Buddhist and Christian Responses to the Kowtow Problem in China Eric Reinders, 2015-03-12 The most common Buddhist practice in Asia is bowing yet Buddhist and Christian Responses to the Kowtow Problem is the first study of Buddhist obeisance in China In Confucian ritual everyone is supposed to kowtow or bow to the Chinese emperor But Buddhists claimed exemption from bowing to any layperson even to their own parents or the emperor This tension erupted in an imperial debate in 662 This study first asks how and why Buddhists should bow to the Buddha and to monks and then explores the arguments over their refusing to bow to the emperor These arguments take us into the core ideas of Buddhism and imperial power How can one achieve nirvana by bowing What is a Buddha image Who is it that bows Is there any ritual that can exempt a subject of the emperor What are the limits of the state's power over human bodies Centuries later Christians had a new set of problems with bowing in China to the emperor and to idols Buddhist and Christian Responses to the Kowtow problem compares these cases of refusing to bow discusses modern theories of obeisance and finally moves to examine some contemporary analogies such as refusing to salute the American flag Contributing greatly to the study of the body and power ritual religion and material culture this volume is of interest to scholars and students of religious studies

The Book of Swindles Yingyu Zhang, 2017-09-05 This is an age of deception Con men ply the roadways Bogus alchemists pretend to turn one piece of silver into three Devious nuns entice young women into adultery Sorcerers use charmed talismans for mind control and murder A pair of dubious monks extorts money from a powerful official and then spends it on whoring A rich student tries to bribe the chief examiner only to hand his money to an imposter A eunuch kidnaps boys and consumes their essence in an attempt to regrow his penis These are just a few of the entertaining and surprising tales to be found in this seventeenth century work said to be the earliest Chinese collection of swindle stories The Book of Swindles compiled by an obscure writer from southern China presents a fascinating tableau of criminal ingenuity The flourishing economy of the late Ming period created overnight fortunes for merchants and

gave rise to a host of smooth operators charlatans forgers and imposters seeking to siphon off some of the new wealth The Book of Swindles which was ostensibly written as a manual for self protection in this shifting and unstable world also offers an expert guide to the art of deception Each story comes with commentary by the author Zhang Yingyu who expounds a moral lesson while also speaking as a connoisseur of the swindle This volume which contains annotated translations of just over half of the eighty odd stories in Zhang s original collection provides a wealth of detail on social life during the late Ming and offers words of warning for a world in peril *Appropriation and Representation* Shuhui Yang,2020-08-06 Feng Menglong 1574 1646 was recognized as the most knowledgeable connoisseur of popular literature of his time He is known today for compiling three famous collections of vernacular short stories each containing forty stories collectively known as Sanyan Appropriation and Representation adapts concepts of ventriloquism and dialogism from Bakhtin and Holquist to explore Feng s methods of selecting source materials Shuhui Yang develops a model of development in which Feng s approach to selecting and working with his source materials becomes clear More broadly Appropriation and Representation locates Feng Menglong s Sanyan in the cultural milieu of the late Ming including the archaist movement in literature literati marginality and anxieties the subversive use of folk works and the meiren xiangcao tradition appropriating a female identity to express male frustration Against this background a rationale emerges for Feng s choice to elevate and promote the vernacular story while stepping back from an overt authorial role *The Cambridge History of Chinese Literature: From 1375* Kang-i Sun Chang,Stephen Owen,2010 Stephen Owen is James Bryant Conant Professor of Chinese at Harvard University Book Jacket *The Promise and Premise of Creativity* Eugene Eoyang,2012-07-12 The Promise and Premise of Creativity considers literature in the larger context of globalization and the clash of cultures Refuting the view that the study of literature is useless Eoyang argues that it expands three distinct intellectual skills creative imagination vicarious sympathy and capacious intuition With the advent of the personal computer and the blurring of cultural and economic boundaries it is the ability to imagine to intuit and to invent that will mark the educated student and allow her to survive the rapid pace of change As never before the ability to empathize with other peoples to understand cultures very different from one s own is vital to success in a globalized world In this the very uselessness of literature may inure the mind to think creatively Engaging with both the theory and practice of literature its past and its potential future Eoyang claims that our sense of the world at large of the salient similarities and differences between cultures would be critically diminished without comparative literature *A Bibliographic Guide to the Comparative Study of Ethics* John Braisted Carman,Mark Juergensmeyer,William Darrow,1991-04-26 This bibliography is the culmination of four years work by a team of noted scholars its annotated entries are organised by religious tradition and cover each tradition s central concepts offering a judicious selection of primary and secondary works as well as recommendations of cross cultural topics to be explored Specialists in the history and literature of religions and comparative religion will find this bibliography a valuable research tool *Premodern China* Chun-shu
