Stopping Rape A Challenge For Men:

Stopping Rape Sylvia Walby, Philippa Olive, Jude Towers, Brian Francis, Sofia Strid, Andrea Krizsán, Emanuela Lombardo, Corinne May-Chahal, Suzanne Franzway, David Sugarman, Bina Agarwal, Jo Armstrong, 2015-07-22 Available Open Access under CC BY NC licence The need to stop rape is pressing and since it is the outcome of a wide range of practices and institutions in society so too must the policies be to stop it This important book offers a comprehensive guide to the international policies developed to stop rape together with case study examples on how they work The book engages with the law and criminal justice system health services specialised services for victim survivors educational and cultural interventions as well as how they can best be coordinated It is informed by theory and evidence drawn from scholarship and practice from around the world The book will be of interest to a global readership of students practitioners and policy makers as well as anyone who wants to know how rape can be stopped

Stopping Rape Rus Ervin Funk, 1993

Recovery Helen Benedict, 1994 How will patterns of human interaction with the earth's eco system impact on biodiversity loss over the long term not in the next ten or even fifty years but on the vast temporal scale be dealt with by earth scientists This volume brings together data from population biology community ecology comparative biology and paleontology to answer this question

Handbook of Studies on Men and Masculinities Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men's and boys identities conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men's studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars researchers and students with the most current incisive scholarship available for the men's studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men boys and gender as well as an excellent addition to

any academic library *Male on Male Rape* Michael Scarce, 2008-01-07 A groundbreaking examination of a vastly unrecognized though widely prevalent form of violence *Male on Male Rape* shatters the silence and offers concrete strategies for prevention and recovery *Men & Masculinities* Michael S. Kimmel, Amy B. Aronson, 2003-12-11 The first encyclopedia to analyze summarize and explain the complexities of men's lives and the idea of modern manhood The process of making masculinity visible has been going on for over two decades and has produced a prodigious and interesting body of work But until now the subject has had no authoritative reference source *Men Masculinities* a pioneering two volume work corrects the oversight by summarizing the latest historical biological cross cultural psychological and sociological research on the subject It also looks at literature art and music from a gender perspective The contributors are experts in their specialties and their work is directed organized and coedited by one of the premier scholars in the field Michael Kimmel The coverage brings together for the first time considerable knowledge of men and manhood focusing on such areas as sexual violence intimacy pornography homophobia sports profeminist men rituals sexism and many other important subjects Clearly this unique reference is a valuable guide to students teachers writers policymakers journalists and others who seek a fuller understanding of gender in the United States **When Violence Begins at Home** K. J. Wilson, 2006 Since its initial publication this far reaching reference has provided professionals and victims of abuse with guidance on everything from indicators of an abusive relationship to domestic violence legislation from antiburnout tips for helpers to advice on leaving an abusive partner This updated edition addresses new research and programs adding information on date rape drugs stalking cyber stalking pregnancy and domestic violence and the effectiveness of batterer intervention programs Current controversial social and legal issues such as mutual battering child welfare and failure to protect policies child custody and visitation rights for batterers mandatory arrests and welfare reform are also covered Two new chapters devote attention to domestic violence in the military and to the challenging and rewarding role of those who work with battered women and their children New resources have been included to reflect the ever evolving wealth of books web sites and agencies available to both helpers and those in need *Gay Male Pornography* Christopher N. Kendall, 2004 The 2000 case of *Little Sisters Book and Art Emporium v Customs Canada* provided Canada's highest court with its first opportunity to consider whether the analysis set out in *R v Butler* in which the Supreme Court identified pornography as an issue of sex discrimination applies to pornography intended for a lesbian or gay male audience The Court held that it did finding that like heterosexual pornography same sex pornography also violates the sex equality interests of all Canadians Christopher Kendall supports this finding arguing that gay male pornography reinforces those social attitudes that create systemic inequality on the basis of sex and sexual orientation misogyny and homophobia alike by sexually conditioning gay men to those attitudes and practices The author contends that as a result of litigation efforts like those brought by lesbian and gay activists in the *Little Sisters* case the notion of empowerment and the rejection of those values that daily result in all that is anti gay have been replaced

with a misguided community ethic and identity politic that encourages inequality This is best exemplified in the gay male pornography defended in Little Sisters as liberation and central to sexual freedom Gay Male Pornography rejects the equality claims of gay male pro pornography advocates and argues that there is little to be gained from sexualized conformity To date no one has taken the position that gay male pornography violates the legal right to sex equality This book does that and as such it will be of value to scholars of law sociology and gender studies as well as to all who have an interest in equality and justice

Male Peer Support and Violence Against Women Walter S. DeKeseredy, Martin D. Schwartz, 2013-11-05 An important and timely reassessment of a crucial theory in male violence against women

Men and Feminism Shira Tarrant, 2009-05-12 There is no denying that men's involvement and interest in feminism is key to its continuing relevance and importance Addressing the question of why men should care about feminism in the first place *Men and Feminism* lays the foundation for a larger discussion about feminism as a human issue not simply a women's issue Men are crucial to the movement as fathers brothers husbands boyfriends and friends From why to how to what can men do *Men and Feminism* answers all the questions men have about how and why they should get behind feminism

Perpetrators of Intimate Partner Sexual Violence Louise McOrmond-Plummer, Jennifer Y. Levy-Peck, Patricia Easteal, 2016-12-08 Research shows that intimate partner sexual violence IPSV is the most common form of sexual assault Professional focus is often on the victim but more information is needed about the perpetrators in order to have a fuller understanding of this crime The very nature of IPSV sexual assault within a relationship means that professionals who work with victims must understand the dynamics of perpetrators as well This new book will distill the knowledge that exists about perpetrators of IPSV It includes chapters by authors who have worked directly with IPSV perpetrators and covers important subjects such as addressing IPSV in batterer groups police management strategies the danger of IPSV to children the different types of violence perpetrators use and prevention approaches for young people There is also still a widely held view that rapists are strangers in alleyways This book is intended to educate professionals about who is a perpetrator as well as to highlight the very real danger these perpetrators represent including a heightened risk of lethality The contributors look at the social context of IPSV and the implications for prevention and provide hands on knowledge to practitioners in a number of fields The book may also be used within the academic context in fields such as social work sociology counseling psychology medicine nursing criminal justice and law

Sexual Assault in Context Christopher Kilmartin, Alan D. Berkowitz, 2014-04-08 Most North American colleges have programs that help students understand the harm done to victims of sexual violence and if prosecuted the potential consequences of their perpetrators However only a few programs also address those aspects of masculine culture that surround sexual assault *Sexual Assault in Context* addresses the undesirable aspects of masculine culture that sustains the violation of women and girls It examines several typically overlooked patterns of behavior that provide the basis for sexual assault and provides an overview of masculine psychological development as a context for sexual assault The book also

includes prevention strategies information on funding and consultation issues and additional resources for investigating further into male gender awareness and sexual assault The text s hands on practical approach helps counseling professionals negotiate educational organizational and logistical issues in helping college men understand the gendered context of sexual assault and harassment This resource is intended to help reduce the incidence of sexual assault on college campuses as well as help men gain a greater understanding of cultural gender pressures relationship skills their impact on others and the considerable influence male peer cultures have on how women are treated Sexual Assault in Context provides an easy to read synopsis of male gender and sexual assault education strategies It is intended as a resource for college counseling and or violence prevention programs and for those interested in understanding the psychological and social effects of the current culture of masculinity

The Psychology of Sexual Victimization Michele A. Paludi,1999-09-30 A scholarly handbook focusing on variables that assist in confronting and preventing the forms of sexual victimization which include rape child abductions battering sexual harassment and incest Resources include parent and teacher training public education and awareness and psychotherapeutic techniques for families and friends of victims as well as the victims themselves All contributors to this handbook have been active in research advocacy and legislation in sexual victimization of children adolescents and adults It will be of special interest to individuals who work in the area of sexual victimization psychologists and psychiatrists social workers attorneys policymakers agency and shelter volunteers and professionals clergy and faculty and students in psychology women s studies law medicine

RAPE CULTURE 101: Programming Change Geraldine Cannon Becker,Angel Dionne,2020-07-25 Many people have been victims of rape but we are all victims of what has been called a rape culture This topic deserves more attention towards education and prevention and not just on the college campus Rape culture is an idea that links rape and sexual violence to the culture of a society and in which commonly held beliefs attitudes and practices normalize excuse tolerate and even condone rape This edited collection examines rape culture in the context of the current programming attitudes education and awareness Contributors explore changing the programming in terms of educational processes practices and experiences associated with rape culture across diverse cultural historical and geographic locations The complexity of rape culture is discussed from a variety of contexts and perspectives as this volume contains interdisciplinary academic submissions from educators and students as well as experiential accounts from members of various community settings who are doing work aimed at making a positive difference towards programming change

Critical Issues on Violence Against Women Holly Johnson,Bonnie Fisher,Veronique Jaquier,2014-12-05 Violence against women is a global problem and despite a wealth of knowledge and inspiring action around the globe it continues unabated Bringing together the very best in international scholarship with a rich variety of pedagogical features this innovative new textbook on violence against women is specifically designed to provoke debate interrogate assumptions and encourage critical thinking about this global issue This book presents a range of critical reflections on the strengths and limitations of

responses to violent crimes against women and how they have evolved to date Each section is introduced with an overview of a particular topic by an expert in the field followed by thoughtful reflections by researchers practitioners or advocates that incorporate new research findings a new initiative or innovative ideas for reform Themes covered include advances in measurement of violence against women justice system responses to intimate partner violence and sexual assault victim crisis and advocacy behaviour change programs for abusers and prevention of violence against women Each section is supplemented with learning objectives critical thinking questions and lists of further reading and resources to encourage discussion and to help students to appreciate the contested nature of policy The innovative structure will bring debate alive in the classroom or seminar and makes the book perfect reading for courses on violence against women gender and crime victimology and crime prevention

When Violence Begins at Home K. J. Wilson, Ed.D,2013-03-15 Since its initial publication this far reaching reference has provided professionals and victims of abuse with guidance on everything from indicators of an abusive relationship to domestic violence legislation from antiburnout tips for helpers to advice on leaving an abusive partner This updated edition addresses new research and programs adding information on date rape drugs stalking cyber stalking pregnancy and domestic violence and the effectiveness of batterer intervention programs Current controversial social and legal issues such as mutual battering child welfare and failure to protect policies child custody and visitation rights for batterers mandatory arrests and welfare reform are also covered Two new chapters devote attention to domestic violence in the military and to the challenging and rewarding role of those who work with battered women and their children New resources have been included to reflect the ever evolving wealth of books web sites and agencies available to both helpers and those in need

Encyclopedia of Interpersonal Violence Claire M. Renzetti,Jeffrey L. Edleson,2008-06-19 This Encyclopedia is the definitive resource for students researchers and practioners needing further informationon various aspects of interpersonal violence including different forms of interpersonal violence incidence and prevalence theoretical explanations public policies and prevention and intervention strategies

Gendered Futures in Higher Education Becky Ropers-Huilman,2012-02-01 This volume addresses the ways in which gender takes shape in and is shaped by higher education environments Focusing on historical knowledge and contemporary experience the contributors identify several key gender issues affecting students faculty and leaders in higher education They examine such diverse topics as what lessons women s colleges have to offer violence on campus women faculty and part time employment and intersecting identities of race and gender and they apply critical perspectives to suggest needed change While they may not agree on the necessary strategies to improve higher education environments they do agree that those environments are currently deeply and problematically gendered

Feminism and Men Steven Schacht,Doris Ewing,1998-10 Too often feminism has been defined as a woman only arena or in competitive terms of male versus female privilege rather than a cooperative effort to improve the quality of life for everyone Contributors to FEMINISM AND MEN argue that the feminist movement should no longer

view with suspicion those men who have proved themselves sympathetic to issues of gender equity **Forging the Male Spirit** W. Merle Longwood, William C. Schipper, Philip Culbertson, Gar Kellom, 2011-12-08 Young men undergo significant changes during their years in college They wrestle with big questions which are essentially spiritual questions as they ponder who they are what they believe what kind of persons they want to become and how they might shape the world into something they can feel comfortable being themselves in Those who participate in men s groups realize that their involvement can nurture their inner lives as they explore these questions and connect to transcendent values and a vision of a larger whole This book includes historical and sociological perspectives on men and spirituality and an expanded case study of how one campus pioneered in the development of men s spirituality groups which became a model for other campuses It includes quantitative empirical research that explores college men s openness to spirituality and their interest in men s groups The book s most extensive discussion is based on a qualitative analysis of thirty six interviews with male college students focusing on their understanding of the relationship between their masculinity and their spirituality and how spirituality groups provided a venue in which they could begin to engage what it means to be spiritual and what it means to be a man Contributors include W Merle Longwood William Schipper O S B Philip Culbertson and Gar Kellom

The Enthralling Realm of E-book Books: A Detailed Guide Unveiling the Benefits of E-book Books: A World of Ease and Flexibility E-book books, with their inherent mobility and simplicity of availability, have liberated readers from the constraints of physical books.
