The Stories We Are William Randall, 2013-12-31 From time to time we all tend to wonder what sort of story our life might comprise what it means where it is going and whether it hangs together as a whole In *The Stories We Are* William Lowell Randall explores the links between literature and life and speculates on the range of storytelling styles through which people compose their lives In doing so he draws on a variety of fields including psychology psychotherapy theology philosophy feminist theory and literary theory Using categories like plot character point of view and style Randall plays with the possibility that we each make sense of the events of our lives to the extent that we weave them into our own unfolding novel as simultaneously its author narrator main character and reader In the process he offers us a unique perspective on features of our day to day world such as secrecy self deception gossip prejudice intimacy maturity and the proverbial art of living First published in 1995 this second edition of *The Stories We Are* includes a new preface and afterword by the author that offer insight into his argument and evolution as a scholar as well as an illuminating foreword by Ruthellen Josselson *The Story I Tell Myself* Peter Ash, 2018-04-23 You know who you are right Of course you do you re you But what if who you think you are is actually holding you back closing off exciting opportunities that are right in front of you and preventing you from achieving your best potential This book explores the concept of self narrative or the stories that we tell ourselves about who we are and our place in the world In this book I explore how understanding our own self narratives and challenging them can enable you to change how you think about yourself and open up those opportunities that you could be missing Using examples from my own journey I provide a process that you can follow to increase your own self awareness understand what your self narrative says and how it impacts your daily life and gives a template on how to make changes to your narrative We are powerful storytellers telling ourselves our most impactful story of all By understanding and changing your story you can make real positive change in your life Use your own story to learn grow and achieve what you want *Bedtime Stories for the Ill* Nicholas Ong, 2022-08-02 What if I told you that everything within these stories had happened before You would still go to sleep wouldn't you From grotesque metaphors warped philosophies and everything in between grab yourself a cup of tea and settle down in bed with your very own *Bedtime Stories for the Ill* Stories I [-IV] Frank Richard Stockton, 1900
