John Strachan,2015-07-21 Excerpt from Stories From the Tain Edited With Vocabulary The following selections from the Tain Bo Cuailnge together with the critical notes and vocabulary were originally published by the late Professor Strachan in 1903 in numbers 158 to 167 of *Irisleabhar na Gaedhilge* It was his intention frustrated by his sudden lamented death to re edit them as a textbook for the School of Irish Learning For this purpose Mrs R I Best had prepared a copy in which the vocabularies were arranged in alphabetical order at the end of the extracts This copy was found among Strachan s papers

and handed to me by his widow for publication It contained no corrections or additions though if he had lived to bring out this little book himself Strachan would probably have normalised the spelling still further and revised some of the notes and entries in the vocabulary The whole is now printed without any alterations except in details Mr Best and Dr Bergin have shared with me the task of seeing it through the press About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
