*The Story of the Greeks* H. A. Guerber, 2013-10 The Story of the Greeks The Complete Story Although Greece or Hel las is only half as large as the State of New York it holds a very important place in the history of the world It is situated in the southern part of Europe cut off from the rest of the continent by a chain of high mountains which form a great wall on the north It is surrounded on nearly all sides by the blue waters of the Med it er ra ne an Sea which stretch so far inland that it is said no part of the country is forty miles from the sea or ten miles from the hills Thus shut in by sea and mountains it forms a little territory by itself and it was the home of a noted people The history of Greece goes back to the time when people did not know how to write and kept no record of what was happening around them For a long while the stories told by parents to their children were the only information which could be had about the country and its former inhabitants and these stories slightly changed by every new teller grew more and more extraordinary as time passed At last they were so changed that no one could tell where the truth ended and fancy began The beginning of Greek history is therefore like a fairy tale and while much of it cannot of course be true it is the only information we have about the early Greeks It is these strange fireside stories which used to amuse Greek children so many years ago that you are first going to hear **The Story of the Greeks**

**Greek Myths & Tales** ,2018-12-15 A potent pantheon of gods heroes engaged in epic battles fearsome mythical creatures and supernatural transformations such fantastical elements infuse Greek myths with a wonder and excitement that is hard to beat These tales of love courage conflict and intrigue shared for thousands of years still exercise a powerful influence on our modern lives      **The Story of the Greeks** Helene A. Guerber,2024-07-16 This elementary history of Greece is intended for supplementary reading or as a first history textbook for young pupils It is therefore made up principally of stories about persons for while history proper is largely beyond the comprehension of children they are able at an early age to understand and enjoy anecdotes of people especially of those in the childhood of civilization At the same time these stories will give a clear idea of the most important events that have taken place in the ancient world and it is hoped will arouse a desire to read further They also aim to enforce the lessons of perseverance courage patriotism and virtue that are taught by the noble lives described A knowledge of ancient history however superficial is of very great value and the classic legends are almost equally worth knowing because of the prominent part they play in the world's literature These tales make a deep impression on the minds of children and the history thus learned almost in play will cling to the memory far more tenaciously than any lessons subsequently conned      *The Story of the Greek People* Eva March Tappan,2020-09-28 Apollo was pleased with the boy's courage He threw his arms around Phaethon's neck and said You are my own dear son and to prove it I will give you whatever you ask Now what did the foolish boy ask but permission to drive the fiery chariot for one day Apollo looked very grave Even the other gods cannot do that he said Zeus himself would not attempt it I beg of you to choose some other gift But Phaethon was bent upon this one thing and as Apollo had given his word he had to yield The headstrong boy sprang into the chariot and seized the reins The Dawn threw open the eastern gates all purple and crimson and gold and the horses galloped up the pathway of the sky Any one can guess what happened A tempest would have been just as easy for the boy to manage as those fiery steeds He could not even keep them in the road and they rushed wildly about in one direction and then in another The light weight of the driver was nothing to them and the chariot was tossed about like a ship in a storm Phaethon did not dare to look at the earth it was so far below him He did not dare to look at the sky it was so full of monsters the Great Bear the Little Bear the Serpent and the Scorpion He dropped the reins and the horses dashed onward more furiously than ever The fiery chariot swung near and nearer to the earth The mountains began to

smoke the rivers tried to hide themselves in the sands the ocean shrank to a lake and cities burned to ashes Oh help me Father Zeus cried the Earth Then Zeus hurled his thunder bolt at Phaethon and he fell from the chariot down into the stream Eridanus His sisters stood on the bank and wept for him and by and by they were turned into poplar trees and even to day if you listen to the poplars you can hear them whispering softly and sadly together of the fate of their lost brother Phaethon So it was that one story grew out of another until one almost wonders that the story tellers ever knew where to stop If children asked who made the thick walls of monstrous stones that were old even in those times the answer was The Cyclops and then there were stories upon stories of those amazing one eyed giants But where did we ourselves come from a child would sometimes ask and there was a story about that too Once upon a time the people in the world were very wicked it said and Zeus sent a great flood to destroy them Now Deucalion and his wife Pyrrha were good and so Zeus promised that they should be saved
