each other and have created a world within themselves Parents are too busy with their jobs making money to buy more technology to entertain their children The children are wrapped up in their cell phones continuously texting to their friends oblivious to their family around them Growing up before the age of computers I had the opportunity to experience the old fashion art of storytelling I would like to believe that this art has not been forgotten but has only taken a back seat to progress These stories are an attempt to break away from our modern vices and take time to have family time Many have forgotten this magic art and need a little boost to their imagination These stories can be told to your children in backyard campouts away from cell phones and computers With these stories you may be given a boost to your own imagination so you can tell your own stories to your children Give it a try Thirteen Terrifying Tales to Tell Around the Campfire Jeff Vidmar,2015-08-09 Almost everyone enjoys a good scare now and then especially kids In recent years much of the scary stuff that s out there relies on blood and a bucketful of guts to gross out the reader viewer or listener These stories should be a welcome break from those kinds of scares relying more on imagination and creepiness rather than gore at least that was the intent when I sat down to write these A word of caution some children may not be up to some of the tales contained within if in doubt give these stories a quick skim before reading them aloud around a campfire or at a sleepover Of course feel free to change endings or omit parts you think may be disturbing to the little listeners In that light the last story might be the one to end with if you want them to get to sleep on time as it s a bit silly and has a funny ending at least it was funny when I first heard my uncle tell it to me when I was a little kid and I guess it still kind of is so I guess I haven t grown up that much Other than the final tale which is loosely based on an old story many may have heard in some form and which was passed down the generations from my family these stories are all my original creations gathered from ideas and nightmares I remember being scared of when I was a child and some I must admit still scare me to this day Remember there s no shame in sleeping with a nightlight or in letting the batteries drain on your flashlight when you leave it on all night next to your sleeping bag within easy grasp After all it can t do any harm and no one else has to know **Campfire Stories** Kelly Anne McLellan,2025-06-17 Tell exciting tales around the campfire for kids 6 to 9 Camping with your family can be a blast You can build campfires together You can roast marshmallows And best of all you can tell stories This camping book for kids is filled with amazing tales children will love sharing From a mysterious fog to two heads in a suitcase these stories are sure to excite and delight A terrific range of tales Discover 16 stories divided into four categories spooky funny mysterious and strange Whether kids want to scream with laughter or fear there s something for everyone The perfect length These stories are purposely crafted to be quick and engaging guaranteeing they ll capture every child s attention Plus they make for great reading practice Enhance the experience Kids can easily augment their trip with awesome storytelling tips suggestions for games to play and ideas on how they can help out around the campsite Ensure your kids have a memorable campout with this excellent collection of campfire stories **The Boy Scouts Book of Campfire Stories** Various,2015-10-17 The Boy Scouts Book of
