Stages of Struggle John Louis DiGaetani, 2015-01-27 One way or another all playwrights use their work to explore the issues that interest them The characters in a play may trumpet their creator's political views from the stage or an unusual structure or set design may result from the playwright's interest in theatrical form It is also common particularly in the plays of the 20th and 21st century to see a playwright delving into psychological issues raised by his own mental struggles or those of people he loves Luigi Pirandello tormented by the schizophrenia of his wife and other family members repeatedly explored the problems caused by different visions of reality Noel Coward's self-obsessed characters reflect his own narcissism Alcoholism is a recurrent theme in the works of many playwrights including Eugene O'Neill Edward Albee and Brian Friel Through their exploration of these issues and more the great writers of the theater have turned suffering into art This book looks at the work of 20 playwrights to see how their examination of the disturbed mind has influenced the modern theater

A Stylistics of Drama Peter K. W. Tan, 1993 This study looks at how stylistic methods apply to drama texts and focuses its attention on Stoppard's *Travesties* which by

its parodic nature compels an investigation of literary parody as an intertextual mode The author first seeks to place stylistics within a historical and procedural framework and considers ideological and procedural impasses that have bedevilled stylistic analyses Detailed analyses of passages from *Travesties* in the light of what has been discussed then follows Tom

Sammells, 1987-12-17 **Tom Stoppard's Stagecraft** Stephen Hu, 1989 Since the widely acclaimed premiere of *Rosencrantz and Guildenstern Are Dead* in 1967 Tom Stoppard has continued to provide an intellectual depth to his works that is uncommon in Broadway or West End theatrical productions As a capable playwright Stoppard effectively manages the full range of the elements of theatre to work as integral points in his rhetorical statements This study presumes that one cannot understand a dramatic composition in isolation from a context of playgoer activity and analyzes the meanings that arise in Stoppard's plays from sets furnishings properties lighting music sound effects vocal delivery mise en scene actions movements gestures costumes and dramatic structure The Routledge Encyclopedia of

Political Science, 1990 Literary Symbiosis David Cowart, 2012-01-01 It is only the unimaginative who ever invents Oscar Wilde once remarked The true artist is known by the use he makes of what he annexes and he annexes everything Conveying a similar awareness James Joyce observes in *Finnegans Wake* that storytelling is in reality stolen telling that art always involves some sort of theft or borrowing Usually literary borrowings are so integrated into the new work as to be disguised however according to David Cowart recent decades have seen an increasing number of texts that attach themselves to their sources in seemingly parasitic but more accurately symbiotic dependence It is this kind of mutuality that Cowart examines in his wide ranging and richly provocative study *Literary Symbiosis* Cowart considers for instance what happens when Tom Stoppard in *Rosencrantz and Guildenstern Are Dead* rewrites *Hamlet* from the point of view of its two most insignificant characters or when Jean Rhys in *Wide Sargasso Sea* imagines the early life of Bertha Rochester the mad woman in the attic in *Jane Eyre* In such works of literary symbiosis Cowart notes intertextuality surrenders its usual veil of near invisibility to become concrete and explicit a phenomenon that Cowart sees as part of the postmodern tendency toward self consciousness and self reflexivity He recognizes that literary symbiosis has some close cousins and so limits his compass

to works that are genuine reinterpretations writings that cast a new light on earlier works through some tangible measure of formal or thematic evolution whether on the part of the guest alone or the host and guest together Proceeding from this intriguing premise he offers detailed readings of texts that range from Auden's *The Sea* and *the Mirror* based on *The Tempest* to Valerie Martin's reworking of *The Strange Case of Dr Jekyll and Mr Hyde* as *Mary Reilly* to various fictions based on *Robinson Crusoe* He also considers in Nabokov's *Pale Fire* a compelling example of text and parasite text within a single work Drawing on and responding to the ideas of disparate thinkers and critics among them Freud Harold Bloom Jacques Lacan Jacques Derrida Hillis Miller and Henry Louis Gates Jr Cowart discusses literary symbiosis as Oedipal drama as reading and misreading as deconstruction as Signifying and as epistemic dialogue Although his main examples come from the contemporary period he refers to works dating as far back as the classical era works representing a range of genres drama fiction poetry opera and film The study of literary symbiosis Cowart contends can reveal much about the dynamics of literary renewal in every age If all literature redeems the familiar he suggests literary symbiosis redeems the familiar in literature itself
