Stop And Think Empowering Students To Manage Behavior:

Stop and Think Rob Kerr,1995 Provides complete guidance for setting up a schoolwide program including all necessary lessons planning sheets and evaluation forms Teaches students to stop and think sensitively about the situation and then choose a healthy reaction **Self-Discipline** Rob Kerr,1999 Grade level 8 9 10 11 12 s t Implementing Effective School-wide Student Discipline and Behavior Management Systems: Dr. Howie Knoff,2009-02-02 Today's school wide Positive Behavioral Support approaches are more specific integrated effective and comprehensive than ever before This Electronic Book E Book describes the components and specific elements of Project ACHIEVE's evidence based Positive Behavioral Self Management System PBSS that addresses the prevention intervention and intensive needs of challenging students and is fully consistent with NCLB and IDEA Project ACHIEVE is a national award winning school improvement program that has been designated as an evidence based through two federal agencies for example the Department of Health teaching teachers the instructional self management skills that they need to run positive effective classrooms that consistently hold students accountable for their behavior and that result in student learning and behavioral growth and teaching school staff organizational self management skills so that they develop the systemic approaches needed for identifying resources and building capacity to independently sustain successful building wide services for the prevention strategic intervention and intensive support needs of all students The six critical components that make up the PBSS then are presented in detail a the Stop b the development of grade level and building wide accountability systems c how to increase staff and student consistency d the analysis of special situations behavioral situations that occur in the common areas of a school and or that involve peer mediated teasing taunting bullying harassment and physical aggression e crisis prevention intervention and response and f the importance of home and community outreach Finally the E Book focuses specifically on Special Situations and Special Situation Analyses There are two types of Special Situations Setting specific and Student or Peer specific The Setting specific Special Situations involve the common or public areas of a school the hallways bathrooms cafeteria playground media center library buses and other school gathering places The Student or Peer specific Special Situations involve the continuum from teasing to taunting to bullying to harassment to physical aggression or fighting Clearly these setting and student situations are critical to a PBSS as they can positively contribute to a school's positive climate or they can negatively interfere with the classroom climate making it more difficult for students to be completely engaged and focused on academic achievement In order to develop strategic interventions for these negative special situations this E Book describes how to conduct a Special Situations Analysis a systematic data based problem solving process that links Problem Identification to Functional Assessment Problem Analysis to Intervention and to Formative and Summative Evaluations The Functional Assessment Problem Analysis domains

discussed will include a Student Characteristics Issues and Factors b Teacher Staff Characteristics Issues and Factors c Environmental Characteristics Issues and Factors Physical Plant and Logistics d Incentives and Consequences and e Resources For Student specific Special Situations the Peer Group is added to the analysis In the end this E Book describes a functional effective and comprehensive school wide system that maximizes students' academic achievement creates safe school environments and positive school climates increases and sustains effective classroom instruction and parent involvement and collects data to demonstrate student and building outcomes This E Book describes the necessary components of a PBSS and provides an in depth and practical step by step approach to the Special Situation Analysis demonstrating its explicit link with the strategic interventions that help schools to decrease or eliminate these issues thus increasing their positive and productive school climates and classroom settings

The Electronic Republic? Phillip J. VanFossen, Michael J. Berson, 2008 In 1991 Lawrence Grossman wrote that a new political system is taking shape in the United States As we approach the twenty first century America is turning into an electronic republic a democratic system that is vastly increasing the people's day to day influence on decisions of state Grossman's forecast implied a sea change in the way citizens would interact with and participate in their representative government a revamping of the way Americans would do citizenship Harnessing the power of technology to promote the ideal of democracy that first pulsed through our nation over 230 years ago may be a feasible achievement in a technocratic age but whether technology can help achieve a revolution as seismic as the political one that our founding fathers initiated may be a practical impossibility Fusing the power of technology and democratic ideals opens opportunities for greater access to information and offers a medium for people to be heard and express their voice with dissemination to the masses through digital tools such as blogs podcasts and wikis Indeed the emergence of the Internet as a nearly ubiquitous element of American society has brought about new opportunities to enhance citizen engagement in democratic politics and to increase the level of civic engagement among American citizens Despite such rhetoric however research has indicated that Grossman's electronic republic has for the most part failed to come to fruition
