Rather than debating or decrying this post worship wars reality David Lemley accepts it as a premise and examines what it means for us to be singing along with songs that aren't so different from the pop genre How do we cope with the consumerism embedded in the mentality that catchy is good How do we stay committed to subverting cultural norms as Christians are called to do when our music is modeled after those cultural norms How do we ensure that the way we participate in the liturgy of contemporary worship music rehearses a cruciform identity *Becoming What We Sing* draws on cultural criticism ethnomusicology and liturgical and sacramental theology to process the deluge of the contemporary in today's worship music Lemley probes the thought of historical figures such as Augustine Hildegard of Bingen Martin Luther and the Wesleys while also staying situated in the current moment by engaging with cultural philosophers such as James K A Smith and popular artists such as U2 The result is a thorough assessment of contemporary worship music's cultural economy that will guide readers toward greater consciousness of who we are becoming as we sing our way into selves societies and cosmic perspectives
